

MANHOOD.

HOW LOST, HOW RESTORED.

We have recently published a new edition of Dr. Cullen's celebrated Essay on the radical and permanent cure (without assistance) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage, etc., resulting from excess.

Price, in a sealed envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

Address: THE CULLEN MEDICAL CO., 41 Ann St., New York.

Post Office box 4586.

FRIEND OF MANK

HOLLOWAY'S PILLS

This Great Household Medicine

ranked amongst the leading

necessaries of Life.

These famous Pills purify the BLOOD,

and most powerfully, yet soothingly on the

Liver, Stomach, Kidneys,

and BOWELS, giving tone, energy, and vigor

to these great MAIN SPRINGS OF LIFE.

They are confidently recommended as a new

failing remedy in all cases where the constitution

from whatever cause, has become impaired

or weakened. They are wonderfully

efficacious in all ailments incident to the

female system, and as a GENERAL FAMILY

MEDICINE, are unsurpassed.

CONSUMPTION.

Consumption is little understood by the

people, and yet is the most common disease

known to man. Because of this want of

knowledge, and the early prevalence and

fatality of this disease, it appeals more strongly

to the physician for help than any other in

the long catalogue of bodily affections. The

ills of mortality prove that in this climate

fully one fourth of the entire population

above the age of fifteen fall a victim to this

form of disease. The question of prevention

and treatment, therefore, is of the importance

of life itself to one-fourth of the population

generally. Unless they are saved through the

adoption of some improved method of medi-

cation, their doom is sealed, and the only ques-

tion is whether they will be called upon to

render up their lives to the insatiable destroyer

year after year, or in the following years.

The chestnut-barked, and yet not

employed through the stomach is sufficient to

demonstrate that the disease cannot be cured

by the lungs. So long as the disease is in the

lungs, and the same course of treatment is fol-

lowed, which has resulted in disastrous failure

in the past, no benefit will follow the "miracu-

lous" claims of the physicians. The disease will

continue, as it has been equivalent to the

hand of death, and physicians will go on pre-

scribing without knowledge and without hope.

Except in a very limited number of cases,

the disease is not limited to the lungs, but

is established, and consequently no effort is

made to prevent its development at a time

when the best results might be expected to

be obtained. So long as the disease is in the

lungs, cough, purulent expectoration and spit-

ting of blood; when the chestnut-barked, and yet

not employed through the stomach is sufficient to

demonstrate that the disease cannot be cured

by the lungs. So long as the disease is in the

lungs, and the same course of treatment is fol-

lowed, which has resulted in disastrous failure

in the past, no benefit will follow the "miracu-

lous" claims of the physicians. The disease will

continue, as it has been equivalent to the

hand of death, and physicians will go on pre-

scribing without knowledge and without hope.

CAST ON THE WORLD:

The Border Marriage.

A STORY OF THE GREAT GLASGOW

BANK ROBBERY.

"Your hearting to another" repeated

Philip, uttering the words very slowly in

his amazement.

"Yes, sir, I am now free to confess it, and

this is why the course his lordship has

taken has given me such joy. Mary may

now be mine!"

"Mary!" echoed Ravensworth, more and

more amazed. "What Mary?"

"Mary Woodford!"

MANHOOD.

HOW LOST, HOW RESTORED

We have recently published a new edition of Dr. Culverwell's Celebrated Essay on the nature and treatment of the various forms of Nervous Debility, Mental and Physical Incapacity, Impaired Memory, etc., resulting from excessive use of the senses, or from any other cause. It is a valuable work, and one of the best of its kind. It is now in its second edition, and is more complete than ever. It is a work of great value to the suffering, and one that should be in the hands of every young man and woman in the land. Address: THE CULVERWELL MEDICAL CO., 41 Ave. St., New York, Post Office Box 4586.

RELLEVILLE, SATURDAY, JUNE 5.

THE "HUM."

Canadian manufacturers, fostered in a wise and judicious manner by the N. P., are again beginning to assume an importance of which they were deprived under the slaughtering system pursued by our commercial rivals of the United States, which the Government of Mr. Mackenzie justly permitted, if they did not in reality encourage. The case has now happily been altered, and satisfactory reports on the subject continue to be received from all parts of the country. Our exchanges of recent date furnish the following information:

The Winnipeg Times of a late date says:—"The Minnesota arrived yesterday with a cargo of Canadian goods for the Hudson's Bay Company—goods of that class which the Company purchased in the United States before the 'inauguration' of the N. P."

Mr. Bailey, formerly of London, is about to start a brush factory in Toronto.

The St. Catharines wheel works were recently reopened, after having been closed for a year and a half.

A brick building 200 feet long for a horse shoe nail factory, is about to be built in St. John, N. B., by Mr. James Pender, whose business in that line is increasing evidently.

The Cornwall Cotton Company have added fifty per cent to their manufacturing capacity and have also erected a new dye house.

A steam wooden-ware factory is being erected in Moncton, N. B., to be at work in July.

Duffon & Meyers' woollen mills at St. Mary's will hereafter manufacture 2,000 yards of goods weekly instead of 1,000 yards per week, as previously.

Watts & Co. of Brantford are building a large addition to their soap works and are going into the manufacture of toilet soaps.

Shipments of goods manufactured in Ontario to Manitoba are too numerous to particularize. They comprise reapers and binders from London; wagons from the same city; wagons, buggies and other vehicles from Waterloo; wagons from New Hamburg, stones from Berlin for grinding or threshing mills, for the Memphracks, &c. Wagons and other vehicles, reapers and mowers and other implements were formerly procured from the United States.

The Dexter-Whitman manufacturing Co. of St. Thomas are still shipping top-handles to Birmingham, England, and, according to the Times, the shipments of oatmeal from that town the past season exceeded those of any previous year.

Woolen mills in all parts of the country are flourishing, many having more orders than they can fill for several months to come.

The sewing machine manufactory of Mr. Chas. Raymond, Guilford, says the Herald, is running full time. For many years he has not been so flooded with orders. In one week recently orders were received for over one thousand machines, all of which may be set down to the N. P.

The sales of the Dominion Organ Company during last year amounted to \$100,000. In 1879 they were \$35,000.

We close with an extract from the Moncton (N. B.) Times, which is suggestive as showing how one manufacturing concern creates work for another:—"Messrs. Record & Boyer, of the iron foundry, have lately taken on five moulders, new hands, and will probably add another next week. The foundry is doing some work for the boilers for the brass factory, and has turned out a large number of iron points for piles for the Sugar Refinery foundation.—"Wier's" machine shop is also experiencing a 'hum.' Work is being turned out for the brass factory, and other hands will be employed when the car building commences."

A Great Increase.

The returns of revenue from Customs and Inland Revenue duties collected at the principal places in the Dominion during the month of May show an increase over the collections of the same month last year, which will be learned with gratification by all who are interested in the progress of the Dominion. These returns, however, are tabulated herewith, the figures given representing the increase over May, 1879:

	Customs.	Excise.
Montreal	\$281,582	\$413,138
Toronto	41,474	22,421
Halifax	34,070	20,700
St. John	7,309	1,687
Hamilton	25,443	5,045
London	1,057	1,442
St. Catharines	307	1,063
Windsor	3,034	3,981
St. Louis	344	2,715
Paris	1,474	1,474

Thus it will be seen that in every place reported except Belleville there has been an increase in customs collections, whilst in those of the excise department the increase is general. This is undoubtedly significant of an improved state of the country, and even more pleasing is the fact that the value of exports shows an increase of the most satisfactory character. Evidently the ruin prophesied by the Grit press is not going to overpread the country this year.

Conference Services.

We some time since published the list of services in connection with the attitude of the Toronto Conference of the Methodist Church of Canada here, and herewith reproduce the list of appointments for tomorrow and the coming weeks:

SABATH, JUNE 6TH.
Bridge Street—11 a.m., Rev. J. F. German, M. A.; 7 p.m., Rev. George Cochran.

ANNUARY MEETINGS.
Bridge St., 7:30 p.m., Tuesday, 8th—Temperance addresses by Revs. K. C. Craigton, J. B. Armstrong and E. R. Young.

Wednesday, 9th, 7:30 p.m.—Lord's Supper, Rev. K. Jones.

Thursday, 10th, 7:30 p.m.—Educational address by Revs. E. Ryerson, L. D. W. Jeffers, D. D., and Prof. Rogers.

Friday, 11th, 7:30 p.m.—Reception of Candidates, Revs. Dr. Nelson, J. Leary and A. Sutherland, D. D.

Monday 14th, 7:30 p.m.—Missionary, Revs. E. H. Dewart, D. D., J. McDougall and G. Cochran.

Tuesday, 15th, 7:30 p.m.—Sunday School, Revs. W. H. Barron, M. A., H. Whitrow, M. A., and Wm. Smythe.

The usual collections will be made on Sabbath, 13th, and at the Anniversary Meetings.

News Condensed.

—The King of Greece is in London.

—The Chileans are bombarding Calao.

—Midhat Pasha has resigned the Governorship of Syria.

—The Governor General has declined the invitation to visit Boston.

—It is said that the royal party will return to Quebec on Friday next.

—Crops in the vicinity of Kempsville were injured by frost on the night of the 3rd.

—The proposed monument to the Hon. G. Brown in Queen's Park, Toronto, will cost \$25,000.

—The Thousand Islands are to be leased, not sold, if disposed of by the Government to private parties.

—Mr. Myron, Conservative, has been elected to the Quebec Legislature for L'Assomption by 140 majority.

—English capitalists have been examining the Haycock iron mines, near Ottawa, with a view to investment.

—Rev. Dr. Poole, of Detroit, formerly of Toronto, is prostrated with paralysis of the arm and tongue.

—The catch of white fish at East-Lake beach, Prince Edward, has commenced, and turns out very satisfactory.

—Three car loads of laborers from Ottawa and 500 laborers from Quebec left for Thunder Bay on the 4th work on the Pacific Railway.

—Bismarck's resignation or an appeal to the people, are now put forward as the alternatives should the Landtag reject the Church Bill.

—Mr. Gochen presented his credentials to the Sultan as British Consul-General on Thursday and briefly explained the object of his mission.

—On Wednesday a young man named Barrett, aged 18, while engaged in running bathmen's raft down the Depot Creek in the Township of Portland, was drowned.

—The Canadian Cricket Club who are playing in England are composed of 3 natives of the United States, 7 Englishmen and 5 Canadians.

THE NEW WELLAND CANAL.—Speaking of the probable capacity of the new Welland canal, the St. Catharines Journal says:—"There are shipbuilders in this neighborhood who are prepared to enter into contracts for the building of vessels for the new canal, guaranteeing the carrying capacity to be, on twelve feet navigation, 80,000 to 90,000 bushels of grain, and suitable, in every way for navigating our inland waters."

TO BE EXECUTED.—A despatch from Toronto on the 4th says:—"On Wednesday, April 28, Mr. Justice Galt, upon the finding of the jury condemned Robert W. Desourieux to be executed in Toronto jail on the 16th of June, for the murder of his brother Edward. Since that time his relatives have been making the most strenuous efforts to secure a commutation of the sentence, and toward this end numerous petitions, influentially signed, have been transmitted to Ottawa. An answer was not expected before the 10th inst., but to-day Sheriff James has received intimation from the Department of Justice that the law must take its course. Thus the contention of insanity has had no weight."

Orangeism.

ANNUAL MEETING OF THE GRAND LODGE OF ORANGE LODGES OF BRITISH NORTH AMERICA.
The fifty-first annual meeting of the Grand Orange Lodge of British North America commenced on Tuesday afternoon, in the Albert Hall, in this city, and continued until last evening. The attendance was very large, every Province being represented, and the proceedings were very interesting and instructive.

The reports of the Grand Master and Grand Secretary were entirely satisfactory showing an increase of membership in nearly every county under its jurisdiction. Sixteen hundred and sixty-two private lodges were returned in good standing.

During the proceedings it was unanimously agreed that suits entered by the Montreal brethren should be carried to the higher court of the realm if it was deemed advisable.

Right Worshipful Brother W. J. Parkhill, M. P. P., was made the recipient of a very handsome gift, and a dinner on behalf of the brethren of Ontario, and addresses were delivered by Bro. John White, M. P., Rev. Jas. Norris, N. Clarke, Wallace, M. P., Major John Hoyle, F. Clemon, W. O. Little, M. P., Rev. W. M. Patysson, Hon. M. Bowell, M. P., Ald. Lewis, Ottawa; Major J. A. Bennett, David Marshall, S. P. McKee, M. P., William Boyd, L. J. E. F. McKee, M. P., J. L. Winters, New Brunswick; and others, all of whom paid high testimony to Bro. Parkhill's long and faithful connection with the Orange Association.

After the transaction of general business the following brethren were elected officers for 1880-81:—

Most Worshipful Grand Master—Henry Morrick, M. P. P.; Most Worshipful Past Grand Master—Hon. M. Bowell, M. P.; Deputy Grand Master—W. J. Parkhill, M. P. P.; Associate Grand Masters—Major James Bennett, Ontario West; David Marshall, Ontario East; Capt. John Woodward, Quebec; M. W. Wilson, Fredericton; N. B. Stuart, Nova Scotia; J. L. Winters, New Brunswick; and the Grand Masters of British Columbia and Prince Edward Island.

Grand Secretary—Rev. James Norris, Deputy Chaplain—Rev. W. M. Patysson, Rev. Rural Dean Cooper, Rev. Alex. Saxon, Rev. C. A. Doudlet, Rev. Sylvester Smyth, Rev. A. Dawson, Rev. Francis Ryan, Rev. Rural Dean Mulholland, Rev. George Beard, Rev. Canon O'Meara, Rev. Hugh Cooper.

Grand Secretary—Thomas Keyes, St. Catharines. Deputy Grand Secretary—A. J. Van Ingen, Cobourg. Grand Treasurer—William Anderson, I. P. S. Deputy Grand Treasurer—E. F. Clarke, Toronto. Grand Director of Ceremonies—William White, Tweed.

Grand Lecturer—Ell Higgins, St. Catharines. Deputy Grand Lecturer—J. H. Pritchard, Toronto; Capt. John Nibbelk, Manitoba; Joshua Barr, Quebec; Andrew Marshall, St. John, N. B.

Port Hope was selected as the next place of meeting of the Grand Lodge on the 1st Tuesday in June, 1881.

The lodge then adjourned in the usual manner.—Mail.

MORNING DESPATCHES.

EUROPEAN.

ST. PETERSBURG, June 5.—The usual prayers for the Emperor have been commenced and will be continued for three weeks, during which time the body will lie in state in the Winter Palace and in the Cathedral of the fortress, which is the burial place of the sovereigns of Russia. All theatres and concert halls have suspended performances. The fetes of Ascension and Pentecost have cut short the period of mourning. Everything will, therefore, be finished on Wednesday.

CHICAGO, June 5.—At 1:30 a.m. the minority report on the 24th district of Illinois contest was adopted by a vote of 387 to 353 against. At 2:15 a.m. the convention adjourned until 11 a.m.

NEW YORK, June 5.—Lient. Zelin, a marine officer, the receiving ship Franklin, was thrown from a runaway horse yesterday and killed.

NEW YORK, June 5.—While a chemical engine was on its way to a fire last night, the horses ran away on 7th Avenue, dashing the ponderous extinguisher upon the sidewalk into a crowd of children, four of whom were injured, one, Charles Levy, aged 8, fatally.

NEW YORK, June 5.—Chicago special: The Herald says the analysis of the vote upon the Alabama case shows that when the report of the Committee on credentials is finally adopted, it will give the Grant vote 285 votes for the first ballot. Deducting Grant's vote in the second ballot, the result allowing Sherman the highest number, claimed for the first ballot 125. Blaine will advance 30 for the first ballot. The Blaine-Washburne combination is growing and promises to make a race in the Grant camp.

The Times says the Convention will not conclude its labor until 10 a.m. today, and possibly not until the coming week. The friends of Grant by delay have everything to lose and nothing to win. It is their friends and not those of the opposition who might be weakened by delay, for it is notorious that many advocates of the President are poor, who have already exhausted who money they had to spend here. On the other hand, the gentlemen who support the opposition are in every case well equipped with funds. It can be stated on the best informed authority that Conkling is most anxious to reach the ballot upon candidates as soon as possible, because he is now even more than ever before convinced that the foremost criterion of the United States will be the most chief Magistrate of the nation. He bases his opinion on his friends believe, upon most accurate information, and upon assurance of a most positive character.

NEW YORK, June 5.—Arrived, the General Warden, from Bremen.

THE FORTUNE BAY AFFAIR.—The United States House Committee on Foreign Affairs has adopted a resolution authorizing the institution of a suit on the part of the United States against the British Government, for the revocation of the concession of the completion of satisfactory arrangements with Great Britain and Canada, in relation to the claims of U. S. fishermen on account of losses at Fortune Bay. The majority of the committee are of opinion that the United States will be well advised to insist that the British Government should not be allowed to evade the responsibility of the loss of the lives of the fishermen. It is evident that this question is to be decided by the International Tribunal, in which an amicable settlement will not be likely to arrive at.

Trenton Items.

(From Our Own Correspondent.)
The excursion to Wallington and the Sand Banks for the benefit of the Presbyterian Church in Connetquot last Friday was quite a success, though the steamer *Ulton* was not quite ready, which caused a detention of three or four hours at Wallington. It was the first trip of the steamer, and passing through West Lake with a large load establishes the route practicable. The excursionists were well pleased with the trip, thanks to Capt. Porto of the *Ulton*, and Mr. Haney, Manager of the P. E. Railway. No doubt the route by railway and steamer will become quite popular during the summer.

Last Tuesday night some miscreant entered the driving shed of Emory Cooley, on the York road, cut his best double harness and the top of his carriage. Mr. Cooley unfortunately happened to be away from home at the time. There is a suspicion who is the party that committed the depredation.

This week the first drive of logs on the Trent came down to the corporation boom, Messrs. Gilmour & Co., finding it difficult to secure a boarding house in Belleville for their men on the Moira drive of saw logs, have built a floating boarding house.

Last Thursday evening a serious accident happened to the wife of J. H. Young, Esq., merchant of the place, by being thrown out of her carriage, breaking her shoulder blade and otherwise seriously injuring her.

Marine Notes.

The schr. *Tranchemontagne* has arrived from Oswego and is loading lumber at the Eagle Mill.

The schr. *J. N. Carter* passed up this morning to load with ice at the Red Mill.

The schr. *McLellan* arrived yesterday afternoon and is taking on lumber at Sutherland's dock.

The schr. *A. G. Ryan* passed up this morning.

The schr. *Mary Taylor* arrived this morning and is loading bolts at the Grand Junction Railway dock.

The schr. *Flora Carver* went to the Eagle Mill this morning and is taking on a cargo of lumber.

The schr. *Sea Bird* has arrived from Oswego with coal.

Captain John Donnelly, with str. *Chief Jack*, having been ashore at Gull Island all winter. The schr. is now lying at Garden Island nearly full of water.

The schr. *City of Belleville* has been sold to parties in Prescott for \$7,000.—*W. H. May 10th.*

On Saturday last the steamer *Silver Spray* was launched. She will run between Milford and Kingston. The machinery was inspected yesterday at Belleville by Capt. Taylor.—*Id.*

MANHOOD.

HOW LOST, HOW RESTORED.

We have recently published a new edition of Dr. C. W. F. Allen's celebrated Essay on the various and permanent causes of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage, etc., resulting from excessive indulgence in the pleasures of the senses. The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practice, that alarming consequences may be easily cured without the dangerous use of medicine or surgery, by the application of the simple, powerful, and effective means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

For Sale in Madoc.

THAT valuable Building Lot forming part of No. 1, situated on the south-west corner of Durham and St. Lawrence Streets, in the incorporated village of Madoc. Frontage on Durham Street, 75 ft. 4 inches, and on St. Lawrence Street (corner) of a lot 19 ft. 11 inches, 218 feet 7 inches to Dear Creek.

This lot is situated in the centre of the business portion of the flourishing Village of Madoc, and peculiarly adapted from its unrivalled position for a first class block of building.

For terms, etc., apply to the owner, Miss JANE WRIGHT, Madoc, 24th March, 1880.

WELLAND CANAL.

NOTICE TO BRIDGE-BUILDERS.

SEALED TENDERS addressed to the undersigned (Secretary of Railways and Canals) and endorsed "Tender for Bridges Welland Canal," will be received at the office of the Secretary of Railways and Canals, at the Corporation Building, at the City Hall, on TUESDAY THE 15th DAY OF JUNE next, for the construction of swing and stationary bridges at various places on the line of the Welland Canal. Those of highway bridges for railway purposes are to be of iron. Plans, specifications and general conditions can be seen at this office on and after MONDAY THE 8th DAY OF MAY next, where Forms of Tender can also be obtained.

Particulars are expected to have a practical knowledge of works of this class, and are requested to bear in mind that tenders will not be received unless made strictly in accordance with the printed forms, and—on the cases of iron—except those are attached the actual construction, the nature of the occupation and residence of each member of the same; and further an accepted bank cheque for a sum equal to \$250 for each bridge, for which an offer is made, must accompany each tender, which sum shall be forfeited if the party tendering declines entering into contract for the work at the rate and on the terms stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

For the full fulfilment of the contract the party or parties whose tender is accepted will be notified that their tender is accepted, subject to a deposit of five per cent. of the bulk sum of the contract, which the sum sent in with the tender will be considered a part to be deposited to the credit of the Receiver General within eight days after the date of the notice.

Ninety per cent. only of the progress estimate will be paid until the completion of the work.

This Department does not, however, bind itself to accept the lowest or any tender.

By Order, F. BRAUN, Secretary.

WEDNESDAY, JUNE 9,
 The Republican Nomination.

Much more than the usual interest has been felt in the Republican party of the United States, and the proceedings of the National Convention, which assembled in Chicago last week, have been watched with a great deal of interest by the people of the Dominion. The state of facts was undoubtedly due to the great influence of the two candidates, namely General U. S. Grant and James G. Blaine, General from Maine. The former had, by his great military services to his country, secured the Presidential nomination in 1868, when he was defeated by a narrow majority. In 1870 he was elected to be a candidate, and retired from the time being to private life, a large portion of the interval which has elapsed since that time having been by him devoted to a tour of the world, during which he received the highest honors ever paid to an American citizen; and by the combined dignity and urbanity of his manners, as well as by developing an amount of ability much greater than he had been supposed to possess, he created an impression both abroad and at home which reflected the greatest credit upon himself as well as upon the country which had twice elected him to its ruler. Taken for all in all, General Grant has undoubtedly been the foremost figure in United States politics ever since his first election to the Presidency. Mr. Blaine, whose services to his party in political sense have probably been equalled by none of the other members, unless it might be Roscoe Conkling, of New York, was a candidate for the Presidency in 1876 and had by far the largest number of supporters of any of the aspirants in the Republican Convention. However, a combination of his opponents gave the nomination to Rutherford B. Hayes, of Ohio, now President, and Mr. Blaine, having continued to serve his party as before, again came forward, at Chicago in 1880, backed by a delegation of supporters, whose numbers were second only to those who were pledged to General Grant.

The reputation of these gentlemen so overshadowed that of all other candidates that the nomination of one or the other of them was regarded as a foregone conclusion by all who had either failed to study or to remember the action taken on previous occasions by bodies of a similar character in the United States. This idea was strengthened by the fact that in the many elections taken in the first day of voting Grant and Blaine distanced all competitors, the constancy of their supporters being shown by the statements that Grant received 394 votes on the first ballot, and 327 on the twenty-third ballot, Blaine had 284 on the first and 270 on the twenty-third ballot, after the taking of which on Monday the proceedings of the day were closed. It may be explained here that the number of delegates in attendance was 755, and that one candidate must have a clear majority of the whole number before a nomination could be made. The remainder of the votes were divided between Messrs. Sherman, Edmunds, Windom, Washburne, Garfield and Hartranft, the latter two never having more than 2 for the former and 1 for the latter respectively in any one of the votes taken.

"It is always the unexpected that happens," says the French proverb, and it never had better exemplification than in the Republican convention of 1880, when Wm. H. Seward led his nearest competitor by 14 votes on the first ballot, and yet Abraham Lincoln was nominated, and in that of 1876, when James G. Blaine received within a very few votes of a majority and yet was beaten as above stated. The hopes of the adherents of both the leading candidates were professedly high on Monday night, but on their reviewing the situation there must have been a wonderful change, as on Tuesday night eight additional ballots being taken, General James A. Garfield, of Ohio, a man who had scarcely been thought of as a possible candidate, was found to have received 390 votes, or a majority of the whole convention. This result was due to a union of the elements opposed to Grant, for while the vote of the latter was 306, on the thirty-sixth and last ballot, that cast for Blaine was but 42. Thus the cry against a third term proved fatal to the foremost candidate—the only man who could have secured the suffrages of the South, as is proved by the support he had of 201 Southern votes—and in the Convention, in sporting parlance, "he dark horse" came.

Of General Garfield, who is now the Republican nominee for the Presidency, little is known on this side of the lines, though he is prominent in the United States. He is, however, a man of considerable ability and is possessed of the very desirable attribute of having but few political "sins to answer for." He represents the nineteenth Congressional district of Ohio in the House of Representatives, which district includes the counties of Ashland, Geauga, Lake, Mahoning and Trumbull. General James A. Garfield was born in Orange, Cuyahoga County, Ohio, November 19, 1831; graduated at Williams College, Massachusetts, in 1856; studied and practiced law; was a member of the State Senate in Ohio in 1859-60; entered the Union army in 1861 as Colonel of the 23rd Ohio volunteers; was promoted to the rank of Brigadier General on January 10, 1862; was appointed Chief of Staff of the army of the Cumberland, and was promoted to the rank of Major General on September 20th, 1862;

and has been elected to Congress for the district for which he now sits, nine times in succession.

On the whole he does not appear to be a strong candidate, and if the Democrats make a wise choice in their selection of a nominee for the Presidency, their success is not at all unlikely.

General Chester A. Arthur, Collector of Customs at the port of New York, has been chosen the Republican candidate for the Vice Presidency. He has no political record of national importance.

Marmora Correspondence.

The weather has occasionally been rather cool at night, and Yunnan may yet come right in some of his predictions. Mosquitoes are very troublesome.

Miss Gladney, a highly esteemed member of the O. M. choir, departed on the 1st inst. for Santa Barbara, California, where she expects to be led to the hymeneal altar by one of Marmora's former enterprising gentlemen, Mr. J. Mills, Jr. Her presence will much be missed in fashionable church circles, and many wishes will doubtless be ardently and sincerely made that she may have a safe journey, and also with regard to her future happiness and prosperity in the land of the star spangled banner.

Mr. Geo. Cumpson is building a large and handsome stone residence which will be an improvement to the appearance of the neighborhood when completed.

It seems there is now enough gold quartz at the Stewart crusher to keep it employed for three months, principally obtained from the Galtling mines.

Prof. Miller has, it appears, brought up surrounding claims to the amount of \$70,000.

A fiery young team owned by a John named D. Campion, last Sunday broke loose from Mr. W. Deacon's gate, where they were tied, and after a furious race of some miles, during which they wrecked the democrat they were hitched to, and the harness also, reached home without any damage to themselves.

The body of Geo. Lake, the boy of about eighteen years of age who a month or more ago was drowned in Deer River, Lake Township, was found two weeks ago, where it had floated down the river, by J. Ackor, his step father. The body was so decomposed that they were obliged to place it in a rough box and bury it on the nearest shore.

The grain crops are now springing up fresh and green, owing to the reviving showers we have lately been blessed with.

Mr. G. Leonard has sown 65 acres with wheat and planted 12 with maize.

Some annoyance was caused on the 31st in the village, by a man named MacDonald, who was taking the role of a Malay and running amuck through the streets almost in a state of nudity, and was also intoxicated. He smashed some of Mr. A. Loucks' windows, and upon Mr. P. Mulloney remonstrating with other, the man struck him a heavy blow, the man was returned with a few strokes on the head from a walking cane, and a choking, when the victim of alcohol was secured by ropes like Samson, and his furious course was brought to an end.

The terrible *Doriphorus Decemvittatus* have for some weeks been on the war-path, and where these *Doriphorus* are potato leaf, cannot be found they attack the tomato plants, another member of the Solanaceae family.

Glinoor's drive is passing down Beaver Creek, and Rathbun's drive at last accounts was at Deer Lake.

Amesbury Notes.

(From our regular Correspondent.)
 The past week has been a very quiet one. Not even a birth or a marriage occurred.

Methodist Church.

TORONTO CONFERENCE.

FIRST DAY.
 BELLEVILLE, June 9th, 1880.
 The Conference met in Bridge Street Church at this city, this morning at 9 o'clock. Rev. John Shaw, the retiring President, announced the opening of the Conference, and the Rev. Dr. Harper and D. C. McDowell led the conference in prayer.

Rev. J. Shaw, President, addressed the conference in grateful terms. He had been able to fill all his appointments during the year, and had been as far as possible met the wishes of the brethren in going to their assistance, to which he had travelled 7,000 miles. It had been out of his power to comply with every request, but he assured them that he had done his utmost to meet their wishes. He was the youngest member who had ever filled the Presidential Chair, and that he felt that he had great cause to be thankful. He now requested them to proceed to the election of his successor.

The election of President is always attended with much interest, but this year there was greater interest than usual in the success of the various candidates of whom there were not less than three in the field. The ballots were soon called, and on the second it was found that Rev. N. H. Willoughby was the successful candidate, having received 99 ballots, and Rev. J. G. Laird 61 ballots.

The President stood the chair, and in pleasant terms he warned the Conference against a second term. There seemed to be some need to give this intimation seeing that the election of President looked to the interest of the place, where the Conference meets. He must now claim to be the youngest member of Conference that has ever filled the office of President. He could not plead eloquence as a special qualification for the office, nor could he plead that he had ever been called to give much proof of executive ability, but he would do his best to do so, and assured the Conference that all the energy for which he believed he did get credit for possessing some share, and all that he had should be given to the discharge of those duties which now devolved upon him. He was indebted to Methodist and pious parents, and above all to the grace of God.

Rev. J. Hunter was elected to the office of Secretary, on the second ballot. This is an office which involves much labour; though it is not considered to be as honorable as that of President, nevertheless it was quite clear that there was no lack of candidates, seeing that a great number of names were called out as having received a few ballots.

The hours of meeting and adjournment were appointed. The session began at 9 o'clock and adjourned at 12, met again at 2 and adjourned at 3. Evening sessions to be afterwards appointed.

The Conference re-affirmed the resolution of the Conference of 1876, to elect by ballot a committee of five to nominate the several Committees not otherwise provided for. The following were then elected: Revs. J. G. Laird, J. E. Betts, E. H. Dowart, D. D. J. Leary, and J. P. D. D.

The question of ministerial character was taken up, which is peculiar to the Methodist Church. The name of each minister and preacher on probation is called over both in the District Meeting and again in the conference, and where there is the least defect in the moral character or the want of ability for the duties of the ministry it is pointed out to the brethren, as well as to the minister himself. No case of moral delinquency is allowed to pass, if known. The following questions have been previously asked in the District Meetings respecting all the ministers and probationers, and district answers recorded in the district minutes. 1. Is there any objection to his moral and religious character? 2. Does he believe and preach all our doctrines? 3. Has he fully observed and enforced our discipline? 4. Has he been punctual in attending all his appointments? 5. Has he competent abilities for his itinerant work? On the names being called over in the Conference the Secretaries of the district answer as to whether any objections have been previously taken, and where such is the case the record is read and the conference finally adjourns on the case according to its merit. No better method can be adopted to maintain the purity of the ministry. It was gratifying that there were no cases of error which involved the least moral delinquency.

On motion of Dr. Hase, seconded by Dr. Harper, a cordial vote of thanks was given to the Ex-President for the faithful manner in which he had discharged the duties of his office during the past year.

Dr. Rose playfully remarked that the Ex-President was one of his boys, as he had had the honor of giving him some of his first lessons in catechetical matters, and of course he had given proof that he was apt scholar.

Dr. Harper said it gave him much pleasure to second the resolution, inasmuch as the Ex-President had been his successor as pastor and also in office. He could bear testimony to the fidelity with which the Ex-President had discharged his duties, and he was quite sure that no Ex-President ever retired from the Chair more esteemed than the Rev. J. Shaw had done.

The resolution was adopted by a rising vote and presented to the Ex-President in appropriate terms.

On motion of Dr. Hunter seconded by Rev. D. C. McDowell a vote of thanks was also presented to the Rev. T. S. Kough the Ex-Secretary for the faithful manner in which he had discharged his onerous duties which was unanimously adopted.

The President assured the Conference that the Secretary had been most diligent and painstaking in all matters with which he had to do. On several occasions he had occasion to call for his services, and he had always responded in a most faithful and prompt manner.

The Secretary read a telegram from the London Conference, containing the greeting of the various sessions, and being most pleasant and cordial; and as the Conference would soon close, a request was made for a speedy answer, with the names of the Conference officers.

Shaw had done.

The resolution was adopted by a rising vote and presented to the Ex-President in appropriate terms.

On motion of Dr. Hunter seconded by Rev. D. C. McDowell a vote of thanks was also presented to the Rev. T. S. Kough the Ex-Secretary for the faithful manner in which he had discharged his onerous duties which was unanimously adopted.

The President assured the Conference that the Secretary had been most diligent and painstaking in all matters with which he had to do. On several occasions he had occasion to call for his services, and he had always responded in a most faithful and prompt manner.

The Secretary read a telegram from the London Conference, containing the greeting of the various sessions, and being most pleasant and cordial; and as the Conference would soon close, a request was made for a speedy answer, with the names of the Conference officers.

Hope for Consumptives.

**THAT CONSUMPTION
CAN BE CURED,**

Is a fact attested by the best Medical Authorities in the World.

A careful observance of the laws of health, and the systematic and persistent use of SCOTT'S EMULSION OF COD LIVER OIL with HYPOPHOSPHITES OF LIME AND SODA will accomplish this result. This preparation has all the virtues of those two most valuable specifics in a form perfectly palatable, and acceptable to the most delicate stomach; and we make the unqualified statement that SCOTT'S EMULSION is being used with better results, and endorsed and prescribed by more physicians for Consumption—and the diseases leading to it, such as Chronic Coughs, Bronchitis, Scrofula, Anæmia, General Debility and the Wasting Disorders of children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet, is truly marvellous.

SEE WHAT PHYSICIANS AND THE PEOPLE SAY ABOUT IT.

Messrs Scott & Bowne: 66 West Thirty-sixth Street, New York, September, 1878.
GENT—I have frequently prescribed SCOTT'S EMULSION OF COD LIVER OIL with HYPOPHOSPHITES during the past year, and regard it as a valuable preparation in scrofulous and consumptive cases, palatable and efficacious.
C. C. LOCKWOOD, M. D.

Messrs. Scott & Bowne:—*Gratitude*—Within the last year I have used in my own family, and in my private practice prescribed very extensively SCOTT'S EMULSION OF COD LIVER OIL with HYPOPHOSPHITES and found it a most valuable preparation, especially in diseases of children. It is agreeable to the most delicate stomach; which renders it a very reliable agent as a nutritive remedy in consumptive and scrofulous cases.
Oct. 14, 1879.
Yours truly,
A. H. SAXTON, M. D., Baltimore.

Messrs. Scott & Bowne:—*Gratitude*—Within the last two months I have fairly tried SCOTT'S EMULSION OF COD LIVER OIL with HYPOPHOSPHITES, and I candidly declare that it is the finest preparation of the kind that has ever been brought to my notice; in affections of the lungs and other wasting diseases, we can consider it our most reliable agent, in a perfectly elegant and agreeable form.
December 19th, 1878.
J. SIMONAUD, M. D., New Orleans, La.

Messrs. Scott & Bowne:—*Gratitude*—In September, 1876, my health began to fail and my physician pronounced it spinal trouble; under his care I got some relief from pain, but my general health did not improve, and early in the winter, I began to raise blood and rapidly grew worse. In May last I was taken with a violent bleeding which brought me to my bed and my life was despaired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats, short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime; and I used various preparations, but they did me no good. I lost all hope of life, and was an object of pity to all my friends. Last September I purchased a bottle of your Emulsion and before it was all taken I was better. I then bought a dozen bottles and have taken all with the following result: Cough subsiding, night sweats stopped, appetite returned, pains in spine disappeared, strength returning and my weight increased from 118 to 140 pounds in sixteen weeks. I have taken no other medicine since commencing with your Emulsion and shall continue its use until I am perfectly well. I frequently meet some friend on the street who asks what cured you and I answer, SCOTT'S EMULSION OF COD LIVER OIL, &c. I have a friend who has not spoke dead for 10 months and he is getting better. I gave him a bottle and he bought two more, then got a dozen and says it is food and medicine for him. He was given up to die a year ago, but he is improving now wonderfully. My recovery is exciting the surprise of many people, and I shall do all I can to make known your valuable medicine.
Jan. 26th, 1879.
Very truly yours,
H. F. SLOCUM, Lowell, Mass.

Messrs. Scott & Bowne:—*Gratitude*—About the 25th or last April I got a bottle of your Emulsion and at that time I was so prostrated that no one who saw me thought I could live but a few days at most. I could retain nothing on my stomach and was literally starving. I commenced the use of the Emulsion in small doses; the first thing that would stay on my stomach; I continued its use, gradually increasing the dose; and from that hour I commenced mending, and now am able to ride and walk and am gaining flesh and strength rapidly. I have advised other parties to try it, and some two or three have already tried it. I am sure I shall entirely recover.
I am gratefully yours,
R. W. HAMILTON, M. D.
For sale by all Druggists at \$1.00 per bottle.

GENTLEMEN'S

Order Clothing Department.

VOL. 14.

BELLEVILLE ONTARIO, THURSDAY, JUNE 10, 1880.

NO. 34.

MANHOOD.

HOW LOST, HOW RESTORED.

We have recently published a new edition of Dr. Culverwell's Celebrated Essay on the medical and personal cure (with full medicine) of Nervous Debility, Mental and Physical Infirmity, Impotence, and Marriages, etc., resulting from excessive indulgence.

Price, in a sealed envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, in alarming consequences may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every man and every man in the land.

I am authorized to contract for advertisements in the DAILY and WEEKLY INTELLIGENCER at our best rates.

Daily Intelligence.

For the convenience of Clergymen attending the Methodist Conference now in session, we will mail from this office any address, free of postage, the Daily Intelligence containing full reports of the proceedings, for ten cents a week. Orders left at the Counting Room will be attended to.

The Census and Parliamentary Representation.

Under this heading the *Globe* advises the Government against increasing the number of members of the House of Commons in the readjustment of the representation, which will take place under the next census returns. It advocates the reduction of the number of representatives for Quebec instead, leaving that of the other Provinces as at present. The difficulty in the way of carrying out this suggestion is that Quebec, Nova Scotia and New Brunswick may not feel inclined to agree to it. There can be, however, no such objection to the advice which the *Globe* gives to its friends of the Ontario Government, as follows:—

"After the last census the Ontario Legislature readjusted its own representation, and increased the number of its members. Readjustment may be found necessary again, for while districts have been filled up since 1871, which at that date could hardly boast of a single settler. But whatever changes are made there should be no increase. If any locality is notoriously insufficiently represented, the defect must be remedied by enlarging constituencies elsewhere in order to set free as many members as may be required. Every addition made to the number of members in the Assembly adds materially and permanently to the cost of the Chamber, and will not in any way improve the working capacity of a House of 88 members. A House of 78 members, as it existed previous to the increase made by Mr. Mowat, was quite sufficient, but the *Globe* did not oppose that useless addition to the costs of the Chamber. Perhaps 88 is the golden number which meets the approval of the organ. We shall see when Mr. Mowat proposes the increase and gerrymandering redistribution which he probably will do, with the object of making his position more secure in the next ensuing election.

—A Quebec telegram to the Montreal *Gazette* of the 9th inst. says: "The *laquis* (*Glen Monach*), from Rio do Janeiro, has been placed in quarantine at Grande Ile, near Quebec, having sixteen cases of yellow fever on board. There were three deaths during the voyage."

Scarcity of Small Change.

There still continues to be a great scarcity of small silver and small bills, and the trouble of "making change" is very annoying to not only our merchants, but to those who go marketing. To change a four or even a one dollar bill, one has to tramp sometimes a long distance, and even then, the smallest change is a silver half or quarter dollar. It would be a great public boon if the Finance Minister would cause the issue of a large quantity of five and ten cent pieces. Sir Francis Hincks has been one of the most popular men of the day, and his name has been mentioned in connection with the "Silver Nuisance," and Sir Leonard Tilley would greatly increase his popularity if he would at once supply the demand for small silver. It is not in quarters or half dollar pieces that the want is felt, for there seems to be an ample supply of these. But there is perfect famine of the smaller stuff, and the commercial world and "family man" would bless the Finance Minister if he would alleviate the distress.

Methodist Church.

TORONTO CONFERENCE.

FIRST DAY.

AFTERNOON SESSION.

The Conference opened at 3 o'clock, the President in the chair. After devotional exercises, consisting of prayer, led by Rev. C. Fish, the minutes of the morning session were read and approved.

The Secretary announced as his Assistants, Revs. W. H. Laird and G. Brown, with Rev. S. Clarke, Journal Secretary.

The Teller appointed to count the ballots for the nominating committee brought in their report, and declared the following as having the highest number of votes: Rev. G. O. Laird, J. E. Betts, J. Leary, Drs. DeWard and Potts.

The following persons had been appointed by their respective District Meetings as members of the Sabbath School Committee: Revs. W. L. Rutledge, E. A. Goff, E. Barnes, M. A. J. C. Ash, J. Kilgour, W. Tomblin, H. Hill, J. A. Chapman, J. W. Tetten, J. Webb, J. Hart, T. J. Sawdon, D. Williams, E. S. Rupert, M. A. J. Hodson, and Dr. Young.

The following laymen were elected by the lay-members of the District Meetings as members of the Missionary Committee: Messrs. G. Jackson, R. Hewson, W. H. Gibbs, G. W. Webb, M. B. Roblin, R. S. Roblin, G. A. Morrow, Dr. Norris, L. J. Pearson, A. S. Arkes, S. R. Scott, T. H. Wilcox, J. W. Armstrong, M. McInnis, W. Digges.

CONTINGENT FUNDS COMMITTEE.—Laymen: Messrs. Lelean, Webb, Roblin, Austin, Bird, Blakely, Stafford, with Revs. J. G. Laird, W. J. Hunter, D. D. T. W. Jeffrey, W. Johnson, P. Addison, and D. McDowell.

EDUCATIONAL FUNDS COMMITTEE.—President of Conference, Rev. Dr. Nelles, Barwash, Stewart, Ross, and R. Jones; with Messrs. M. B. Roblin, M. Sawyer, H. Youmans, and S. Richardson.

CHURCH PROPERTY COMMITTEE.—Rev. Dr. Ross, E. Clement, J. R. Madden, R. Clarke, H. Hill, J. B. Armstrong, and J. F. Gernall, M.A.

PERSONAL ADDRESS COMMITTEE.—Revs. W. S. Blackstock, G. Cochran, and G. C. Workman.

MEMORIAL COMMITTEE.—Revs. K. Creighton, J. E. Betts, J. E. Howell, W. Scobie, W. J. Hewitt, J. McCallum, J. Leary, J. H. Starr, H. S. Mathews, J. Mahan, W. J. Hewitt, J. Webster.

TEMPERANCE COMMITTEE.—Revs. J. Shaw, J. S. Clarke, J. Green, C. V. Lake, A. Brown, J. C. Shaw, A. R. Campbell, E. A. Young, W. L. Rutledge, J. Thore, M. A. F. Clow, W. Barnes, S. J. Shorrey, T. W. Campbell, W. Morris, M. C. Workman, M. A. W. Morrison.

CONVINCING LETTER-WRITERS.—Revs. J. Hunter and W. H. Withrow, M.A.

The fourth question was taken up. What probationers for the Ministry are this year admitted into full connection with the conference and ordained? H. Sherin, T. Dunlop, J. W. Wilkinson, B. A. J. Barltrop, J. E. Allen, S. A. Arkes, J. Power, T. S. McKee.

Who are the probationers of three years? E. D. Lewis, W. J. Barkwell, W. J. West, E. Eaves, L. W. Hill, W. Strongman, G. W. Morrison.

The Secretary announced the following as the Statistical Committee: Rev. J. Anderson, J. E. Howell, M. A. W. Johnson, J. Green, W. H. Emaley, J. M. Carroll, M. D. J. Pickering, E. A. Goff, G. C. Workman, M. A. W. Morrison.

The Secretary read a communication from the Secretary of the Mechanics' Institute requesting the members of the Conference to assist themselves of the use of their reading room during their stay in the city. On motion of Dr. Dewar, the Conference ordered that a letter should be sent to that gentleman thanking him for the courteous invitation contained in his letter.

The case of a probationer who had failed in the pursuit of his studies occupied a considerable length of time, but the Conference finally resolved to discontinue him, as it was the unanimous opinion of those who were thoroughly conversant with the case, that it would be an injustice to the young man and also to the work of God to continue him. The recommendation of his district meeting for his continuance on trial was lost by a large majority.

Several announcements were made, the doctology was sung, Rev. C. Turner led in prayer, and the President pronounced the benediction and the conference adjourned.

In the evening the conference social service was held, when a large number of ministers and other friends surrounded the table of the Lord. Rev. E. Jones, one of the fathers of the conference, presided, and delivered an impressive address explanatory of the nature and object of the service. The service was very solemn and impressive. The large basement was crowded.

SECOND DAY.

The morning session was opened at 9 o'clock, the President in the chair. Devotional exercises were conducted by the President, who called upon three of the members of Conference to lead in prayer.

The Secretary read the minutes of yesterday's session, which were confirmed.

The Chair called for special resolutions from the District meetings. The Secretary read the various resolutions relating to the disposal of church property; the division of circuits; satisfying the various religious services, such as class meetings, &c., at the District meetings. The Secretaries of the various districts and the various resolutions, some of which related to changes in the relation of church property; division of circuits; formation of new missions; better

maintaining of the various religious institutions of the church, such as class meetings, &c., requests for the better and more equitable distribution of the missionary gifts; the various resolutions and offerings collected by ministers whose appointments had been made for their support. Some of the cases were referred to committees previously appointed, and some were referred to a committee of five to consider the special cases of suffering and destitute churches. T. S. Keough, J. B. Clarkson, M. A., and J. Shaw, Sec. President.

Moved by Rev. E. R. Young, seconded by Mr. Dr. Hunter.

That whereas the Canada Temperance Act of 1878, section 57, as follows: "In cases where more than one-half of all the votes polled are for the petition, the same shall be held to have been adopted, and the returning Officer shall make a return to the Governor-General in Council accordingly."

And whereas the following amendment to the above section received a majority of the votes in the recent session of the House of Commons, viz. That section 57 of the said Canada Temperance Act be amended so that the following clause substituted therefor, "If a majority of the voters whose names are on the electoral roll in any district, and who are entitled to vote at the election, shall vote in favor of the adoption of the bill, the same shall be held to have been adopted, and the returning Officer shall make a return to the Governor-General."

And whereas we believe the effect of such amendment would be practically to frustrate the benevolent design of the said Act as originally passed:

Therefore resolved, that we, the Toronto Conference, in session at Belleville, Ontario, do hereby strongly disapprove of the aforesaid amendment. (2) That we hereby convey our hearty sympathy to the members of the House of Commons who spoke and voted against said amendment. (3) That we cordially approve of the action of the Senate in rejecting the original session.

The Secretary of the conference introduced Rev. W. Byers and G. H. Cornish, of the London Conference, and J. Freeman, of the Toronto Conference, to the President, who presented them in appropriate terms. The conference received with pleasure the cordial greetings of the members of the old Canada Conference and all members of the old Canada Conference came on a visit to their former brethren.

Rev. J. Shaw read a communication from the Senate of Victoria University, which was referred to the Educational Committee. The following is the communication:

The Senate of Victoria University desire to convey to the several Conferences and to the Districts within their bounds, their sincere thanks for the establishment of District Scholarships.

The Senate would respectfully suggest that each Scholarship hereafter be of the value of \$25, and that the sum be the uniform value throughout all the Districts.

More than any District desired to contribute more, so by establishing a second, or third, or fourth scholarship of the value of \$25 each, and that the names of the Districts be announced in connection with the Scholarship, from which the Senate will select the scholar.

After singing "I am so glad that our Father hears," Rev. R. W. Wilkinson led the conference in prayer, and the session closed with the benediction pronounced by the President.

Canada Presbyterian Church.

The Sixth General Assembly of the Canada Presbyterian Church, Montreal, last evening, Rev. Reid, D.D., of Toronto, Moderator in the chair. The spacious church was filled with the members of the Assembly, and a large number of ladies and gentlemen. After the sermon by the retiring Moderator, Rev. Dr. McCrae, of New Brunswick, and Rev. Prof. McLaren, of Toronto, were nominated for the office of Moderator. Rev. Prof. McLaren declared that his name should not be pressed and Rev. Dr. McCrae was thereupon unanimously elected Moderator. He is the pastor of St. Stephen's, St. John. Mr. McCrae is a young man for the position he occupies, being about forty years of age. He formerly belonged to the Old Kirk.

Amongst other distinguished visitors who have arrived, or are expected, are Dr. Bruce, of the Free Church College Edinburgh; Principal Cairns, of the United Presbyterian Church Edinburgh; and Dr. Steel, of Sydney, New South Wales. Great regret is felt by all that Dr. G. T. McKay, the Church of Foreign Missions to Formosa, is ill at Edinburgh, and unable to attend the assembly.

Some formal business was proceeded with and the assembly adjourned at a quarter to eleven.

AN EXTRAORDINARY SCENE IN COURT.—On the 8th inst. a most discordant scene took place in the Montreal Court of General Sessions. The trial of the prisoners charged with the robbery of \$15,000 from E. B. McNamee was in progress and Turner the leading witness for the prosecution being still absent, Mr. Mousseau, the counsel for the Crown announced that there was a collision between Mr. McNamee and the prisoners to defeat the ends of justice. Mr. McNamee on hearing the attack of the learned counsel became greatly excited. He got up, and approached Mr. Mousseau called him a hurling of the Quebec Government, denounced his vile insinuation that he was guilty of any collusion with the prisoners, and threatened to chastise his defamer. The constables seized him, and after a violent scene got him out of court. Subsequently he apologized to the Court, but notwithstanding the Court sentenced him to ten days imprisonment for contempt.

MR. MCNAMEE'S IMPROVEMENT.—There is considerable excitement in Montreal about the imprisonment of the great canal contractor, H. P. McNamee. He contends that he was simply defending his honor from the outrageous attack made upon him by the Crown Attorney, and having subsequently apologized to the Court there was no justification for the imprisonment. Mr. McNamee has received telegrams from Quebec, Toronto, Hamilton, Ottawa, Port Colborne and New York city congratulating him on the stand he had taken in defence of his honor. Mr. J. P. Quinn, of the Montreal Council, went to Ottawa to have an interview with the Minister of Justice in relation to his client's case. In this connection it may be mentioned that Mr. Mousseau the Crown Attorney, was burned in effigy on the streets on the evening of the 8th inst. by a number of Mr. McNamee's friends.

OPPOSITION TO A MINISTER.—Rev. Dr. Sanderson was appointed by the London Conference to represent the conference at the pastorate of Dundas St. Church, London. The appointment has given rise to a serious storm of disapproval. Remonstrances have been sent to the Board of Christian Missions, and a meeting of the congregation was held last night to consider the situation. Several things were suggested: To lower the salary, or for the resignation of the church. It was decided by a standing vote to offer a protest. Mr. Sanderson was appointed to go to Hamilton by the next early train, and lay before the case before the Conference. The following telegram was sent to the Conference: "If the minister is not changed a protest will be sent to the Conference."

THE CHURCHES OF THE VARIOUS DISTRICTS.—The various churches of the various districts, some of which related to changes in the relation of church property; division of circuits; formation of new missions; better

MORNING DESPATCHES.

EUROPEAN.

LONDON, June 10.—Barth Bernhard yesterday signed an engagement with Henry Abbey, of the theatre, to play in the United States next November, Abbey to pay the expenses of the company and \$10,000 nightly to Bernhard, who also receives a share of the profits. St. Louis, June 10th.—The Minister for the Colonies has nearly completed arrangements for the Cuban loan of \$80,000,000, which is guaranteed by the revenues of the island, besides a subsidiary guarantee of the mother country.

AMERICAN.

MILWAUKEE, June 10.—Grant and Sheridan, accompanied by Mrs. Grant, Mrs. Sheridan, and Gen. Hawley, the only survivor of Grant's original regimental staff, Generals Ingalls and Apple, have arrived at the city in a grand procession. The Veterans' committee drill of a militia company occurred yesterday, 10,000 veterans formed in a hollow square, and in a space thus cleared the contingents of companies performed their evolutions. The parade was witnessed by a large number of citizens, and the Veterans' committee drill of a militia company occurred yesterday, 10,000 veterans formed in a hollow square, and in a space thus cleared the contingents of companies performed their evolutions.

TO LET.—The Shop adjoining the north side of the Ashley Block, east side of Front Street, lately occupied by P. Frost as a Fur Store. Inquire of the owner, H. H. HAYFORD, 244 St. James.

FOR SALE OR TO LET.—A two story Brick house South Street, with a lot of a few minutes walk of the business part of the city. Apply to the owner, H. H. HAYFORD, 244 St. James.

TO LET.—That commodious store formerly occupied by Mr. John Cook as a grocery, next door to Messrs. L. W. Yeomans & Co's, drug store. Apply to T. LOCKERTY, Toxambacon, 3 doors north. Feb. 23, 1880. d. t.

THE BAY ROUTE.

Tenders may or may not be for whole or separate staples. Supplies to be delivered on Camp Ground as may be directed.

ALSO, For meeting the Officers (about 20). Contractor to furnish tables; seats, tableware, crockery, &c. Tenders to state rate per day for each officer.

Lowest tender not necessarily accepted. W. L. HAMILTON, Quartermaster, 40th Hastings Rifes. Belleville, June 9, 1880. 38

DOMINION IRON LADDER WORKS, KINGSTON.

Patent Iron Ladders with Fire Escape attached.

THE subscriber has been manufacturing the above ladders with the fire escape attached for a number of years past, and has placed them on the best private residences, on several churches, on all public schools, hotels, hospitals, charitable institutions, common buildings, military college, and other Government buildings in Kingston and Ottawa.

In this city I have placed my ladders on the private residences of John Bell, Esq., W. H. Brown, Esq., T. S. Cameron, Esq., T. C. Wallbridge, Esq., on the factory of E. Burrell, on the Roman Catholic Church, and Convent.

Persons wishing to have my ladders, can do so by leaving their orders at the hardware store of James Smith (late Gillen & Keith's old stand), where they will see sample of ladders, and testimonials from parties who have them in use.

I place my ladders on the building, with Fire Escape attached, firmly fixed and painted in all orders promptly attended to. GEORGE A. RUMRILL, Belleville, June 10th, 1880. 343m

MANHOOD

HOW LOST, HOW RESTORED.

We have recently published a new edition of Dr. Culverwell's celebrated Essay on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impotency to Marriage, etc., resulting from excessive indulgence in the pleasures of the flesh. The celebrated author, in this admirable Essay, clearly demonstrates from thirty years' successful practice, that "dramatic cures" of the disease may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure as simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

Address—

THE CULVERWELL MEDICAL CO., 111 Ann St., New York.

To His Honor the Judge presiding at the General Session of the Peace for the month of June, 1880.

We, the Grand Jurors of Her Majesty the Queen for the County of Hastings, do leave to make the following report:

It is a matter of congratulation that no criminal case appears on the docket, which indicates a lessening of crime in the County, and a corresponding increase in the number of the different classes of the population.

Having made a thorough and careful examination of the jail we take great pleasure in reporting everything in a very satisfactory condition and very particularly the order and cleanliness of the different classes of the population. We would recommend that the laundry room be enlarged as we find it is very small and partly ventilated we would also recommend that a new covering be laid to the well near the wash room or laundry; we are also of opinion the prisoners might be employed to the advantage of the County.

All of which we respectfully ask the attention of the Warden and County Council.

J. W. BOYCE, Foreman.

Grand Jurors' room, June 10th, 1880.

After the receipt of the reading of the presentment, His Honor stated that while he agreed with the Grand Jury in the matters reported upon by them, he had but little hope from the attention that former presentments had received that this presentment would fare better than many former ones. He would, however, send a copy of it to the Warden to the proper quarter, and after consulting the Jury upon the very apparent decrease in crime, he stated that he was gratified to hear in order and peace was about being inaugurated, trusting that this favorable state of things would be the result of the presentment.

His Honor then informed the jury that they were relieved from further attendance at the sessions and discharged them.

Political Notes.

DETERMINING HOME MANUFACTURES.

Says the *Globe Herald*:—"The Hamilton Times, though it mentions the very credible display which the Ontario educational department made at Sydney, where it took prizes for its anatomical and other models, diagrams, etc., has not one word to say about the success of Canadian manufacturers at the same exhibition. Possibly because the fact does not square well with the free trade theory that Canadian manufacturers are always inferior to foreign manufacturers." This was a favorite theory of Messrs. Mackenzie and Cartwright, who on various occasions decried the skill of Canadian mechanics and sneered at home manufactures as of an inferior character.

TEXAS AND KANSAS.

The *Mail* says:—"The *Globe* is getting delirious. The Senate must go, and it thinks the municipalities could take charge of the asylums and other Provincial institutions; in other words that the Local Government must go also. The New Liberal Platform is certainly a broad one—no Senate, no Local Legislature, no Pacific Railway, no manufacture—nothing but free trade and Kansas." Surely our contemporary has not forgotten Texas—Mr. Mackenzie's alleged paradise for emigrants. The party have deposed Mr. Mackenzie from the leadership, but they still cling to the Texas plank of their platform, with Mr. Blake's addition of Kansas.

RECIPROCITY.

The *Boston Herald* says:—"It seems reasonable to expect, if negotiations for a reciprocity treaty with the Dominion are too long delayed, that Canadian manufacturers will be assumed such magnitude as to be able to prevent the adoption of any treaty favorable to the United States." Surely the editor of the *Herald* cannot read the *Globe* regularly, or he would know that the N. P. is ruining this country, and that the longer the United States wait the better will be their chances for obtaining a favorable treaty. But perhaps our neighbors, abroad people as they are, and fully aware of the advantages of protection, do read but pay no heed to the utterances of the free-trade press of this country, which, by interference fairly drawn from the *Herald's* remarks, have been doing their best to secure the negotiation of a reciprocity treaty "favorable to the United States," and consequently unfavorable to Canada. The *Globe* and its confederates may not like the *Herald's* accusation, but nevertheless it is true.

SAVING LIVES.

The *Charlottetown Examiner* says:—"The Toronto *Globe's* Ottawa correspondent is entirely wrong. Savage Island was not sold to the Dominion Government by Mr. Percy Pope, who is to-day its owner. The land at Quimper, which was sold to the Dominion Government, was never owned by either the Hon. J. C. Pope or his son. The *Globe's* correspondent it has evidently been led astray by the *Patriot*."

DISAPPOINTED.

The *Stratford Beacon* notices as a sign of the times that the population of that municipality has only increased 27 this year—the smallest increase in any one year since Stratford became a town. Doubtless the *Beacon* is chagrined because it has not a decrease to announce, as nothing so much pleases the first paper as to show that the town is declining. "Truth and decay" were not so absurd as the facts have proved them to be. Considering that the legacy of depression left by the Mackenzie Government has not been entirely got rid of yet, and the large emigration to the North-West, the fact that Stratford, in

common with a large majority of other places in Ontario, increased its population during the last year, is not a bad sign of the times.

CONSISTENT IN ITS IMPROBABILITY.

The *Kingston News* says:—"If at one time the *Globe* denounced a certain politician as unfit to associate with honorable men, it declared he had been guilty of robbing the most helpless of God's creatures, and then afterwards welcomed him to the Reform Cabinet as a person who brought strength to it, and finally endorsed his appointment to the position of Lieutenant Governor; if the *Globe* at one time ridiculed Mr. Cartwright as a minor and muddled figure, and after he had joined the Reformers spoke of him as a brilliant financier—why should the *Globe*, which during the life of the Hon. George Brown, defended the Senate with great vigor against the attacks of 'constitution mongers,' immediately after his death, not denounce its same body in terms directly opposed to its previous utterances?"

The *News* continues:—"The result of the election is so manifestly in favor of the Senate as to be more reasonable than that the organ should be consistent in its inconsistency!"

North Ontario.

The Supreme Court have given judgment removing the disqualification from Mr. Wheeler and granting his appeal. Mr. Wheeler, it will be remembered, was elected in the Grit interest as representative in the Commons for North Ontario at the general election of 1878. The election was protested, and at the trial of the petition which took place before Mr. Justice Armour, a large amount of bribery, intimidation and other illegal practices were proved by the evidence. The result was the respondent's disqualification, which was chiefly based on hiring of paid canvassers—a practice which Judge Armour held to be forbidden by the statute. Mr. Wheeler carried his appeal to the Supreme Court with the result as stated above.

His Lordship the Chief Justice in delivering judgment, in referring to the *Hurd* case, said, according to the *Ottawa Free Press* report, that he could not accept the witness (*Hurd's* account of the transaction. It rested almost entirely on his own unsupported testimony, directly contradicted by the respondent and others, and by his own statements at different times. His utter disregard of truthfulness in connection with matters in controversy showed that even if uncontradicted, it was unsafe to rest upon his testimony. It was hard to believe that any professional man would have so little respect for himself and his duty as to hold conversations which he detailed as having taken place between himself and McLenan and Paxton with reference to selling himself and his influence to whoever would buy them. If *Hurd's* statement was to be believed *Hurd* had purchased the support and influence of a most unscrupulous man, but he was not disposed to place the least reliance on the testimony of Mr. *Hurd*, contradicted as it was by McLenan and Wheeler, and he thought that the latter's statement was the true one; that he only promised to pay his legal expenses, and this was confirmed by *Hurd's* own testimony. *Hurd* endeavored to escape from the effect of that conversation in the most damaging way. He pointed out a number of contradictions in *Hurd's* testimony, and said that it over there was a witness whose evidence ought to be discarded this was one, and said that upon this evidence he was not prepared to convict a man of a *quasi* criminal offence, and take from him his civil rights. He then proceeded to show that the charge of bribery had not been made out against Wheeler, and gave it as his judgment that the appeal should be allowed with costs.

Justice Fournier, in a few remarks, expressed concurrence with the Chief Justice.

Justice Henry concurred.

Justices Taschereau and Gwynne dissented. The former thought there had been a gross act of bribery committed.

News Condensed.

—Rev. Mr. Chisholm is in Montreal.

—The Royal party arrived at Montreal last evening.

—The County of York are about to build a new Court House.

—Salmon and codfish have already appeared at Gaspe in considerable numbers.

—On the 10th inst. the Carriage factory of Castleton Bore, Clinton, was burned.

—Duncan Dawson, 35 years old, was killed by lightning on the 10th near St. Marys.

—Alex. Simpson, a boy four years old, was drowned at Peterboro' on the 10th inst.

—The Queen accompanied by the Princess Beatrice, will probably visit Ireland next August.

—A firm in Pictou Co., Nova Scotia, realized 300 ounces of gold as a result of ninety days' labor.

—The *Witness* complains that the markets in Montreal are glutted with half-fatted beef and mutton "critters."

—The search of the *Albatross* disclosed the fact that she had no arms on board. The captain threatens to sue for damages.

—A boy named John, while trying to get a drink in the river at Ottawa on the 10th inst., fell in and was drowned.

—Jordan, the Canadian cricketer and deserter has been transferred from Leinster to the headquarters of the Horse Guards.

—On Thursday night last, Joseph Henderson, son of Mr. Andrew Henderson, auctioneer Toronto, fell off the propeller *Chaplain* and was drowned.

—Mr. Leonard Bell, C. E., recently of the Intercolonial and Canada Pacific Railway, was appointed Chief Engineer of the Lake Ontario Southern Railway.

—The house of Mr. Wayward, Toronto, was entered on the night of the 9th inst., the inmates and dog chained, and some money and several valuable articles taken.

—40,000 loaves belonging to Messrs. Brickland & Sherrie, Port Hope, broke the boom above their mills at Lakefield, on the 10th inst., and went over the dam. This will be a serious loss to the firm.

—Several gentlemen are said to be moving towards organizing a professional tagata at Ottawa on the 1st of July. The intention is to offer about 1,200 in prize, and it is believed in this way Haines, Boyd, Riley and other carmen can be brought together.

TORONTO CONFERENCE.

SECOND DAY.

AFTERNOON SESSION.

The President took the Chair at 2 o'clock. Devotional exercises were conducted for 15 minutes. The Secretary read the minutes of the morning session, which were confirmed.

Rev. E. Barras, M. A., introduced the following resolution, which was adopted by the Conference: "Resolved, That the Minutes of the Toronto Conference be confirmed; and that the Conference do hereby express its approval of the same."

Whereas the reports of several of the Ministers in this Conference are far below what they should be, and

Resolved, That a Committee be appointed to devise some plan by which the formation of a permanent fund, or other means for the maintenance of the same, so that the minimum salary required by the General Conference may be paid to all ministers and preachers who are laboring within the bounds of this Conference, be referred to the Committee on Memorial.

The question, what provision for the Ministry are appointed to attend college was next considered. The following are recommended by their respective District Committees to be permitted to attend; their cases were referred to the Educational Committee: R. Grestis, B. Jenkinson, D. McNamee, W. J. Weston, J. B. Boddy, N. B. Conroy, J. Edgar, T. B. Bevan, J. H. Campbell.

The question, what provision for the Ministry are appointed to attend college was next considered. The following are recommended by their respective District Committees to be permitted to attend; their cases were referred to the Educational Committee: R. Grestis, B. Jenkinson, D. McNamee, W. J. Weston, J. B. Boddy, N. B. Conroy, J. Edgar, T. B. Bevan, J. H. Campbell.

The question, what provision for the Ministry are appointed to attend college was next considered. The following are recommended by their respective District Committees to be permitted to attend; their cases were referred to the Educational Committee: R. Grestis, B. Jenkinson, D. McNamee, W. J. Weston, J. B. Boddy, N. B. Conroy, J. Edgar, T. B. Bevan, J. H. Campbell.

The case of James Marshall was reconsidered, and after a lengthy discussion the Conference decided to allow him to attend college another year. He is regarded as having travelled two years.

Professor Shaw, of Wesleyan College, Montreal, Rev. W. Briden, R. N. Adam, P. O. Reynolds, of the Montreal Conference, Rev. R. Lane, Professor Bagley, of Albert College, and Rev. P. E. Dwyer, of the Toronto and Island Park Association, were introduced to the Conference. The latter gentleman, though an American, is warmly attached to Canada and claims that he has had a growing attachment there for 15 years. He even prefers this country to his own in some respects. He addressed the Conference in a most felicitous manner and invited the members of the Conference to come with their families and friends to the Thousand Island Park, where they would find a delightful summer resort without any of the evils which are often inseparable from watering places.

The President welcomed the visitors and assured them that he gave the Conference great pleasure to receive them.

Two years' probationers were then called for, and the Secretaries of Districts read the following names: J. Waite, T. Speis, H. Jenkinson, R. Grestis, J. E. Starr, D. McNamee, J. Liddy, G. B. Adams, M. B. Conroy, W. Houston, C. C. Blackly, T. H. Gilbert.

Who have travelled one year: T. W. Crockett, A. J. R. Reid, A. D. Wheeler, E. Baskin, J. H. Campbell, J. C. Speer, W. W. Andrews, W. Wilson.

Who are received on trial: J. W. Wilkinson, J. M. Caldwell, R. H. Leech. Dr. Dewar gave notice of motion relative to the rights of Annual Conferences to elect members to the Transfer Committee in addition to the President of the said Conference.

Rev. R. Young gave notice of motion, recommending the Education Committee not to employ any salaried agent, unless the appointment is absolutely necessary.

Several announcements were made, the doxology was sung, Rev. G. T. Richardson led in prayer, the benediction was pronounced, and the Conference adjourned.

THIRD DAY.

MORNING SESSION.

The President took the Chair at 9 o'clock, and after devotional exercises were gone through, the minutes of the previous day were read and confirmed. The Chair called for reports.

Rev. J. Douse, Treasurer of the Superannuated Fund, read his annual report. Total income for 1879, \$31,402.60; Expenditure—158 annuitants and 53 widows; a small item for printing, travelling expenses, and Treasurer's salary, \$1,400. Total disbursements, \$54,690.99. The lay members especially hope that soon the amount may be \$100,000, as for some years past the amount to which the annuitants are entitled have not been paid in full, and they will not be paid in full this year, as the income in both the London and Toronto Conferences is below that of last year.

Rev. J. H. Starr, Treasurer of the children's fund, presented the report of the Committee's report. The income is \$14,750.53. The expenditure for 488 children at \$30 each and at \$12 each, amounts to \$14,700. The net income was only \$50, which leaves a balance of \$50 on hand. Rev. J. H. Starr was recommended to be continued as Treasurer. The report was unanimously adopted.

Dr. Burwash read the report of the Educational Committee, which recommended to attend College: T. B. Bevan, J. W. Hill, J. Boddy, J. H. Campbell, W. West, J. Caldwell. Conference decided to accept the report.

The question of young men who are receiving of the Ministry was reconsidered. The following were recommended to be permitted to attend: Rev. J. A. MacDonald, W. Wood, W. Elliott, L. W. Puffer, W. A. B. Wood.

SELECTING A PASTOR.—The difficulty referred to in yesterday's issue with regard to the settlement of the Rev. Dr. Sanderson over the Dundas Street Methodist Church, London, has been removed. The protest of the congregation was successful, the Conference at Hamilton at the last moment decided to place Dr. J. S. Ross as pastor of the Centre Street Church, and giving Dr. Sanderson the Dundas St. East Church. Some talk talking was indulged in by members of the congregation of the Centre Street Church, and the people were made if the Conference did not make the change.

THE McNAMEE CASE.—This case continued to excite a good deal of interest in the Conference. Mr. Quinn, Counsel for Mr. MacDonald, was called for. Mr. J. A. MacDonald at Ottawa, but was told it was a matter in which the Conference could not interfere. Sir John MacDonald did not go into the merits of the case, but was simply told that the Government had no jurisdiction in commitments for contempt of Court, and that it could only exercise the power when persons have been convicted of crime. A writ of habeas corpus was asked for, which is to be argued to-day.

LIQUIDATION.—At a meeting of the shareholders of the Consolidated Bank at Montreal on the 1st of July, the appointment of Liquidators, the following were appointed: Mr. Robert Moat for the shareholders; Hon. D. A. McDonald for the creditors; and Mr. W. W. Ogilvie for the Government.

Conference Educational Meeting.

After devotional exercises the President of the Conference gave a few words of introduction, and called upon Dr. Burwash to read the report which contained the educational intelligence that the collections within the bounds of the Toronto Conference had fallen below the requirements of the Committee.

The total amount received is \$1,011.54 being a deficiency of \$248.22. Assistance has been given to 10 probationers and 10 students. The amount of \$275. London Conference contributes 150 per cent more than Toronto which claims to be the banner conference; if she would keep her position, there must of necessity be more liberal contributions made on behalf of the great cause of education.

Professor Royce claimed that the Methodist Church throughout the world is committed to the cause of Education. Christianity, by its influence on the mind, has rendered education a necessity.

The meeting was kind of an excellent one. All the speakers acquitted themselves well. The audience was large, and appeared to be much interested in the subject. The evening session was equally successful, and was attended by a large number of people.

Canada Presbyterian Church.

SECOND DAY.

The morning session of the Synod was chiefly devoted to the appointment of Ministers, reception of reports and ordinary business. The House Mission and the Committee report expresses gratitude to God for all they had been able to accomplish. Many new appointments had been made, and the contributions received were in excess of those of the year preceding. The year had commenced with glowing prospects, but they had been able, under God's blessing, not only to pay their indebtedness, but to extend their operations. A description of the work is given in detail.

The following reference to Manitoba Presbytery was made: "The Manitoba Presbytery was organized in 1870. It has since that time been engaged in the work of evangelizing the province. It has since that time been engaged in the work of evangelizing the province. It has since that time been engaged in the work of evangelizing the province."

CAST ON THE WORLD:

The Border Marriage.

A STORY OF THE GREAT GLASGOW

DANK ROBERTS.

(CONTINUED)

"Then I have your approbation in refus-

ing to give her up as Mr. Ravensworth de-

manded?"

"You have more than my approbation

Charles; you have my warmest admi-

ration; you have shown me that she will

live and love me as I love her. Wait but

a little and you will find it so."

"I cannot, cannot wait. It is better for

me to leave her now than to wait and

pain me by asking me to remain."

"Oh, I understand; I understand,"

murmured Lydia. "A little while and you

will be my boy, my boy, where can you

go?"

"Do not be uneasy as to my circum-

stances. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

money, and I have a little more than I

need. I am not poor. I have a little

BELLEVILLE, SATURDAY, JUNE 12.

Local Notices.

Notice under this head (i.e., a notice) is inserted after the insertion of a notice. When you want a beautiful light snowflake biscuit or pastry for a Queen, then buy Bon-Ton, the pure French Baking powder—guaranteed. 3614

City and Vicinity

CITY COUNCIL.—A regular meeting of Council will be held on Monday night.

PERSONAL.—Mr. Robert Menzies, formerly of this city, but now of Syracuse, is in town, visiting his relatives.

COUNTY COUNCIL.—The County Council concluded its business this morning and adjourned until the 23rd of November.

ENDLESS PUNISHMENT.—Remember the lecture of Rev. Dr. Jeffers on the above subject in the Bridge St. Methodist Church this evening.

PERSONAL.—Mr. George Wilson, editor and proprietor of the Port Hope News, is in town. Mr. Gordon, of the Toronto Western Gazette, visited Belleville yesterday.

SABBATH SCHOOL.—The Sabbath School meeting at 2:30 p. m. in the Bridge Street Church to-morrow will be of full interest. The gentlemen who are to deliver addresses are influential members of the Conference, and well skilled in the subject.

FALL WEATHER.—Mr. David Giffin, of the 8th Con. of Soldiers to-day, showed at this office an excellent sample of fall wheat of the Scott variety. It measured 51 8/16 in height; and the berry was full and plump and was an excellent exhibit of this season's growth.

VISITING THE CONFERENCE.—The interesting meeting held last evening in the Bridge St. Church, attracted large numbers of people from a distance. The Forum brought a large party from Trenton, while the arrivals from different parts of the adjoining townships were numerous.

RECOVERY.—The Ottawa Citizen of the 11th inst. says: "Mr. K. J. Kennedy, formerly of the Ottawa Branch of the Merchants' Bank, who had his eyes so seriously injured by the premature discharge of a cannon at Belleville, is recovering, and it is now thought that his sight will be preserved."

ALUMNI SOCIETY.—The annual lecture before the Alumni Society of the University of Toronto, delivered by Rev. Wm. Blair, B. A., on Monday, June 14th, at 8 p. m., in the college chapel. The lecturer has an established reputation as a clear thinker and a good speaker. We predict an excellent treat.

DROWNED.—A correspondent, writing from Bridgewater under date June 11, says: "A painful accident happened here to-day. A little girl about five years old, youngest daughter of Mr. Markies of this village, was playing with a little boy about her own age by the river side, when she fell off the bank and was drowned before anyone was aware of the accident."

BAZAR.—As has previously been intimated, a bazaar is to be held in aid of Christ Church organ fund, and the opening is now announced for the 17th inst. The bazaar, which is to be held in the Coleman building opposite the Metropolitan block, will be continued on the 18th and 19th. A large variety of useful and fancy articles will be offered, and refreshments, including strawberries and cream, ice cream, &c., can be had at all hours.

AN OLD RESIDENT GONE.—Mr. John Davis, father of W. H. Davis, of Tread, one of the oldest residents of Prince Edward County, passed away on the 7th inst. He carried on the harness business for a number of years in Picton, but had lately resided in Bloomfield, where he died. He was well known throughout the county and highly respected by all who knew him for his upright character. He was a good living member of the Methodist Church for over sixty years, and died at the ripe old age of eighty-one. The last words he said were, "All is well."

A SAD DEATH.—A bright little girl four years old, daughter of Mrs. James Pringle, hotel keeper, was killed on the harbor railway switch at Whitby on the 10th inst. under most distressing circumstances. The track runs between the hotel and stable, and a platform car was standing on the track between the hotel and the stable. Her little daughter was at the opposite end of the car, and the first warning the poor mother had of the danger was the car passing over her poor child's body. Death was instantaneous. The terrible grief of the bereaved mother has almost driven her to distraction.

A DISCREETLY BURNED.—A scene not very creditable to some of the participants occurred in the vicinity of the market building yesterday forenoon. A poor unfortunate under the influence of strong drink was performing some curious antics, when a couple of young gentlemen (?) who presume they would consider themselves insulted if they were not called—stepped on one of the market building steps, though they would have some sport out of him, and they commenced a series of petty annoyances which excited the poor victim of drink so that he raved around the street like a maniac, and his performance seemed to create special satisfaction to the young gentlemen (?) referred to. This continued for some few minutes when a crowd began to gather and a policeman appeared upon the scene, who instead of restraining the young men who were the cause of the trouble, waved his baton at the unfortunate victim, and with a flourish of trumpets made him bow.

When he had taken the young men in question and put them in the cells for a few hours, it would have been only serving them right.

ALBERT UNIVERSITY.—The annual Baccalaureate service will be preached in the M. E. Tabernacle on Sunday morning, at 11 o'clock a.m., by the Rev. Dr. Watson, of Spencerport, New York.

TRENTON AS A TOWN.—The Advocate says: "Trenton will celebrate Tomorrow Day with might and main this year. The Council have granted \$400 for that purpose and the Fire Co., \$100, and private subscriptions figure something over \$100 more, thus making over \$900 to be expended on that day in entertaining invited guests and furnishing amusements suitable for the occasion. We understand quite a number of invitations will be sent out to the different neighboring fire companies to come and participate in the day's enjoyment, also a number of neighboring bands. Satisfaction arrangements have been made with the different railway companies and steamboats, to Trenton for one fare on this day. As the town council, the fire brigade and a number of influential citizens are on the committee for sports and amusements, this will no doubt be the grandest celebration Trenton has ever been honored with, after July 1st, Trenton will have the title of a town. This may in some ways be attributed to the good results of the N. P. North Hastings.

(From the Trenton Herald, June 10th.) THE IRON TRADE. The depression in the iron trade still continues, but parties interested here are of opinion that prices will soon be up again, and business resumed. At the Seymour mine Mr. Pusey intends keeping the men at work getting out ore ready for shipment as soon as prices are high enough to make it profitable. We understand a force are steadily employed at the Duffin mine getting it in good condition for extensive work. Mr. Munro continues to ship ore from his Sarnia mine, and we hear that he has nearly the same force of men at work now as during the winter. Operations for the present, we believe, have entirely suspended at the Hematite mine. The mine operated by Mr. H. S. McMillan, for the Messrs. Andrews, of Youngstown, have been closed down, and that gentleman left the village for good on Friday last. We trust, however, when the business revives he will find his way back here again.

THE GOLD MINES. Recent operations at the Malone gold mines have been most satisfactory. We have been informed that as high as \$115 per ton was realized from the concentrated ore lately put through the Severn mill. A number of the men employed have suffered from poisoning, caused by escaped arsenic, but no serious results are apprehended. We understand crushing is going on regularly now.

THE SLATE QUARRIES. The Review gives an extended account of the opening of the slate quarry on Mr. Aylworth's property, about a mile north of the village. Says the Review, "it is in the form of a high ridge, about twenty-five yards wide and some two or three hundred yards long, extending diagonally from the gravel road to the road running east and west. A natural 'face' is found almost any point along the sides on account of the slate ridge being higher than the land around it, which will make the work of quarrying it comparatively easy. The samples already taken and pronounced by judges to be of the best quality, fully equal if not superior to the slate brought from Lower Canada. The quantity is undoubtedly also unlimited, it being estimated that it covers at least an extent of two acres of ground. The quality of slate improves the deeper it goes down, but the whole of the surface can be utilized for flag stones, for which there is nothing better than this material. A derrick will be erected immediately, and the leases are of opinion that in a few months, when they get the business fairly established, they will be able to give employment to between fifty and seventy-five hands.

As an evidence that this quarry is all that is claimed for it we might state that Messrs. Lee and Gronberg have taken a contract for slating Moon's Hotel, and negotiations are also in progress for supplying the same material for the new M. E. Church.

At the University Examinations, Toronto, the following Honors were carried off by students from Madoc: William F. Seymour—first year—First Class Honors in Mathematics.

Herbert R. Wood—second year—First Class Honors in Chemistry, Mineralogy, and Geology, and Second Class Honors in Biology.

Building operations are being carried on extensively. The Wilson Block is in the hands of the carpenters, the brick work being finished. Moon's hotel is being rapidly pushed forward. Mr. Wellington Bristol and his wife are erecting a new residence, of frame, two stories. Brick for the new M. E. Church is on the ground, and when finished will be one of the finest edifices in the County.

Messrs. Dale & Son are making extensive alterations in their business on Durham St.

Rev. Father Davis is also making great improvements in some buildings he has purchased.

Seasonable Topics.

Urgent Pears made their appearance today for the first time this season. The price asked was 50 cents per peck in the bush.

The Intelligencer has the largest circulation of any paper in the Bay of Quinte District, and is consequently the best medium for Advertising. Business men, make a note of it.

The market was abundantly supplied today with vegetables, and prices were reasonable. A few baskets of ripe, luscious strawberries, grown in this vicinity, were quickly gobbled up at 30c and 25c per bush.

Those who want Job Printing of any description will consult their interests by calling at the INTELLIGENCER office. The farmer wears a smiling face to-day, and will be wiser, for in the history of twenty years, such prospects of an abundant harvest were never seen in Canada.

Terrible Collision.

THIRTY LIVES LOST.

New York, June 12.—The steamer Narragansett, which left New York last evening for Stoughton, and her companion the Stoughton, which left Stoughton for New York, collided off Cape Cod about 11:15 last night. The former took fire and sank in 4 fathoms of water. The passengers from both steamers were transferred to the City of New York, which arrived at New York 10:15 this morning. Only two bodies recovered.

STOUGHTON, Ct., June 12.—The Stoughton arrived at 6:30 this morning with about 300 passengers from the Narragansett. The loss of the former is above in 3 feet of water. The steam nearly exploded. The Stoughton was on fire at 11:30 on the starboard side forward of the wheelhouse. The shock burst the gas tank in 16 minutes. The Narragansett was on fire. She sank in four fathoms of water.

The New York and Providence came to her assistance, and all the boats and life rafts of a steamer were lowered. It was 2 hours before the last survivor was picked up. Most of the passengers were transferred to the City of New York. The passengers say the collision was the result of the Narragansett's behavior with great coolness and nerve. On the arrival of the Stoughton, the village was aroused, and men and women hastened with clothing and assistance. Twenty-five women on board in night clothing, one of whom died before reaching here from the shock, and is not yet identified. One man also died, the Rev. Dr. J. J. Wood, 55th St. Methodist Church, New York, who was on his first trip east. Most of the eastern board passengers left on special train with everything they could get. No estimate can be made here of the loss of life.

The surviving passengers agree that a passenger list of more than 300 is a large number must be lost, as the water around the burning steamer was alive with struggling people, struggling to escape the suffocating smoke. The Stoughton brought back about fifty rescued passengers, mostly ladies, most of whom were in the water several hours. They had on only their night clothing, and the ladies of Stoughton turned out and dressed them up before being sent home on special train. One lady had about \$50 in her pocket, which was lost. Two ladies died on the Stoughton after being picked up by the remains saved from the wreck.

Providence, June 12.—A despatch from the clerk of the Narragansett estimates the loss of life at 30.

News Condensed.

—The Royal party left Montreal for Quebec last night.

—The Congressional Union of Ontario and Quebec is in session in Montreal.

—A thunder storm at Goderich on the 11th did a large amount of damage to the crops.

—A great rowing regatta in Toronto Bay is talked of before the season is over.

—The Presbyterian Church at Natick, near London, was struck by lightning on the 11th inst. and destroyed. Loss \$3,000.

—Duncan McInnes, a farmer living near Rodney, Ont., committed suicide on the 11th inst. by hanging himself.

—These sailors were drowned in trying to get ashore from the wreck of the Gander, off Sable Island.

—Several barns and a large number of cattle in London Township were destroyed by lightning on the 11th.

—Another effort is to be made to procure the commutation of sentence on DeCoutre, who was sentenced to be hanged on the 16th.

—A man was arrested in Toronto, on the 11th, having in his possession several copies of the Dominion of Canada Bank counterfeit bills.

—A rail broke up in the rapid near Montreal on the 11th and three of the raftsmen—2 Indians and a French Canadian—were drowned.

—In the McNamee case, Montreal, argument was heard yesterday in the application for a habeas corpus. Judgment will be given to-day.

—Benjamin Carper, the Indian who was found guilty some time ago, of wife murder, was hanged at Brandon, on the morning of the 11th inst.

—Mr. A. J. Russell, of the firm of Russell & Allan, dry goods merchants, Ottawa, dropped dead on the 11th, it is supposed from apoplexy.

—The City Council of St. John, N.B., has raised the license for commercial travellers from \$40 to \$75, and the penalty is \$100 for doing business without a license.

—A collision on the Midland Railway, at Beaverton, on the 11th inst., destroyed two cars, disabled several others, and injured the engine. No one was seriously hurt.

A HORRIBLE OUTRAGE.—A telegram from Chatham, June 11th, says: "In the township of Andover, in Essex County, a colored man has been living with a white woman, a fact that so enraged the white inhabitants that a few evenings since a party of them visited the domicile of the couple and insisted that the most disgraceful personal mutilation. Traces were left whereby the parties may be identified, but in the neighborhood very little effort is likely to be made, owing to the ill-repute of the maltreated parties."

THE LONDON CHURCH DIFFICULTY.—A London despatch of the 11th inst. says: "The London East Methodist congregation met last night and resolved that they would not under any circumstances, have Rev. Dr. Sanderson as their pastor."

MORNING DESPATCHES.

EUROPEAN.

DUBLIN, June 12.—Thirty families among the poorest in Connemara district, said to be Boston territory. Their passage was paid by Father Nugent, under whose care they will go to farm in America. Before the departure Father Dowley made an affecting farewell address. The scene was most touching, the ragged women and children weeping at clinging to the clergymen and one another.

AMERICAN.

BERRY, Ind., June 12.—A party of tramps encamped on the outskirts of the town attempted to outrage a young girl yesterday, and threatened to shoot a girl. Marshall Pierce if they were disturbed. Pierce shot one tramp dead, and after a running fire captured four.

PHILADELPHIA, June 12.—The Times' New York special says a quiet effort is being made to start a Grand Union for Cincinnati. Great Barlow and several others are reported in communication with Grant, to ascertain whether he would accept a democratic nomination and platform.

New York, June 12.—Specials report the fire at the City Hall at last reports reported on the 11th inst. as having been utterly destroyed and in very short time 200,000 lbs of oil were burned and a number of other tanks are sure to be burned. This oil will be made up by a general average.

Early yesterday morning the wife of A. Drew Blackwell, a wealthy farmer near Trenton, crept into her husband's bedroom and strangled him with her throat. The wife is said to be insane.

Peter Carroll, silk weaver, while on a spree yesterday, shot himself in the head in front of a locomotive in Paterson.

AFTERNOON DISPATCHES.

LOANERS, June 12.—Class J. Church, a broker in the English Railway market, and Edward Smith, jr., a jobber with large accounts in Egyptian securities and some American railways, have failed. Smith drew a check on the Bank of England yesterday amounting to \$175,000.

Hartford, June 12.—Probabilities for the next twenty-four hours: For the lower lakes moderate to fresh winds, mostly between the south and west, partly cloudy, continued hot weather, with local showers and thunder storms.

WASHINGTON, June 12.—Indications: lower lakes, stationary; higher temperature; partly cloudy, occasional local rains.

One Way to Economize.

Many a poor man, if required to account for his means in which he has expended his income, would list bills of his family physician for "medical services" among the leading items. In seven cases out of ten, acute diseases are the result of some chronic disease. Thus, fevers invariably result from diseased conditions of the blood and liver, and a timely use of alterative, or blood purifying, and cathartic remedies would have averted the disease. In several cases of cholera, dysentery, and other diseases, the use of the Golden Medical Discovery and Pleasant Purgative Pills are the best remedies, and cathartic medicines yet compounded. Full directions are given for administering them, together with an accurate description of the symptoms demanding their use. They will not cure all human ills (as some medicine men are advertised to do), but they will cure the diseases for which they are compounded and recommended.

A Wonderful Discovery.

For the speedy cure of consumption and diseases of the chest, such as asthma, cough, neglected colds, Bronchitis, Hay Fever, Asthma, pain in the side and chest, dry hacking cough, choking in the throat, Hoarseness, Sore Throat, and all chronic or lingering diseases of the throat and lungs. Dr. KIRO'S New Disp. very has no equal and has established for itself a world wide reputation. Many leading physicians recommend and use it in their practice. The formula from which it is prepared is highly recommended by all medical journals. The clergy and the press have complimented it in the most glowing terms. Go to your druggist and get a trial bottle free of cost or a regular size for \$1.00. For sale by JAS. CLARKE & Co.

Bucklen's Arnica Salve.

The Best Salve as the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Itching, Chapped Hands, Chills, Corns, and all kinds of Skin Eruptions. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per tin. For sale by JAS. CLARKE & Co.

Commercial.

Oats dull, nominal. 146,000 bbls; sales 80,000 bbls, 28c to 40c mixed whn. and state; 39c to 40c white do. Pork steady \$11.45. Lard dull, \$7.10. Butter 8c to 12c. Wheat 9c to 12c.

CHICAGO MARKETS.

Chicago, June 12.—Wheat, receipts 27,000 bush; sales 30,000 bush, June 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 1c; July, 31c; Aug., 32c; Sept., 33c; Oct., 34c; Nov., 35c; Dec., 36c; Jan., 37c; Feb., 38c; Mar., 39c; Apr., 40c; May, 41c; June, 42c; July, 43c; Aug., 44c; Sept., 45c; Oct., 46c; Nov., 47c; Dec., 48c; Jan., 49c; Feb., 50c; Mar., 51c; Apr., 52c; May, 53c; June, 54c; July, 55c; Aug., 56c; Sept., 57c; Oct., 58c; Nov., 59c; Dec., 60c; Jan., 61c; Feb., 62c; Mar., 63c; Apr., 64c; May, 65c; June, 66c; July, 67c; Aug., 68c; Sept., 69c; Oct., 70c; Nov., 71c; Dec., 72c; Jan., 73c; Feb., 74c; Mar., 75c; Apr., 76c; May, 77c; June, 78c; July, 79c; Aug., 80c; Sept., 81c; Oct., 82c; Nov., 83c; Dec., 84c; Jan., 85c; Feb., 86c; Mar., 87c; Apr., 88c; May, 89c; June, 90c; July, 91c; Aug., 92c; Sept., 93c; Oct., 94c; Nov., 95c; Dec., 96c; Jan., 97c; Feb., 98c; Mar., 99c; Apr., 100c; May, 101c; June, 102c; July, 103c; Aug., 104c; Sept., 105c; Oct., 106c; Nov., 107c; Dec., 108c; Jan., 109c; Feb., 110c; Mar., 111c; Apr., 112c; May, 113c; June, 114c; July, 115c; Aug., 116c; Sept., 117c; Oct., 118c; Nov., 119c; Dec., 120c; Jan., 121c; Feb., 122c; Mar., 123c; Apr., 124c; May, 125c; June, 126c; July, 127c; Aug., 128c; Sept., 129c; Oct., 130c; Nov., 131c; Dec., 132c; Jan., 133c; Feb., 134c; Mar., 135c; Apr., 136c; May, 137c; June, 138c; July, 139c; Aug., 140c; Sept., 141c; Oct., 142c; Nov., 143c; Dec., 144c; Jan., 145c; Feb., 146c; Mar., 147c; Apr., 148c; May, 149c; June, 150c; July, 151c; Aug., 152c; Sept., 153c; Oct., 154c; Nov., 155c; Dec., 156c; Jan., 157c; Feb., 158c; Mar., 159c; Apr., 160c; May, 161c; June, 162c; July, 163c; Aug., 164c; Sept., 165c; Oct., 166c; Nov., 167c; Dec., 168c; Jan., 169c; Feb., 170c; Mar., 171c; Apr., 172c; May, 173c; June, 174c; July, 175c; Aug., 176c; Sept., 177c; Oct., 178c; Nov., 179c; Dec., 180c; Jan., 181c; Feb., 182c; Mar., 183c; Apr., 184c; May, 185c; June, 186c; July, 187c; Aug., 188c; Sept., 189c; Oct., 190c; Nov., 191c; Dec., 192c; Jan., 193c; Feb., 194c; Mar., 195c; Apr., 196c; May, 197c; June, 198c; July, 199c; Aug., 200c; Sept., 201c; Oct., 202c; Nov., 203c; Dec., 204c; Jan., 205c; Feb., 206c; Mar., 207c; Apr., 208c; May, 209c; June, 210c; July, 211c; Aug., 212c; Sept., 213c; Oct., 214c; Nov., 215c; Dec., 216c; Jan., 217c; Feb., 218c; Mar., 219c; Apr., 220c; May, 221c; June, 222c; July, 223c; Aug., 224c; Sept., 225c; Oct., 226c; Nov., 227c; Dec., 228c; Jan., 229c; Feb., 230c; Mar., 231c; Apr., 232c; May, 233c; June, 234c; July, 235c; Aug., 236c; Sept., 237c; Oct., 238c; Nov., 239c; Dec., 240c; Jan., 241c; Feb., 242c; Mar., 243c; Apr., 244c; May, 245c; June, 246c; July, 247c; Aug., 248c; Sept., 249c; Oct., 250c; Nov., 251c; Dec., 252c; Jan., 253c; Feb., 254c; Mar., 255c; Apr., 256c; May, 257c; June, 258c; July, 259c; Aug., 260c; Sept., 261c; Oct., 262c; Nov., 263c; Dec., 264c; Jan., 265c; Feb., 266c; Mar., 267c; Apr., 268c; May, 269c; June, 270c; July, 271c; Aug., 272c; Sept., 273c; Oct., 274c; Nov., 275c; Dec., 276c; Jan., 277c; Feb., 278c; Mar., 279c; Apr., 280c; May, 281c; June, 282c; July, 283c; Aug., 284c; Sept., 285c; Oct., 286c; Nov., 287c; Dec., 288c; Jan., 289c; Feb., 290c; Mar., 291c; Apr., 292c; May, 293c; June, 294c; July, 295c; Aug., 296c; Sept., 297c; Oct., 298c; Nov., 299c; Dec., 300c; Jan., 301c; Feb., 302c; Mar., 303c; Apr., 304c; May, 305c; June, 306c; July, 307c; Aug., 308c; Sept., 309c; Oct., 310c; Nov., 311c; Dec., 312c; Jan., 313c; Feb., 314c; Mar., 315c; Apr., 316c; May, 317c; June, 318c; July, 319c; Aug., 320c; Sept., 321c; Oct., 322c; Nov., 323c; Dec., 324c; Jan., 325c; Feb., 326c; Mar., 327c; Apr., 328c; May, 329c; June, 330c; July, 331c; Aug., 332c; Sept., 333c; Oct., 334c; Nov., 335c; Dec., 336c; Jan., 337c; Feb., 338c; Mar., 339c; Apr., 340c; May, 341c; June, 342c; July, 343c; Aug., 344c; Sept., 345c; Oct., 346c; Nov., 347c; Dec., 348c; Jan., 349c; Feb., 350c; Mar., 351c; Apr., 352c; May, 353c; June, 354c; July, 355c; Aug., 356c; Sept., 357c; Oct., 358c; Nov., 359c; Dec., 360c; Jan., 361c; Feb., 362c; Mar., 363c; Apr., 364c; May, 365c; June, 366c; July, 367c; Aug., 368c; Sept., 369c; Oct., 370c; Nov., 371c; Dec., 372c; Jan., 373c; Feb., 374c; Mar., 375c; Apr., 376c; May, 377c; June, 378c; July, 379c; Aug., 380c; Sept., 381c; Oct., 382c; Nov., 383c; Dec., 384c; Jan., 385c; Feb., 386c; Mar., 387c; Apr., 388c; May, 389c; June, 390c; July, 391c; Aug., 392c; Sept., 393c; Oct., 394c; Nov., 395c; Dec., 396c; Jan., 397c; Feb., 398c; Mar., 399c; Apr., 400c; May, 401c; June, 402c; July, 403c; Aug., 404c; Sept., 405c; Oct., 406c; Nov., 407c; Dec., 408c; Jan., 409c; Feb., 410c; Mar., 411c; Apr., 412c; May, 413c; June, 414c; July, 415c; Aug., 416c; Sept., 417c; Oct., 418c; Nov., 419c; Dec., 420c; Jan., 421c

view of the awful condition of the lost sinners, that he could on no account see differently from what he was then doing. If all ministers were thus actuated, there would be no more of those empty, unproductive, and unprofitable conferences about the lack of success in the Ministry, would that all would go forth from this Conference thus equipped, what a grand year the ensuing one would be. He exhorted the young men especially to be instant in season and out of season. He like the captain, who was on the first battle of Gettysburg and yet he spent the night after that bloody engagement in making known to those who were materially wounded the way of salvation. There then to the Christian reward. They that turn many to righteousness, shall be blessed. The fruit of the Ministry is a multitude, better than to be such. Let them contrast the difference between the death of a faithful and a faithless man. He hoped that the Christian class would be faithful. Some of them at least would not be sent to what may be called the foreign home, but they will be forgotten and in the end they will receive a grander reward than any Victoria Cross won by any brave soldier. British Army. He hoped that the Christian class would be faithful. Some of them at least would not be sent to what may be called the foreign home, but they will be forgotten and in the end they will receive a grander reward than any Victoria Cross won by any brave soldier. British Army.

A few voices of a hymn were sung, and the collection service by the imposition of hands was then conducted, the President taking the lead. A Bible was given to each of the new ordained young men, while the President at the same time repeated the words: "Take thou authority to preach the word and to administer the Holy Sacraments in the congregation of this church." The service was very solemn and affecting. At the close the doxology was sung and the venerable Dr. Ryerson pronounced the benediction and this memorable service was brought to a close.

BRIDGE ST. CHURCH SUNDAY SCHOOL MEETING.

Notwithstanding the length of service in the morning, there was a large attendance at the Sunday School meeting in Bridge St. Church in the afternoon. On the platform were seated Rev. Dr. Ryerson, the pastor of Bridge St. Church, Rev. Dr. Dewart, editor of the *Christian Guardian*, Rev. W. H. Laird, of Port Hope, Rev. Wm. Rogers and S. C. Rose, former pastors of Bridge St. Church, Rev. George Washington, Rev. G. Granger, a former pupil in the school, and the President of the school, Mr. Wm. Johnson.

The school, as usual, was seated in the centre part of the church and acquitted themselves in that admirable manner that it has been our pleasant duty frequently to relate to.

Addresses were delivered by the Revs. George Washington, S. P. Rose and W. H. Laird, the Rev. Dr. Ryerson opening the meeting with prayer. The school and Superintendent read responsively the 146th Psalm. The singing was inspiring and altogether it was a most successful meeting. Reference was made by all the speakers to the peculiarities of the school, namely the unusually large number of senior class scholars in the school, there being 234 over 18 years of age, and the large proportion of the school who are members of the church, there being 246 out of a school of 529.

EVENING SERVICES.
In the evening the church was filled to overflowing, when the Rev. Frederick William Macdonald occupied the pulpit and preached a sermon of rare beauty and power from the text: "The truth shall make us free." The truths implied in the apostle's request were briefly stated. Paul's confidence in the gospel was explained as well as the noble heroism which that confidence implied, a confidence which had often exposed them. They had often been ashamed of themselves, but of the gospel never. To men was defined to mean that the gospel might be a source of permanent influence and all mankind. To do this men must preach the gospel. Ministers are to be both called of God and called by the church. It also meant the removal of the manifold hindrances to the gospel, such as the most insurmountable obstacles in the way of its universal spread. Here Mr. M.D. referred to the grand achievement already accomplished, even in modern times. Nations once in antagonism to each other are now allied together. The Bible too has been translated into at least 250 different languages of the world, does stand open everywhere. Free course is plus the rapidity with which the Gospel progressed by the agency of the Holy Spirit. No man can explain how the spirit of God and that of man influence each other, but God is glorified, it is stated in the Epistle containing the text, glorified in the salvation of many who may be converted, but especially glorified when such men as Augustine, Luther, Bunyan, Wesley and Chalmers are brought into the way of salvation.

In closing the preacher urged the duty of prayer and reminded his hearers that the friends of Christ were to be in the minority and they must act as all minorities do who would not be swallowed up by the majority. They must guard against all kinds of sin and must labor and pray until the Gospel spreads from the rivers to the ends of the earth.

It was a matter of regret that during the delivery of this powerful and thrilling sermon that a great number of young people in the gallery greatly disturbed the service and those who wished to hear him by their leaving the church and walking out in such a manner as though they were required to give as much annoyance as possible.

During the singing of the anthem before reading the Scriptures, some disaster befell the organ, but the choir to their credit, he rendered, sung the hymn before the sermon without the aid of that powerful instrument. Mrs. ———, daughter of Rev. John Shaw, Ex-President, greatly aided the choir by joining them, and also singing a solo during the time the collection was taken.

M. E. TABERNACLE.

MORNING SERVICE.
The annual Baccalaureate sermon in connection with Albert College was preached in the Tabernacle yesterday morning by Rev. Dr. Watson, of Spencerport, N. Y. After the usual services of the morning, which some of the officers of the College took part, the Rev. gentleman was introduced by Rev. Mr. Lane.

Rev. Mr. Watson chose as the subject of his remarks for this morning, "The Ministry of the Word." He took as his text the 11th chapter of 1st Timothy, 20th verse: "Science falsely called." He spoke at length on the ministry of the word, and was the greatest scientist of his age, and who, endowed with a profound intellect and possessing a clear perception, regarded it as his duty to present the Gospel to the world, and in doing this it brought him in contact with this science. He spoke of the periods of science through which the world had passed, and of the recent period as assumed by science and the Bible. He said the scientists of the present day were told to become philosophers, and spoke at some length about the Gospel to the world, to show the many different positions it had maintained. He said Paul recognized two kinds of science, the false and the true; and

if there is opposition between the Bible and science, it will appear that harmony exists between the Bible and true science. He closed a very exhaustive sermon with some words of counsel and advice to the students of the graduating class.

J. H. RATES, NEWSPAPER ADVERTISING.
AGENTS, 41 PARK ROW, (Times Building), NEW YORK.
I am authorized to collect for advertisements in the DAILY and WEEKLY INTELLIGENCER at our best rates.

Daily Intelligencer.
WELLVILLE, MONDAY, JUNE 14.

To Clergymen.
For the convenience of Clergymen attending the Methodist Conference now in session, we will mail from this office to any address, free of postage, the Daily Intelligencer containing full reports of the proceedings, for ten cents a week. Orders left at the Counting Room will be attended to.

Kansas and Dakota.

In their all engrossing desire to make it appear that the policy of the present Government is proving detrimental to the interests of the country, the first press are deceived by patriotic feeling from giving currency to statements of a damaging character, regardless of the truth or falsity of the same. And the great majority of such statements, it may be said, have proved to be either gross exaggerations or deliberate untruths. So with the leading Parliamentary representatives of the party. Mr. Mackenzie last year unpatriotically misrepresented Canada as a field for emigration and subject Texas very highly, while Mr. Blake this year, in his lengthy speech on the subject of the Pacific Railway, made just previous to his elevation to the leadership of the Opposition in the Dominion Parliament, lauded Kansas very highly at the expense of the North-west Territories of the Dominion. The writings and speeches alluded to are receiving extensive circulation not only in Canada and the United States, but in European countries, whence it might reasonably be expected that a large number of industrious people would be drawn to settle in Ontario and our North-West. What the effect of such representations, given on the authority of prominent journals and leading politicians of the Reform party—authorities to which credence will be given where the necessary information as to the assertions and the motives of those who are quoted from cannot be supplied—can readily be imagined. Readers of such documents will of course come to the conclusion that Canada is a very undesirable place for a home, and so many of those who would otherwise have come to the Dominion will direct their course to the United States and aid in building up that country. The loss to Canada owing to such causes cannot fail to be immense; and perhaps this may gratify the authors of the stories in question, whose motto is or ought to be "rule or ruin"; for they cannot bear to see the Dominion prospering under the rule of the Conservative party, who are succeeding where their predecessors in office failed. The people here rewarded these unpatriotic vilifiers of their country as they deserve, and will not rise in returning to favor men who cannot show above mere partisanship and the desire for party advantage.

These remarks are induced by the recent publication by the general agents of a Kansas Railroad Company of extracts from Mr. Blake's speech above referred to, together with Prof. Goldwin Smith's endorsement of the same, as given by the *By-stander*, and the more recent issue in England, by the general agency of the Northern Pacific Railway Company, of hundreds of thousands of copies of an eight page pamphlet entitled "The Logic of Facts. Practical Testimony in favor of Northern Dakota." This "practical testimony," a copy of which has been forwarded by a correspondent, consists of sundry grubbings of a "galvanized Yankee" Englishman, who had lived for some years in Canada, reports as to a great wheat farm in Dakota, and some extracts from the Grit press as to the alleged exodus of Canadians to Dakota. The first of this latter class of items is an extract from the *Montreal Witness*, and is headed "Canadians going to the West," and following it is one of the many untrue assertions of the *Globe*, which journal is quoted from as saying in its issue of March 20th that on the preceding Tuesday an emigrant train had carried 447 persons from Canada for Dakota and only 3 for the Canadian North-West. Of this assertion it may now be repeated what has been stated before, namely that the 447 people bound for Dakota were Vermonters, and simply passing over the Canadian route as the shortest and cheapest. The *Globe*, although corrected on this point, never made the necessary correction, and so go forth to the world that Dakota is the land of promise; or, as it is put in the pamphlet under notice, "Canadian immigrants evidently believe that Canada is a good country to leave." Thus the free trade press and orators continue to furnish emigration literature to our neighbors, of which they gladly avail themselves. Such a contemptible policy ought to be strongly condemned by every man who is interested in the Dominion. The course which the Grits pursued in this matter is a bad one for the country, and we are much mistaken if it does not prove equally bad for the party which has adopted and pursued it with utter indifference to everything except the chance of making political capital.

THE MCNAMEE CASE.—The application for a writ of *habeas corpus* on behalf of Mr. B. P. McNamee, was refused by the Judges of the Court of Appeals. Mr. McNamee was therefore recommitted to goal, where he is continually visited by large numbers of leading citizens of Montreal.

Endless Punishment.

On Saturday evening Rev. Dr. Jeffers delivered a discourse on this subject in the Conference Church.

He began by stating the importance of the subject, and remarked that there were many theories held by learned men respecting it. He wanted that on occasion to speak on the scripturalness of the doctrine and the reasonableness of it. As to the first he held it down as a principle, that it could not be proved by reason. It was purely a matter of revelation. The Bible makes a statement and if we believe in the inspiration of the scriptures we are bound to believe what they say on this and on every subject on which they may speak. The doctor explained the meaning of the word everlasting, and quoted various passages which contain the word, and stated that the meaning is to be understood by the law of usage. The word was mentioned some 71 times in the Bible, in 41 of which it refers to life, not ages lasting as some would have it. Christ speaks of the punishment of hell as being prepared for the Devil and his angels, and if the punishment of wicked men is to terminate so must that of those fallen spirits. The verse in Matthew 25th chap. and 46th verse, "And these shall go into everlasting punishment," which is in Revelation which speaks of death and hell—death, being cast into fire were regarded by the doctor as being impregnable in the defence of the doctrine in question.

In discussing the reasonableness of the doctrine, Doctor Jeffers said that as it was purely a doctrine revealed, reasoning however clear and satisfactory had nothing to do with it. Punishment is always severe to the few but beneficial to the many. He had no sympathy with those gross descriptions of future punishment, which have sometimes been presented, which are most repugnant even to decency, and which he no doubt does much to repel men against the doctrine. God is a just and holy Being, and whatever the punishment may be it will be just right. The Bible speaks of fire and brimstone, but of course these words are only figurative and as Gehenna was the most terrible of all places to the Jews, therefore it was used by the Savior when he was speaking to those respecting future punishment, so fire and brimstone are to us elements which impart the severest pain, and therefore we can better understand it from such description. While he had no idea that there is material fire nor a literal word, he no doubt but that the punishment would be proportionate. As one star differs from another star in glory, so the punishment inflicted will be in accordance with the sin committed and the privileges enjoyed. The doctor exhorted the Ministers to preach the doctrine in a feeling, tender manner, not with a harsh spirit. A resolution of thanks was moved by Dr. Rice, seconded by Rev. F. W. Macdonald and supported by Dr. Taylor, Dr. Neils, and Dr. Dewart in appropriate terms, all of whom spoke in terms of great eulogy respecting the manner in which the subject had been treated by Dr. Jeffers. The audience of course carried the resolution unanimously.

There was a good attendance. The proceeds were for the benefit of the Minister in Bleeker Street Church. Rev. W. Briggs presided.

In Memoriam.

At the final meeting of the Union Revival Committee held on Tuesday evening, 25th May, it was moved by His Worship Mayor Patterson, seconded by R. Richardson, Esq., and unanimously carried, That a Committee consisting of the Secretary, Rev. A. Turnbull and R. H. Shanks, Esq., be appointed to draft a resolution of condolence touching the death of Mrs. J. R. Jaques to be presented to her husband, Rev. Dr. J. R. Jaques, a member of this Committee. The Committee accordingly met and drew up the following resolution, which was presented to the Rev. Dr. Jaques: "Whereas, it has pleased Almighty God to remove from amongst us Mrs. J. R. Jaques, late President of the Women's Christian Association of this City, whose noble and active life was a constant witness to the depth and force of her Christian character; whose love will be long remembered by the community at large, as well as those more intimately connected with her in friendship and Christian labor;

Therefore resolved, That we the Union Revival Committee, do now hereby express our appreciation of the noble services rendered by her, and the hearty sympathy with the bereaved family for her loss; and that we will by our united efforts endeavor to follow her in her Christian life, and that we will ever be true to the truth, "she hath done what she could."

Signed on behalf of the Committee, J. D. STEWART, Chairman.

A. TURNBULL, Secretary.

Belleville, 25th May, 1880.

Canada Presbyterian Church.

MONTRÉAL, June 12, 1880.
After the devotional exercises and the reading of the minutes, the report of the Committee on the Aged and Infirm Ministers' Fund (Western Section) for the year ending April 30th, 1880, was read. The report showed that \$5,339.70 had been paid to retired ministers; our list of contributors for the year was \$5,631.30 and the total expenditures \$5,655.30. The Committee feared that a reduction of the larger annuities will be inevitable unless the income of the present year be considerably larger than that now reported. They anticipated that nearly \$7,000 will be required.

The report of the Committee on the Aged and Infirm Ministers' Fund in the Eastern section for the year ending May 1st, 1880, was read. The report mentioned that one venerable father, who the first person placed upon it, the Rev. John Stewart, of New Glasgow, had been removed by death. The income of the fund was as follows:
Collections from members.....\$75.84
Minister's fees.....412.07
Interest.....216.77
Dividends.....74.20
Bequest.....76.00
Donations.....69.00
Total.....\$1,603.78
The expenditure for the year was \$1,383.33. The status of the fund at present was \$9,176.40.
The Assembly adjourned at noon until Monday, the 14th inst.

The Marine Disaster.

FURTHER PARTICULARS.

The following are additional particulars of the collision between the steamers *Narragansett* and *Stonington* off the Connecticut River, on the 11th: Michael Ingals, a deck hand on the *Narragansett*, said: "I suppose we were about twenty-five miles from Stonington at the time of the collision. I was on deck and saw the boat strike. The *Stonington* struck our boat a few feet in front of the wheel breaking into her boiler, and probably producing an explosion. The *Stonington* at once backed out of sight, although I could see her bow completely crushed and the water was rising. I went and clung to a staving spar, and while there saw boats being lowered from the *Narragansett* upset, and the occupants probably drowned.

The purser of the *Narragansett* stated there were not more than 300 passengers on board, and the loss cannot exceed 50, as it is known more than 200 were brought to the city in the City of New York. Large numbers were taken back to Stonington on the steamer *Stonington*. It is also known that the schooner that came up onto our boats and picked up several people though it is not known who or how many there were.

A passenger states that in 5 minutes the saloon was filled with 5 feet of water. In 10 minutes the steamer was burned almost to the water's edge. A large amount of valuable property was left by passengers in the state rooms. The scene was heartrending. After he had crawled out of his stateroom through a window and found temporary security in a boat, an old lady was noticed struggling in the water. When the boat was pulled up it was discovered she had on 3 months old grandchild closely held to her breast. They were both taken in a boat, and reached a more secure quarter. On the *Stonington*, the collision fire and sinking occurred in such a short time many in their sleep, this year, in his lengthy speech on the subject of the Pacific Railway, made just previous to his elevation to the leadership of the Opposition in the Dominion Parliament, lauded Kansas very highly at the expense of the North-west Territories of the Dominion. The writings and speeches alluded to are receiving extensive circulation not only in Canada and the United States, but in European countries, whence it might reasonably be expected that a large number of industrious people would be drawn to settle in Ontario and our North-West. What the effect of such representations, given on the authority of prominent journals and leading politicians of the Reform party—authorities to which credence will be given where the necessary information as to the assertions and the motives of those who are quoted from cannot be supplied—can readily be imagined. Readers of such documents will of course come to the conclusion that Canada is a very undesirable place for a home, and so many of those who would otherwise have come to the Dominion will direct their course to the United States and aid in building up that country. The loss to Canada owing to such causes cannot fail to be immense; and perhaps this may gratify the authors of the stories in question, whose motto is or ought to be "rule or ruin"; for they cannot bear to see the Dominion prospering under the rule of the Conservative party, who are succeeding where their predecessors in office failed. The people here rewarded these unpatriotic vilifiers of their country as they deserve, and will not rise in returning to favor men who cannot show above mere partisanship and the desire for party advantage.

Stonington, June 14.—The morning papers are still filled with details and incidents of the *Narragansett* disaster. The list of saved numbers 301, dead and missing 48. Capt. Young of the *Narragansett* says: "The collision was the result of a misunderstanding of the pilots of the two steamers. I was in the pilot house going full speed. We whistled and rang the bell and when we caught sight of the *Stonington* I signalled that we would go to the starboard. I then tried to go to the starboard, but through some misunderstanding the vessels approached each other, when I saw a collision probable. I rang two bells to reverse the engine, but we were too late."

The captain of the *Stonington* claims that his whistle was blowing twice a minute, and that the *Narragansett* was doing the same. He adds, "I do not think the *Narragansett* until we were 200 or 300 feet apart. I was in the wheel house; I rang the bell to back the engine instantly, and ordered the helm put hard to port. It is the rule in such cases to port helm, and each ship is expected to follow it, unless something extraordinary happens. Capt. Abrams, of the *Troy* line of steamers, told a *Herald* reporter that no North River steamer runs in a fog, and if a fog falls upon the river, the engines are stopped at once.

Stonington, June 14.—The morning papers are still filled with details and incidents of the *Narragansett* disaster. The list of saved numbers 301, dead and missing 48. Capt. LET THERE BE HARMONY IN THINGS ESSENTIAL—LIBERITY IN THINGS NOT ESSENTIAL—CHARITY IN ALL.

VOL. 14.

BELLEVILLE ONTARIO, TUESDAY, JUNE 15, 1880.

NO. 38.

MANHOOD:

HOW LOST, HOW RESTORED.

We have recently published a new edition of Dr. Culverwell's "Coleridge's Essay on the Nature and Cure of Nervous Debility, Mental and Physical Inactivity, Impotence to Marriage, etc., resulting from excess."

Price, in a small envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practice, that alarming consequences may be safely cured without the dangerous use of internal medicine, or the application of the knife, pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

When you want a beautiful light snowflake biscuit or party fit for a Queen, then buy Bon-Ton, the pure French Baking powder—guaranteed. 3611w

City and Vicinity.

CHEESE MARKET.—The third cheese market, under the auspices of the Dairy-men's Board of Trade, will be held to-morrow.

ROWING CLUB.—A special meeting of the Bay of Quinte Rowing Club will be held at the usual place of meeting on Thursday night.

FOR MANITOBA.—A special train with emigrants from the Ottawa district for Manitoba, is to pass here at 9 o'clock this evening.

THE CHEESE TRADE.—There were no shipments of cheese made hence this week. The Campbellford market is reported as having gone out of existence.

BON-TON.—The Port Hope Guide and other papers speak in high praise of the Bon-Ton Baking Powder. We believe this article will please the ladies generally.

FIRST TRIP.—The two locomotive engines provided for use on the Grand Junction and North Hastings Railways made their first trip over those roads yesterday.

THE DRIVE.—The saw logs are arriving rapidly and are being sorted as quickly as possible. The class of logs seems to be rather superior to the average of late years.

IMMIGRANTS.—Two train loads of immigrants, who arrived per the *Mormon*, passed here this afternoon. The first train consisted of 11 cars and the second of 13 cars.

COLLEGE WEEK.—The present week is one of unusual activity in Albert and Alexandra Colleges, the annual Commencement, previous to the close of the term, taking place as elsewhere announced.

LEAVING TOWN.—A very large number of persons—over 200 in all—left town by the Grand Trunk last night and this morning. They were not driven out by the N. P., but were pupils of the Institution for the Deaf and Dumb going home for the holidays.

ALBERT UNIVERSITY.—Owing to the pre-arrangement of the City Hall, the Convocation will be held in the M. E. Tabernacle on Wednesday, the 16th, at 2 o'clock p.m. In view of the change of place the Convocation will be public and admission will not be by ticket as in previous years.

LECTURE.—The Rev. Wm. Blair, B. A., of Iroquois, last evening lectured before the Iroquois Society of Albert College, on the effect of current scientific thought, on Religion. The lecture was an excellent one, the subject being dealt with in an eloquent and masterly manner. A vote of thanks to the Rev. gentleman was carried amid cheers.

SURGERY DEATH.—Herschel Humber, brakeman on the Grand Trunk, was taken ill at Bowmanville on Saturday night and was brought to this city. His illness, which was scarlet fever, proved fatal last night, and his remains were taken to the residence of his parents to-day for interment. Deceased was formerly known as proprietor of the "Red Stocking Female Minstrels," in which speculation he sunk considerable money.

ACCIDENT.—As Mr. Z. A. Groom, of Richmond, County of Lennox, was coming off the ferry steamer this forenoon, his horse shied and the wheel catching the chain of the trap, they gave a jump, clearing themselves from the carriage with the whiffetree and carrying Mr. Groom, who still held on to the lines, over the dashboard and dragging him some 50 or 60 feet over the stony road. Fortunately one of the hands of the boat sprang to his assistance and secured the horses. Beyond a few cuts on his hands and a slight injury on the right hip he is not much injured.

PROF. MACDON'S PARTY.—The Winnipeg Times of the 9th has the following reference to the departure of Prof. Macdon's party from that city: Prof. Macdon's party, consisting of himself, Mr. Jukes of St. Catharines, Ont.; A. Thirkell, of Winnipeg; Geo. H. Moore, of Belleville, Ont.; Mr. Wood, of Madoc, Ont.; and David Macdon, of Campbellford, Ont., leave at 7 o'clock this morning by steamer Manitou, for the west. They will debark at Grand Valley and strike across country in the direction of Fort Walsh, passing through the Cypress Hills. They expect to reach their destination on the 1st of August, and will be absent five months.

SMILES AND TEARS.—The Rev. E. Har-rass, M.A., author of "Gallery of Distinguished Men," &c., has written a little work which is presented in neat and attractive garb by the publishers, entitled "Smiles and Tears; or Sketches from Real Life." The book is made up of several short stories drawn from real life, and we cannot give a better idea of its value than is contained in the introduction by Rev. W. H. Walker, M.A., editor of the *Methodist Magazine*, as follows: "The author of this volume, with powers of observation of un-exceptional universal vividness. He presents here a sketch from the gleanings of a lengthened observation and experience. It will be found to contain, intermingled with flowers of fancy, wholesome herbs of grace, together with the fine wheat of true wisdom. It will, we doubt not, benefit both head and heart, and instruct and edify the reader. To try it is to become a friend to the pious, irresistible, popular Dictionary of the Day."

DEATH.—Business in the harbor is dull—neither an arrival nor a departure occurred to-day.

THE CONFERENCE.—It is expected that the business before the Conference will be concluded by to-morrow evening and that the Conference will then adjourn.

THE ASSASSIN.—The majority of the Council last night rejected Ald. Dufour's bill for the appointment of an Assessment Commissioner and resolved to adhere to the old system of appointing three assessors to a salary of \$300 each. The trouble then was to select the three assessors from the numerous applicants, most of whom were persons well qualified for the position, but not untowardly of an hour had been spent in balloting, as a Chicago convention could, a choice was made, Messrs P. P. Lynch, John Northcott and John D. Evans being the fortunate candidates. The selection made is a good one, and the people will look to the new assessors for an improvement upon the assessment of last year, which seems to meet with a good deal of disapproval.

Police Court.

(Before A. Diamond, P. M.)

TUESDAY, JUNE 15.

LARCENY.

Louis Lapoint, a half witted lad, was convicted of stealing iron from Martin's foundry. He was lectured and allowed to go.

DRUNK.

William Logan, on remand from last week, was discharged.

CONFERENCE MISSIONARY MEETING.

Rev. Dr. Dewar occupied the chair, as the President was attending the Stationing Committee. The Chairman having made a few preliminary remarks, called then upon Rev. John Macdonald, son of the martyr George Macdonald, the mention of whose name always excites the most thrilling emotions in any audience in Canada or in England either.

Mr. Macdonald was received with very great cheering. He said that 20 years ago he went to the Norway House with his father when there were only 3 mission stations, now there are at least 30. In the Saskatchewan District there are 6 stations, very far apart. The field is immense. The peace of the country has been preserved by the labors of the Missionaries. The Indians, by hundreds, have been rescued from their heathenism, and now they are to be seen in class meetings and other services, docile and quiet, whereas a few years ago, they were formerly savage and barbarous. The poor Indians may now be seen no longer robbing and murdering their fellow Indians, they are doing to others as they would that others should do unto him. The Gospel has done for them what nothing else could do. Mr. McD. said that the safety of the emigrants who had gone into the North-West are greatly indebted to the Missionary who stood between them and the natives. The influence of the Missionaries had been of great value to the treaties which have been made with the Government and the Indians. He was of the opinion that the Government's possession of the North-West was largely to be attributed to the influence of the Missionaries. Mr. McD. gave some graphic descriptions of camp-life among the Indians, and the services of the Church at Morley, which thrilled the audience. There are 25,000 Indians in the treaties which have been made with the Indians to all of whom they have access, in addition to the number of emigrants who are making homes for themselves in all parts of the land, and he believed that before long they would have a conference there.

Rev. W. L. Griffin was next introduced. He referred to the feelings of which he was the subject during the time that his brother had been speaking, and then he spoke of denominational feeling and the elements of the success of the Methodist Church, and specified the ecumenical spirit. The heroism of the men who are engaged in the work. Liberty of the people. Faith is another element of success.

Rev. F. W. McDonald—He was glad to be there, and rejoiced that he had the honor of being one of the speakers on that occasion. Dr. Guthrie once was asked if he ever composed music and said no, but music had often composed him. Though a comparatively young man he had been speaking on this subject for about 20 years, and often when depressed and cast down he had been elevated and blest. As we are called to Christ we become more expansive in our views and learn to grasp the world in our heart, Christianity elevates and purifies. Christians are members of an advancing and successful army. There is one aspect of Missions especially interesting to them on the other side of the Atlantic. Scrupulous and scrupulous are rampant on the continent of Europe; Strauss' Review of life; are we Christians any longer? Is religion in any form possible? First in the negative. The second not so easily answered, but he said if you will give up the idea of God and the immortality of the soul, religion was possible a little longer. Strauss said music and taste was to be all the religion. A description was given of the centenary of Voltaire, which was celebrated two years ago. Over against this scepticism there was the superstition of Rome. These two cannot convert one another. Scepticism will never subdue fanaticism, fanaticism cannot destroy superstition. English Christians are looking out at the world that is thus going on. Roman Catholic doctrine is a perversion of truth. Various illustrations were given. They do not look in at all in the light of Christianity. The Missionary is a noble man, though many classes will explain respecting these honor. men, that they are only a Missionary. He spoke of John Wesley of Bombay who was offered a position of unimportance in the civil service, but he nobly refused that he could accept no position which would allow him to leave his position as a missionary. Mr. McDonald addressed a most eloquent address and resumed his seat amid great cheering. While the collection was being made, Mr. McDonald sang a few pieces in the Indian language, and then addressed a few words in the language of the Black feet, which excited the audience to the highest pitch.

"TEACHERY," the newest wonder of the world, has been, delightfully refreshing to the mind. To try it is to become a friend to the pious, irresistible, popular Dictionary of the Day.

News Condensed.

—On the 13th inst. the steamer *Chippewa* was burned at Lakeside. Loss \$7,000. Since the first of May, 315 emigrants have arrived at Kingston and been located.

—John Smith, of Buffalo, was drowned at Queenston while bathing on the 14th inst.

—Several Montreal merchants are shortly to visit the route of the Trent Valley Canal.

—A boy named Fred Buckhart, was run over by a car at Toronto on the 14th and killed.

—Some 15,000,000 American opium will be transported this season to European markets.

—On Sunday morning Wm. Wales, of Kingston, was run over by the express train coming west and killed.

—The regular pleasure travel on the St. Lawrence has fairly set in, large numbers daily arriving at Montreal by the steamer.

—The annual report of the Merchants Bank shows a net profit for the year, after deducting expenses of management and providing for bad and doubtful debts, of \$244,719.

—Mr. Handford, it is stated, in communication with the authorities of a church in Chicago who offer \$25,000 more than he was receiving in Toronto.

—A large quantity of pressed hay is being shipped from Montreal to the United States. The Canadian Railway have 175 cars constantly engaged in this trade alone.

—A Napuan dispatch says: The County Council adopted the report of the Government Commissioners against Mr. Edward Hooper, M.P., and late County Treasurer, for a deficiency of \$22,000.

—Mr. W. R. Price, late M.P.P. for Chitwood and Saguenay County, and a member of the well known firm of Price Bros. & Co., has recently returned to his residence, Wolfeside, in that city, on Saturday morning after a long illness.

—Mr. Ira Morgan, of Montreal, well known throughout Ontario in connection with Agricultural and Arts Association, has been presented by his friends with a beautiful cabinet as a slight recognition of his long services, extending over a quarter of a century.

A VALUABLE FIND.

A Counterfeiter Discloses his Work

\$20,000 WORTH OF PLATES UNearthed.

The Toronto papers of to-day contain lengthy accounts of the discovery of valuable counterfeiting material, which has been vainly searched for for twenty years. It appears that a few days ago an old man, who refused to give his real name, but goes by the name of Anderson, was arrested at Stouffville for storing counterfeit money. Detective Murray, of Toronto, says for two years he has been anxious to lay his hands upon this old man, who has reached the age of seventy-five years, and who has evidently followed this business for a great many years. To Murray and other detectives it was known that to the old offender could be traced the issue of a great number of the most perfect counterfeiters that have ever been issued. To give an idea of the thoroughly workmanlike manner in which some of them were executed, it is stated that \$5 United States Treasury notes of this false issue have been passed by the Department at Washington, and that skilled experts could find in what way the "bug" bills differed from the genuine. About two years ago, when it was suspected that the issue of these notes was in Canada, several American detectives came to this side of the line, and remained for some length of time shadowing him, but without success, as they were unable to lay their hands on him at any time when they would have any chance of proving his guilt.

Detective Murray believing that this was the man he wanted, went with Detective Hodgins to the goal, and after repeated interviews with him, succeeded in prevailing upon him to disclose his secret. The old man accompanied the detective to a piece of woods about two miles west of Yorkville, and after digging at the roots of two trees, unearthed a small oblong wooden box. In this receptacle was found seven plates, for counterfeiting the following bills:

The Ontario Bank, \$10; the Canadian Bank of Commerce, \$5; the Dominion Bank, \$4; Dominion of Canada, \$1 and \$2, and two sets of plates for United States legal tender and Treasury notes, \$5 each.

Each plate was packed very carefully, being surrounded with soft paper and covered with beeswax. In this covering they would be uninjured though they remained buried for several years. The value of these plates is estimated by Detective Murray at not less than \$20,000.

The prize thus brought to light was conveyed to the Attorney-General's office for safe-keeping, and the prisoner was taken back to the goal.

The Gallows Cheated.

DeCourcier Commits Suicide.

Toronto, June 15.—DeCourcier, who was to be hanged here to-morrow, committed suicide this morning.

AFTERNOON DISPATCHES.

CONSTANTINOPLE, June 15.—The Greek pirates continue their ravages on the coast of Minor. They have sacked the town of Atlik.

NEW YORK, June 15.—The steamer *Queen*, which arrived here on June 13th when she was en route to London, was seriously damaged. For awhile it was thought both steamers would go down. The *Queen*'s bow was broken. The *Queen* took off all the passengers of the *Anchor*, 190, and brought them to this port. The *Anchor* is still out of the bar waiting assistance. She has about 24 feet of water in her hold.

NEW YORK, June 15th.—Arrived, *Wieland* from Hamburg.

WEATHER REPORTS.

Toronto, June 15.—Probabilities for the next twenty-four hours: For the lower lakes, fresh to strong, easterly to northerly winds, continued cool weather, line in northern Ontario, cloudy to partly cloudy, with rain in southern Ontario.

WASHINGTON, June 15.—Indications: lower lakes, cloudy, rain, followed by clearing stationary or higher temperature.

A LOVING JOKE.

A prominent physician of Pittsburgh said jokingly to a friend who was complaining of her cold, "You had better get it into your head, my dear, that you are a little better than you are." The friend, who was a doctor, took him at his word, and she now laughs at the doctor for his joke, but he is not so well pleased with it, as it cost him a good patient.

FOREIGN MARKETS.

LIVERPOOL, June 15.—Cotton quiet, unchanged; opium 6½; Orleans 15-16; Chicago 65.

One Way to Economy.

Many a poor man, if required to account for the manner in which he has expended his income, would find bills of his family physician for "medical services" among the leading items. In even cases out of ten, acute diseases are the result of some chronic disease. Thus, fevers inevitably result from diseased conditions of the blood and liver, and a timely use of alterative, or blood purifying, and cathartic remedies would have avoided the protracted illness, that often leaves the system irreparably injured. Dr. Pierce's Golden Medical Discovery and Pleasant Laxative Pellets are the best alterative and cathartic medicines yet compounded. Full directions are given for administering them, together with an accurate description of the symptoms demanding their use. They will not cure all human ills (as some medicines are advertised to do), but they will cure the diseases for which they are compounded and recommended.

A Wonderful Discovery.

For the speedy cure of consumption and all diseases that lead to it, such as tubercular cough, asthma, hay fever, croup, whooping cough, and all chronic lung diseases of the throat and lungs, Dr. King's New Dispensary has no equal and has established for itself a world wide reputation. Many leading physicians recommend and use it in their practice. The formula from which it is prepared is highly recommended by all medical journals. The clergy and the press have complimented it in the most glowing terms. Use to your distrust, and get a trial bottle free of cost or a regular size for \$1.00. For sale by JAS. CLARK & CO.

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Scalds, Ulcers, Salt Rheum, Tetter, Chapped Hands, Chilblains, and all kinds of Skin Eruptions. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by JAS. CLARK & CO.

Commercial.

HOW LOST, HOW RESTORED.

We have recently published a new edition of Dr. Oliver's "The Lost Manhood" and it is now on sale at the Belleville Medical Co. It is a book of 100 pages, containing a full and complete description of the various diseases of the male system, and the means of restoring the system to its original health and vigor. It is a book that every man should have in his hands, and it is a book that every man should read. It is a book that will save you from the hands of the quack, and it is a book that will save you from the hands of the doctor. It is a book that will save you from the hands of the devil, and it is a book that will save you from the hands of the devil.

Political Notes.

A TURN OF THE TIDE.

A correspondent writes from Woodstock, New Brunswick, to the St. John Daily News: "The great rush from this part of the province to the far west has subsided and the tide is setting strongly the other way. During a few weeks past a large number of persons returned from their search for better lands. Last evening's incoming train brought a batch of the returning pilgrims, who if poorer, are doubtless at least wiser men. These report that many more will take the back track just as soon as they can get enough money to pay their way. They also state that it costs much more to return than to go out there. From the statements of these men it can be most emphatically said that the western highland region of America, 'Distance lends enchantment to the view.'"

A YANKEE ASSERTION.

"Our neighbor over the lake, with her high tariff, is not happy," says the Oswego Times, in its issue of Saturday last. It is a remarkable assertion to proceed from an organ of the Republican party—the high tariff party of the United States, whose tariff is on the average about twice as high as that of this country. The "high tariff" of Canada is the result of that of the United States, and as our neighbors find protection beneficial, so do the people of the Dominion. No doubt the Times would like to see the Dominion impose a tariff, and those of the United States kept at their present figure, in order that the control of our markets might again pass into the hands of our truly loving "neighbors," but that cannot be. The selfish goals of United States politicians can no longer be worked, and assertions from their journalistic allies, whether in the States or in Canada, will be taken at their true value, and not serve to convince our people that in the course which they took in 1878 in dismissing a "revenue tariff" government, they acted rightly and for their own benefit.

KANSAS AGAIN.

The Guelph Mercury (Grit) says: The following is an extract from a private letter received by James Somerville, of Lucknow, from a friend in Kansas:—"I have seen and heard as much of the west as I want to. If a man cannot live anywhere, Kansas may offer some kind of a place of abode; but for any one, not compelled to submit to perpetual punishment, some other place should be selected." On which the London Free Press remarks: Is it possible that the Hon. Mr. Blake knows that if he had been aware of the condition of things which the Mercury unveils, he certainly would not have given Kansas such a puff, to the disadvantage of Canada, as to induce the American agents to publish his speech by the many thousand copies, and distribute it, with a frontispiece, among the passengers on the Canadian lines seeking western homes. Taking one thing with another, the opposition is not a very happy one.

THE SENATE.

The Tamworth Echo has the following sensible remarks in reference to the proposed abolition of the Senate, as recently agitated by the Globe and the Grit party generally:—"It is hardly possible to constitute a legislative body, of any kind whatever, with powers so nicely balanced that there can be no friction. And the accumulated experience of mankind since the world began, goes to show that authority must centre somewhere to secure an equilibrium. Experience teaches that not infrequently the voice of the mob is incongruous, foolish, and dangerous, and it is well to have bounds set to it, and it is for this purpose the Senate was constituted, so that no unpremeditated strain should destroy all the elements of safety and liberty. The Commons is the voice of the majority and the minority combined, and the medium between popular contention and Imperial contention. Just why this body should be offensive to the people it is difficult to determine, as it is in reality an appointee of the people—by and through delegated authority. By cancelling this protection to the minority's will, is to throw everything into the hands of the majority and build up mob authority in its most dangerous form. We would gladly countenance and assist in any feasible mode of lessening the expense of legislation, but we shall never consent to any system out of which dangers may threaten the minority."

The Timber Trade.

The following items, which are extracted from the Globe of the 15th inst., will be an encouragement to those who believe that the Grand Junction Railway will be a large portion of the Georgian Bay District timber trade so soon as a connection with the Midland has been secured:—
On June 13, Mr. T. R. Bell and R. S. Bell left from below. There is no certainty of their sailing. A raft is being made up for the 15th inst. but the day will not go out till the weather is favorable. The logs report much time lost on the way down from derby waiting for a tug.
The tug Edith had a rather lively trip with her load of logs. They had first to run into Port Dalrymple, then to Coburg, then to Colborne. But they got the raft down in good shape.
By the use of the bay route all such delays would be avoided and much expense would, besides, be saved in rafting. It is thus evident that, ere long, Belleville will become an important centre of the timber rafting business.
The construction of the Murray Canal would be of great advantage to timber towns coming down the lake, as by its use the rate would be more than doubled on the journey, when there are no harbors of refuge.

The Souris Coal Fields.

The Winnipeg Times of the 10th inst. says: "Two large loads of coal arrived yesterday from the Souris country, being the first instalment of the dark mineral wealth owned by Mr. Hugh Sutherland in that future Pennsylvania of the Dominion. The coal was brought here by John Sutherland, brother of the proprietor, who took 15 days coming down. The barges were constructed at the coal fields, out of timber mounds from trees felled on the spot. Much difficulty was experienced on the journey, as timber jams and other obstructions to navigation were met with, but all were overcome, and the feasibility of Souris navigation determined. It is anticipated that there will be sufficient water in the river until August in each year, to float barges down; at present there are 20 feet of water in the river. Mr. Sutherland has expended some \$10,000 on the experiment, and now that he is satisfied of its success, will go on with the work on a much larger scale, and calculate to make one trip a year, building barges sufficient to carry a year's supply. The coal is said to be of a very serviceable quality, and was a source of admiration to all who saw it—the first specimen of what is destined to be one of our great industries in the future. Mr. Sutherland intends sending half a ton to Toronto for further examination. Should this project be successful it will be the means of materially reducing the price of fuel another year in Winnipeg."

News Condensed.

The price of phosphates has advanced to \$10 per ton.
—A French Quaker was found drowned in Montreal harbor on the 15th inst.
—Sir Charles Tupper's departure for Manitoba has been delayed for a few days.
—Mr. Lindsay, Russell, Surveyor-General arrived at Winnipeg June 6.
—A severe hail storm has destroyed much of the crops in lower Austria.
—An army of traders have arrived at Winnipeg with buffalo robes and other furs.
—J. G. Hall, of Brandon, Ont., was killed on the 15th inst. by falling out of his wagon.
—Some twenty cars with freight on the International Railway were smashed on the 14th.
—Several Canadian passengers were on board the Anchor at the time of the collision.
—The Montreal Conference of the Methodist Church of Canada will open at St. James, Que., on the 16th.
—\$370 and a quantity of stamps were stolen from the Court House Safe in Montreal in the 14th inst.
—Rev. D. Sanderson has been accepted by the Quarterly Board of the London Dendie St. East Church as its pastor.
—In a drunken fray at Markdale, on the 15th inst., Alex. Fraser, not engaged in the affair, was killed by a blow from one Hugh Laughlin.
—Counterfeit American gold is in circulation in Ottawa. A sprays \$10 dollar gold piece has been passed off on an unsuspecting lower town grocer.
—The shipments of coal from the port of Pictou last week amounted to 9,055 tons, making the total shipments this season to date of 43,925 tons.
—The United States Government will demand reparation from Spain for the recent outbreak inflicted by a Spanish man-of-war on American schooner.

A doctor from Fort Kough says that 600 of Sitting Bull's Indians have crossed from Canadian territory and surrendered. They were starving.
—The dining car system was inaugurated on the Grand Trunk Railway on Saturday last by a dinner party being given on board to a large party.
—The Dominion Exhibition prize list for March in September amounts to \$34,000. Six acres of land, valued at \$10,000, have been added to the grounds.
—An effort is to be made to attract the attention of tourists to the Ottawa valley, the scenery of which is claimed to be attractive beyond the ordinary.
—James Mowers, of Napawa, has been arrested for procuring an abortion on the person of Eliza Babcock. Mrs. Keller was also arrested as accessory.
—Quite a trade has sprung up between Kingston, Albany and New York in the sale of an exportation of frogs. The frogs are captured at Shabbot Lake and prepared there for shipment.
—India is beginning to realize that she cannot compete with America in the production of wheat. The tea trade of the country is just now much depressed, and it is feared that a crisis is close at hand.
—Thomas Bell, merchant of Burrit's Rapids, was reported as having been drowned alive and well. He went by a canal boat to Kingston on the night of his disappearance and left no word behind.
—Serious floods, attended by the loss of several lives and the destruction of an immense amount of property, have occurred in Wisconsin. A cyclone has also done much damage in Indiana.
—A Telephone Company's employees fell asleep on the roof of the St. Lawrence Hall, Montreal, on the 15th inst. The result of the fall, and when discovered was lying prone over the edge of the roof. He was removed from his dangerous position.

Divorces.—In an article contributed to the North American, Dr. Allen says that among non-Christian or civilized people at the present day do we find divorces sought and obtained to such an extent as now in New England; and in only three instances in the history of nations can we find such a breaking up of the family by this means.

It appears that within twenty years more than twenty thousand divorces have been granted in four New England States, and what is worse, the number has been steadily increasing since 1860 with remarkable uniformity.
A DEERLY TRAGEDY.—On the 16th inst. a fearful tragedy was enacted at a house in the town of Aylmer, in the township of Malabar. A farmer named Andrew Johnson killed his brother by cutting his throat from ear to ear, and immediately afterwards committed suicide. The two men left the house of Andrew Johnson at an early hour in the morning, and went to the barn at usual evening, where the murder took place. The body of Andrew Johnson was found in a well some fifty rods from the barn, and the knife used in the murder was found near the body of the victim. The unfortunate man was brother of the Johnsons who was lately recommended to the Assembly in London as a dangerous lunatic. It is reported that Johnson was the cause of the horrible affair.

Methodist Church.

TORONTO CONFERENCE.

FIFTH DAY.

SESSIONS.

Conference opened at 2 o'clock. Devotional exercises for minutes of the morning session were read and confirmed.
Rev. J. C. Seymour read the report of the Memorial Committee respecting the memorial from Kingston affecting the character of a Minister of this Conference. The Committee recommended the case to be referred back to the District Meeting for adjudication. The report was adopted and the members of the Bradford District Meeting accordingly retired.

Rev. J. Thorne read the report of the Committee on the state of the work. Regret was expressed that the increase of the membership was so small. The Committee reported that the Sunday School reports were 5,500, and were also given in the report. The report was also given in the report of the Relief and Extension Fund. The Committee suggested that the ministers should preach at least once a year on the subject of a Coal Meeting, and that with a view to increase the efficiency of that institution, conventions should be held to use their utmost efforts to increase the contributions to those funds. The report was the subject of a lengthy and profitable conversation in which Rev. J. Shaw, ex-President, Dr. Jeffers, M. Fawcett, N. Hill, J. S. Clarke, C. Turner, J. McCune, R. Barker, M. A. J. Armstrong, J. B. Clarkson, M. A. W. S. Blacklock, and Dr. Harper took part. The report was then adopted. A few verses of a hymn were sung, and Rev. E. S. Rupert led the Conference in prayer.

The members of the Ordination Class were introduced to the President, and one of their number in the name of the rest presented him with a photographic picture, his own being in the center. The President acknowledged the gift in a most graceful manner. The report of the Directors of Ontario Ladies' College was read. The Directors are hopeful of the future as the past has been a most successful year. Miss Adams, a lady of great celebrity, has been elected principal. The report of the visitors was also read. Both reports were accepted.

Dr. Dewar read the report of the Committee on the Extension of the Conference, and recommended the election of four persons as representatives. This was done when it was found that Dr. Dewar, Sutherland, Jeffers and J. Macdonald, Esq., were duly elected.
The Conference adjourned at 6 o'clock. The CONFERENCE SABBATH SCHOOL ANNIVERSARY.

This meeting was held last evening in Bridge Street Church. Rev. Dr. Potts occupied the chair, and delivered the opening speech. On the platform were present, Rev. Dr. Ryerson, Rev. N. Hill, J. S. Clarke, J. S. Brown, P. Campbell and J. W. Latton. Rev. E. B. Barre, M.A., read the report and delivered an address dealing particularly on the present state of Sabbath Schools in connection with Toronto Conference.
Rev. W. M. Withrow, M.A., Editor of the Methodist Magazine and Sunday School publications.—He dealt particularly on the moral improvement that has taken place in England during the one hundred years, which is largely to be attributed to the influence of Sunday Schools. Mr. W. stated that in connection with the publication department, of which he is the Editor, there was issued during the past year the enormous sum of ten millions seven hundred and fifty pages, being 35,000 pages for every working day in the entire year.

Dr. Withrow next spoke in his usual entertaining style for about 20 minutes. The chairman rightly said that no man had done so much for education in Canada as Dr. Withrow, and he felt sure that the congregation would be glad to hear a few words from him.
The venerable Doctor was received with great cheering and said that whatever he might have been able to accomplish for his country, he was sure that he would not have been able to do it if it had not been for the instruction which he received at the Sunday School sixty years ago.

On motion of Dr. Ross a vote of thanks was tendered to the choir for the service they had rendered at all the services of the Conference.
The doxology was then sung and the benediction was pronounced and the audience dismissed, but for some time afterwards a goodly number remained conversing and singing together.

About 9:30 the Stationing Committee, having completed their work, entered the church and were received with cheering. After a little time spent in devotional exercises, the President stated that no doubt some of the preachers would feel disappointed, but he assured them that the Committee had done the best that they could for everybody. He then called upon Rev. J. Brown, Secretary of the Stationing Committee, to read the list. He did so in the breathless silence of the Conference, every member of which had a copy of the station sheet before him and made corrections as the Secretary read the doom of each who thus received their fixed place of labor for another year.
The Chairman of Districts were elected by ballot. Twelve were appointed who returned after a while and reported the result of the election. Three ministers were elected for the first time to the high office of Chairmen of Districts, and were accordingly called upon to deliver speeches in honor of their position. Rev. J. S. Clarke, J. Woodworth and J. Anderson were the gentlemen thus honored, and in the order of their respective addresses, they all made valuable contributions to the honor thus conferred upon them.

Rev. J. H. Johnston and C. Turner were added to the list of Supernumerary Ministers.
Dr. Sutherland stated that the income of the Missionary Society in connection with this Conference was nearly \$100,000 below that of last year. He also stated that the contributions on behalf of the Relief Fund were \$115,000, \$75,000 of which had been received.

The Gallows Cheated.

SUICIDE OF THE MURDERER.

TORONTO, JUNE 15.

This morning DeCourseur, the Lambton Mills murderer, who was to be hanged in morning, swallowed a deadly drug from which effects he died at seven o'clock. The facts are that at seven o'clock, the usual hour, Watson, the day watchman specially appointed to guard the doomed man, came on duty, relieving Waites, who performed his services at night. When Watson came on duty DeCourseur was in bed apparently sleeping. About 8 o'clock he jumped out of bed, and drank some water out of a pitcher in the room. He immediately returned to bed, and a peculiar noise which gurgled from his throat alarmed the watchman, and examining his charge more closely he found that he was in the last stages of dissolution. The two were locked in the room and Watson rapped loudly on the door for assistance. Turkey Bell, who lived in the room, heard the knocking, but the time he got to the bedside DeCourseur was stone dead. The whole institution was quickly alarmed, and the room filled with the stupefied guards. A doctor was at once sent for, and Deputy Governor Evans, ordering that no article in the cell be disturbed, at once entered the room and locked the door. When the doctor arrived all that he could do was to assure the authorities of what they already knew, that the man was dead and dead. The slight examination which was made before the cell was locked up disclosed that at the bedside there was a little sprinkling of a greyish powder, and in the water bucket a small vial was thrown. Where the suicide obtained the poison to carry out his purpose remains simply a matter of conjecture at present. He has been for months watched closely night and day. A strict investigation will have to be made, so that the blame may rest on the proper shoulders.

An inquest was held on the body of DeCourseur, and after the examination of several witnesses, it was adjourned until Thursday. It was ascertained that the poison used was prussic acid, but it is not known how it was obtained.

WANTS.

Twenty-five words under this head 25 cents first insertion. Each additional insertion 10 cts.

WANTED.—A good Laundry girl that understands her business. Wages \$10 per month. Apply at Dominion Hotel, June 12.

TO ENGLISHMEN and others.—A Christian man with a family in want, needs employment. Address A. B. P.O.

CAST ON THE WORLD:

The Border Marriage.

A STORY OF THE GREAT GLASGOW

BANK ROBBERY.

(CONTINUED.)

"What! Oh—Charlie," gasped Wood-

ford, like a man stunned.

"Charlie!" exclaimed Mary, looking up

with a great start. "Oh heaven, it cannot

be!"

"And you really don't know me? Well,

then, you are a kind of a stranger to me. I

was in the cottage till I knew you, but

circumstances did not allow me to

make myself known till to-night."

"Why, you don't mean to say you are

our old friend Charlie?" cried Woodford,

breathlessly.

"Ay, but I am. I am Charlie, of St. Mary's

Parish, and you are the same Mary, my

old friend, just as you were, my old

dancing partner."

Tobey gave a loud cry of joy, and

springing towards Charlie, clung to him

in a vehement embrace, and the old man

was frantically delighted. Mary, who

stood looking on with wonder and joy,

"I'm not dreaming, am I?" cried Tobey,

in frantic ecstacy. "You say you are

Charlie; let me look at you. Oh! it's not

a bit of me, I can't mean to say you are

it again—say again that you are Char-

lie."

"The same Charlie," responded the youth

in a broken voice, "the same Charlie, who

when you were a child, used to protect

you from the brutality of your drunken

father, who taught you to dance, and

many better things."

"Oh, dear me, dear me, dear me," said

Tobey, "this is a turn up. I can't make it

out all. Can you, Mary? Is Mr. Ravens-

worth our old friend Charlie?"

"You cannot doubt that when he says so,"

returned Mary, with a bright smile, and

a happy sparkle in her eyes. Besides he

is a kind of a friend, only Charlie comes

to speak of it now that I know to search

for the likeness, I can recognize Charlie's

eyes, as I remember them, and his true

color of his hair."

"Oh, bless me, no, no, have another look,"

cried Mr. Woodford with unabated excite-

ment. "Charlie's eyes and Charlie's hair,"

you say. If anybody should know a

thousand times, I have seen a thousand

times, in my dreams. If these tears would

only keep back to let me see. Yes, yes, I

have them now; but you must have them

now. I have them now; but you must have

them now. I have them now; but you must

have them now. I have them now; but you

must have them now. I have them now; but

you must have them now. I have them now;

but you must have them now. I have them

now; but you must have them now. I have

them now; but you must have them now. I

have them now; but you must have them

now. I have them now; but you must have

them now. I have them now; but you must

have them now. I have them now; but you

must have them now. I have them now; but

you must have them now. I have them now;

but you must have them now. I have them

now; but you must have them now. I have

them now; but you must have them now. I

have them now; but you must have them

now. I have them now; but you must have

them now. I have them now; but you must

have them now. I have them now; but you

must have them now. I have them now; but

you must have them now. I have them now;

but you must have them now. I have them

now; but you must have them now. I have

them now; but you must have them now. I

have them now; but you must have them

now. I have them now; but you must have

them now. I have them now; but you must

have them now. I have them now; but you

must have them now. I have them now; but

you must have them now. I have them now;

but you must have them now. I have them

now; but you must have them now. I have

them now; but you must have them now. I

have them now; but you must have them

To Mr. Woodford this scene was over-

powering with a sense of joy. Long years

ago, when that youth and maiden were

young, and full of life and hope, and had

yearned over with anxious solicitude,

devoting himself with unselfish affec-

tion to teach and to train, and often

had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

he had his heart broken by the thought

that he would never see them again, and

MANHOOD.

HOW LOST, HOW RESTORED.

We have recently published a new edition of Dr. C. C. Dyer's "The Lost Manhood," a book which has been the subject of much discussion, and which is now being sold in all the principal bookstores of the country. It is a book which is of great value to the young man who is suffering from the loss of his manhood, and who is seeking a remedy. It is a book which is of great value to the young man who is suffering from the loss of his manhood, and who is seeking a remedy. It is a book which is of great value to the young man who is suffering from the loss of his manhood, and who is seeking a remedy.

GRAND JUNCTION AND BELLEVILLE

& NORTH HASTINGS RAILWAYS.

ON and after Tuesday, June 1st, 1880.

Trains will run daily as follows:

Leave Belleville at 3 p.m. for Madoc and way stations.

Leave Belleville for Stirling, Campbellford, and Hastings, at 3.30 p.m.

Arrive from Madoc and way stations at 10 a.m.

Trains are run by Belleville time.

E. H. BRENNAN, Superintendent.

May 21st, 1880.

NOTICE.

Victoria Mutual Fire Insurance Company of Canada.

ESTABLISHED, A. D. 1863.

MR. JOSEPH ABRAHAM, of Belleville (having on account of continued ill-health resigned the Agency, Mr. J. A. Chisholm, of Belleville, has been appointed in his place and will hereafter attend to the general business of the Agency.

Hamilton 1st May, 1880. E. H. BRENNAN, Superintendent.

Having received the Agency of this popular Company, I shall take an early opportunity of visiting as many as possible of the old members and others desirous of becoming members of a company which has for so many years maintained a high reputation for promptness and fair dealing.

JAMES A. CHISHOLM, Agent, Victoria Mutual Fire Ins. Co., Ltd., Wallbridge Way, 1st, 1880. d4w

LAACHINE CANAL.

Notice to Machinist-Contractors.

SEALED TENDERS addressed to the undersigned (Secretary of the Laachine Canal) and enclosed "Tender for Lock Gates, Laachine Canal," will be received at this office until the arrival of the Eastern and Western Mails on THURSDAY, the 3rd day of JUNE next, for the construction of Gates, and the necessary machinery, to be used in the operation of the Locks on the Laachine Canal.

Plans, Specifications, and General Conditions, can be seen at this office on and after THURSDAY the 3rd day of MAY, next, where forms of tender can also be obtained.

Tenders are expected to provide for the construction of the Locks, and the necessary machinery, to be used in the operation of the Locks on the Laachine Canal.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

For the due fulfillment of the contract the party or parties whose tender is proposed to be accepted will be notified that their tender is accepted, subject to a deposit of five per cent. of the full sum of the contract, of which the sum sent in with the tender will be considered a part to be deposited to the credit of the Receiver General within eight days from the date of the notice.

Ninety per cent. only of the progress estimate will be paid until the completion of the work.

This Department does not, however, bind itself to accept the lowest or any tender.

By Order, F. BRAUN, Secretary.

DEPT. OF RAILWAYS & CANALS, Ottawa, 29th March, 1880. d4w

Hastings Loan and Investment Society.

BELLEVILLE, ONT.

CAPITAL, \$250,000.

MONEY TO LOAN on Farm or City property, at rates as low as any other Company in Ontario, and for periods of from 2 to 20 years, either on STRAIGHT LOAN or on the MORTGAGE SYSTEM.

Payments can be made to full due at any season of the year to suit borrowers. No delay in obtaining the money beyond the time necessarily required in the investigation of titles.

Special facilities offered to the farming community.

MORTGAGES PURCHASED.

SIX PER CENT interest allowed on Deposits.

Interest on Deposits paid from date of deposit to date of withdrawal.

Office—Front Street, between City Hall and Bridge Street, J. P. C. PHILLIPS, Secretary.

J. D. Stewart, M. D.,

Physician, Surgeon, &c.,

OCULIST, AND AURIST,

Will be at the *Dafoe House, Room 25, from Wednesday morning, the 23rd of June, until Wednesday, the 7th of July, 1880.*

DR. STEWART is a regular graduate of the University of Victoria College, Toronto, Canada. He attended the Colleges of New York, for one year after, and with the advantages of the Eye and Ear Infirmary he acquired a thorough knowledge of the treatment of the Eye and Ear. Having practised in these specialties for fourteen years, he performs all surgical operations for Cataract, Artificial Pupil, Strabismus, Membranes for the drum of the ear, and a full assortment of Spectacles for all sights kept on hand.

Dr. Stewart would be pleased to have anyone call who may need his services, and will give a candid opinion without charge. As Dr. Stewart is a stranger to many who may need his services, he takes the liberty of offering the following certificates from a few of his patients, which he hopes will give confidence and satisfy all, that he makes no pretensions to what he is not.

BELLEVILLE, May 3, 1879.

J. D. STEWART, M. D.
Dear Sir,—Fearing that I am under a debt of gratitude to you, for healing the eyes of my little girl, I have thought you might make use of this testimonial and I therefore send it to you. Other medical men failed in curing soreness of the eyes, but a short application of your treatment was instrumental in removing every vestige of disease.

JULIUS S. DILL.

Of Bartman & Stietzel, Clothiers.

BELLEVILLE, June 29th, 1878.

This is to certify that I have been troubled with entropion, or the eye-lashes turning in of both eyes. Dr. J. D. Stewart operated on my right eye nine years ago, it was entirely blind, the sight improved so as to see perfectly well. A week ago he operated on my left eye, which was about as bad as the other one was, and I am happy to state that they are both well and the sight good.

MORRICE MOORMAN,
2nd Concession, Thorulv.

I operated on W. J. Diamond, Esq., Barriater, both eyes for strabismus or cross eyes, in August. They are now perfectly straight and improving in sight.

And on Miss Net is Roblin, Blessington P. O., same trouble, a short time after, and her eyes are now straight and sight improving.

BELLEVILLE, March 24th, 1879.

This is to certify that my daughter Annie has been troubled with cross eyes very badly for some time. She is now over four years old. I applied to Dr. J. D. Stewart a little over a week ago, when he operated on her eyes, and I am now happy to state that her eyes are perfectly straight and her sight much improved.

J. T. JACKSON,
G. T. R.

BELLEVILLE, May 3, 1879.

This is to certify that I had a pteryge growing in the corner of my left eye, about the size of a marble, it had been cut away twice before but it grew again. I applied to Dr. J. D. Stewart about six months ago, when he operated on it, and I am happy to state that not only has there been no sign of it growing again, but that my eyes feel well and the sight is very much improved.

CHARLES A. GILLEN.

BELLEVILLE, February 16th, 1878.

This is to certify that I have been deaf for the last year. I applied to Dr. J. D. Stewart, twelve days ago, when he operated on both ears. I am now happy to state that my hearing is as perfect as ever.

JAMES CONNELLY.

(A case of forty years standing.)

WESTPORT, Nov. 1869.

DEAR SIR, This is to certify that I had a Cataract on my right eye for forty years, so that I was blind, and under your treatment I am now able to read and write. I feel that this statement from a sense of obligation to you, and hoping that it may carry valuable information to thee dictated.

WILLIAM EWING.

BELLEVILLE, 6th December, 1878.

I certify that my daughter S. E. A. derson has been afflicted with cross eye deformity for the last ten years. Dr. Stewart performed a successful operation on them on the 3rd inst, and I am well pleased to say that the eyes are perfectly straight and look natural and are much stronger than before.

GEORGE ANDERSON,
Ameliasburg, Belleville P. O.

I hereby certify that I was present when Dr. Stewart operated on Miss Anderson, for double Strabismus. The operation was very successfully performed, and now three days after, the eyes are straight and perfectly natural.

GEORGE J. POTTS, M. D.

BELLEVILLE, October 26th, 1878.

J. D. STEWART, M. D.
MY DEAR SIR,—It affords me very great pleasure to inform you that my son's eyes are nearly well. Before you saw him he had been treated by celebrated Oculists both in Canada and the States, with but temporary relief; your operation on his eyes, I am happy to inform you, has proved to be a complete success.

The case was truly a very bad one, the malar bone having been broken by the accident, the eye became greatly inflamed, there were a number of abscesses formed at the inner angle of the eye, and several pieces of bone discharged with the matter; the duct soon became closed, and the tears constantly trickled over the cheek, and the eye was so sensitive that he had to wear a close shade for four consecutive years, during which time he had five operations, each of which proved a failure; the other eye became affected from sympathy, and I had great fears that would become entirely blind. Since you operated, say wonderful. He can now look at the sun, he goes without the shade, his eyes are assuming a natural and healthy appearance, in fact I may say he is cured.

Yours very truly

JAS. F. CURLETT, M. D.

BELLEVILLE, May 2, 1879.

This is to certify that I have been troubled with cross eyes badly for the last eighteen years. I applied to Dr. Stewart about six weeks ago, when he operated on my eyes, and I am now happy to state that my eyes are perfectly straight.

C. W. HUICK.

BELLEVILLE, May 3, 1879.

J. D. STEWART, M. D.
Dear Sir,—It affords me a great deal of pleasure to bear testimony to the excellence of your treatment of eye and ear diseases. Two years since, or thereabout, you were the means of restoring sight to my little boy, who had been suffering for some time for a disease of the eye, contracted at a time when he had chicken pox. After trying other medical men I was induced to consult you, and after a few applications of your treatment I am happy to say the little fellow's sight was fully restored, and the eyes cured.

JAMES A. DAWSON,
Local Editor of the Daily "Ontario."

BELLEVILLE, Ont., December 3rd, 1878.

I hereby certify that I have been troubled with cross eyes very bad for the last eighteen years, the sight of the right eye not quarter as good as the other. Dr. J. D. Stewart operated on me last Saturday, and I am happy to state that my eyes are perfectly straight now, and the sight very much improved. The operation did not hurt quarter as much as pulling a tooth.

I am respectfully yours,
EDWARD ANDERSON,
Lot 79, Concession 1st,
Ameliasburg.

BELLEVILLE, May 3, 1879.

J. D. STEWART, M. D.—Some four years since I was persuaded to consult you on account of my little son being then almost blind, so near that it was necessary to keep a bandage on his eyes or keep him in a dark room. After one consultation with you and application of your prescription, the child's eyes began to get well, and soon he was able to run around with other children, and is now fully recovered. The partial or nearly total blindness had been on him for about two years previous to your seeing him.

CLARK EDWARDS,
Late Proprietor of Dominion Hotel.

BELLEVILLE, Feb. 9th, 1880.

I hereby certify that my wife was troubled with Entropion, or the eye-lashes growing upwards on the eye, for some time, which caused her a great deal of pain and trouble. I applied to Dr. J. D. Stewart 3 months ago, he operated on the eye-lid, and I am happy now to say that the eye is perfectly well, and the sight is much improved.

JOHN J. HAINES, Sr.,
Hotel Street, Belleville.

FROM THE HON. BILLA FLINT.

BELLEVILLE, Feb. 10th, 1869.
MY DEAR SIR,—Your attendance on Mrs. Flint has had a salutary effect, as the medicine is fully restored. She continues to use the ointment you left her as directed, and wishes me to express to you her thanks for your prompt attention to her case.

DE. J. D. STEWART, Ficton.

BILLA FLINT.

GRAND JUNCTION RAILWAY.

On and after Tuesday, June 1st, trains will run as follows:

Leave Hastings, 8:00 a. m.
Arrive Belleville, 10:30 a. m.
Leave Belleville, 10:30 p. m.
Arrive Hastings, 8:10 p. m.

Trains are run by Belleville time.

BELEVVILLE AND NORTH HASTINGS RAILWAY.

On and after Tuesday, June 1st, trains will run as follows:

Leave Hastings, 8:00 a. m.
Arrive Belleville, 10:30 a. m.
Leave Belleville, 10:30 p. m.
Arrive Hastings, 8:10 p. m.

Trains are run by Belleville time.

PRINCE EDWARD COUNTY RAILWAY.

On and after Monday, December 22, trains will run as follows:

Leave Belleville, 7:15 a. m. and 1 p. m.
Arrive Pictou, 9:00 a. m. and 3:30 p. m.
Leave Pictou, 7:15 a. m. and 1 p. m.
Arrive Belleville, 9:00 a. m. and 3:30 p. m.

(Trains are run by Montreal time.)

STAGE ROUTES.

Stages leave the principal hotels for the undersigned places at the hours named:

For St. Francis, Daily, at 8 a. m., and 2 p. m.
For St. Francis, Daily, at 8 a. m., and 2 p. m.
For St. Francis, Daily, at 8 a. m., and 2 p. m.

The stages arrive in Belleville about noon each day.

Daily Intelligencer.

BELEVVILLE, THURSDAY, JUNE 17.

Local Notices.

Notices under this head take a line each insertion. After six insertions 5 cts. a line.

JOHN ST. PRESBYTERIAN CHURCH.—Prof. McLeod, of Knox College, Toronto, will preach in John St. Presbyterian Church, next Sunday the 20th inst., morning and evening.

S. A. OLIVER.—Having determined to close his Belleville store by the 1st July he has decided to give a reduction of marked prices, which will place the goods in the purchaser's hands at less than Wholesale Prices. No reasonable offer will be refused. Call at once, as the time is short. 4635.

When you want a beautiful light snow, lake biscuit or pastry in force Queen, then buy Bon-Ton, the pure French Baking powder—guaranteed. 36416.

City and Vicinity

COUNTY COURT.—The County Court will resume to-morrow for the trial of a non-jury case.

NEW OFFICES.—The Dominion Telegraph Co. have opened offices at Newburgh, Ontario, Caouana, Que., and Port Hawkesbury, C. B.

EXCURSION.—The first excursion of the season to a distant point will be that announced by the Native Canadian Society to the Thousand Islands, per steamer Hastings. Full particulars will be found in the advertisement.

HISTORICAL SOCIETY.—The conversation of the Albert College Historical Society was held last night. There was a large attendance and the evening was pleasantly spent. The singing of Miss Roddy was much admired and formed a chief feature of the programme.

YACHTING NOTE.—There will be a grand regatta at Cleveland, Ohio, on July 5th and Lake Ontario yachts are invited to participate. A cup, to be a special prize for the championship of the lake, is to be offered, in the hope of inducing the Yacht Club and other yachts to enter. If the new Bloodhound could be got ready in time the Cleveland regatta would afford a fine opportunity of testing her speed against the famous big ones from Chicago.

PROPOSED COTTON FACTORY.—The Hastings Star says: "The organization of the 'Hastings Cotton Manufacturing Company, Inc.' are pleased to say nearly completed. Very little remains to be done, in fact nothing but a little substantial encouragement from the village, is needed to secure this much-desired manufactory. The factory will contain 400 looms."

FALL WHEAT.—The fall wheat is turning out better than was anticipated, the fine rains of some weeks ago having effected a highly favorable change in the condition of the crop. Mr. E. B. Fenwick has on his farm, north half of lot 32, 3rd con. of Sidney, a splendid field of 6 acres of fall wheat of the Clarkson variety. The grain was drilled in on old land on which barley was grown last year, on the 17th of September, and on the 20th of May it was fully headed out. It is now upwards of four feet high, beautifully regular, and gives promise of a yield of from 30 to 40 bushels to the acre. Mr. Fenwick has nine acres of fall wheat on new land, which also presents a highly favorable appearance. Favorable reports have also been received from Prince Edward.

THE QUEEN'S INSURANCE CO.—The report of the operations of this Company for the last year, read at the annual meeting held in Liverpool, May 20th, 1880, presents a most satisfactory state of affairs. In the Life Branch, the Premiums for 1879, after deducting Reinsurance, amounted to \$2,449,710, and the Losses to \$1,933,215. In the Life Branch that New Policies had been issued for \$1,777,500, and that the Life Fund, by the additions made to it in the year, now represents 67.4 per cent of the capital net Earnings received of every Policy in force. The surplus in the year's accounts, amounting to \$409,095, was distributed as follows: \$200,000 to the shareholders, \$100,000 carried forward to next account; \$107,095 appropriated to dividend; the cash assets were shown to amount to \$4,091,724; the income of the Company in 1879, \$79,300; the Company has paid in satisfaction of claims \$15,359,680.

Daily Intelligencer.

BELEVVILLE, THURSDAY, JUNE 17.

Local Notices.

Notices under this head take a line each insertion. After six insertions 5 cts. a line.

JOHN ST. PRESBYTERIAN CHURCH.—Prof. McLeod, of Knox College, Toronto, will preach in John St. Presbyterian Church, next Sunday the 20th inst., morning and evening.

S. A. OLIVER.—Having determined to close his Belleville store by the 1st July he has decided to give a reduction of marked prices, which will place the goods in the purchaser's hands at less than Wholesale Prices. No reasonable offer will be refused. Call at once, as the time is short. 4635.

When you want a beautiful light snow, lake biscuit or pastry in force Queen, then buy Bon-Ton, the pure French Baking powder—guaranteed. 36416.

City and Vicinity

COUNTY COURT.—The County Court will resume to-morrow for the trial of a non-jury case.

NEW OFFICES.—The Dominion Telegraph Co. have opened offices at Newburgh, Ontario, Caouana, Que., and Port Hawkesbury, C. B.

EXCURSION.—The first excursion of the season to a distant point will be that announced by the Native Canadian Society to the Thousand Islands, per steamer Hastings. Full particulars will be found in the advertisement.

HISTORICAL SOCIETY.—The conversation of the Albert College Historical Society was held last night. There was a large attendance and the evening was pleasantly spent. The singing of Miss Roddy was much admired and formed a chief feature of the programme.

YACHTING NOTE.—There will be a grand regatta at Cleveland, Ohio, on July 5th and Lake Ontario yachts are invited to participate. A cup, to be a special prize for the championship of the lake, is to be offered, in the hope of inducing the Yacht Club and other yachts to enter. If the new Bloodhound could be got ready in time the Cleveland regatta would afford a fine opportunity of testing her speed against the famous big ones from Chicago.

PROPOSED COTTON FACTORY.—The Hastings Star says: "The organization of the 'Hastings Cotton Manufacturing Company, Inc.' are pleased to say nearly completed. Very little remains to be done, in fact nothing but a little substantial encouragement from the village, is needed to secure this much-desired manufactory. The factory will contain 400 looms."

FALL WHEAT.—The fall wheat is turning out better than was anticipated, the fine rains of some weeks ago having effected a highly favorable change in the condition of the crop. Mr. E. B. Fenwick has on his farm, north half of lot 32, 3rd con. of Sidney, a splendid field of 6 acres of fall wheat of the Clarkson variety. The grain was drilled in on old land on which barley was grown last year, on the 17th of September, and on the 20th of May it was fully headed out. It is now upwards of four feet high, beautifully regular, and gives promise of a yield of from 30 to 40 bushels to the acre. Mr. Fenwick has nine acres of fall wheat on new land, which also presents a highly favorable appearance. Favorable reports have also been received from Prince Edward.

THE QUEEN'S INSURANCE CO.—The report of the operations of this Company for the last year, read at the annual meeting held in Liverpool, May 20th, 1880, presents a most satisfactory state of affairs. In the Life Branch, the Premiums for 1879, after deducting Reinsurance, amounted to \$2,449,710, and the Losses to \$1,933,215. In the Life Branch that New Policies had been issued for \$1,777,500, and that the Life Fund, by the additions made to it in the year, now represents 67.4 per cent of the capital net Earnings received of every Policy in force. The surplus in the year's accounts, amounting to \$409,095, was distributed as follows: \$200,000 to the shareholders, \$100,000 carried forward to next account; \$107,095 appropriated to dividend; the cash assets were shown to amount to \$4,091,724; the income of the Company in 1879, \$79,300; the Company has paid in satisfaction of claims \$15,359,680.

LET THERE BE HARMONY IN THINGS ESSENTIAL—LIBERALITY IN THINGS NOT ESSENTIAL—CHARITY IN ALL.

VOL. 14.

BELLEVILLE ONTARIO, FRIDAY, JUNE 18, 1880.

NO. 41.

MANHOOD.

HOW LOST, HOW RESTORED.

We have recently published a new edition of Dr. Culverwell's "Cervical Essay on the Medical and Personal Causes of Nervous Debility, Mental and Physical Impairment, Impediments to Marriage, etc., resulting from excessive sexual indulgence." Price, in a small envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practice, that nervous debility can be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

Address—

THE CULVERWELL MEDICAL CO.,
41 Ann St., New York.

Post office box 4556 1880.

THE GAOL.

There are but seven prisoners in goal at present—the smallest number of prisoners that have been in charge of Mr. Meyers for a length of time.

JOHN ST. PRESBYTERIAN CHURCH.—We understand that Rev. Prof. McLaren will occupy the pulpit of John St. Church on Sabbath next, both morning and evening.

GRAND JUNCTION RAILWAY.—A correspondent writing from Keno states that work on the Grand Junction in that vicinity is progressing favorably.

CHURCH.—The match between the Belleville and Cobourg clubs was commenced at 10:30 this morning, and shortly after noon the first innings of Cobourg terminated for 33, of which Woods contributed 38.

WHITMAN THE POET.—The Ottawa Free Press says: "The poet Whitman, the American poet and philanthropist, who is staying at present near London, Ont., where he will address the Sunday School Children Union at their picnic on Friday the 26th inst., proposes making a trip down the St. Lawrence about the middle of next month, taking the boat at Toronto. He will remain over a few days at Belleville, Kingston and Montreal, returning by way of Ottawa, where he will stay for a few days on the 1st July, on his way to the West."

FUNERAL.—The funeral of the late James H. Hamby took place this afternoon, and the respect and esteem in which deceased was held by his brethren of the Masonic order and the people of the city generally was evidenced by the very large attendance. The remains were taken to Christ Church, where the usual solemn services were held, and thence to the stoner Prince Edward, which conveyed the funeral cortege to the cemetery.

L. O. D. L. No. 2, S. H.—The Orange District Lodge of No. 2 District was held in the Orange Hall, Thomasburg, on the 18th inst., and concluded to celebrate the coming 12th of July in or near Thomasburg, the District to assemble at 10 o'clock a. m. At noon dinner will be served, and the proceeds to be devoted to the purchase of robes and distributed to the three churches, viz., Rollin, Thomasburg, and Treadwell. We trust all will give a helping hand, and that a good time will be realized. The Churchwardens are having the new shed at Tweed finished.

THE BAZAAR.—So far, the bazaar in aid of the Christ Church organ fund has been highly successful. Visitors have been numerous and a large number of sales have been made, so that the receipts are footing up well. The sale of one table last night realized \$70 and other tables were well patronized. The lunch department was also well patronized, large numbers of persons taking lunch there daily. The members of the Women's Christian Association have a screen on exhibition which will be sold by auction to-morrow for the benefit of the Home for the Friendless. The bazaar will close to-morrow night.

KINGSTON REPORT.—From the News we learn that at a meeting of the Ragatta Committee in that city who have charge of the Dominion Day races, it was decided that there should be three races—for first, second and third class boats. In the first class the prizes are to be \$100 to first, and \$30 to second, three boats to start or no race. Five second-class boats to start for three prizes of \$60, \$20, and \$10; and five third-class boats to start for three prizes of \$30, \$10 and \$5. The entrance fee is for first-class boats is put down at \$10, second class \$5, and third class \$3. It is expected that at least four first-class boats will enter, including the *Elia* from Oswego. The *Elia* has entered. A fleet of second class boats is promised from Oswego. Boats are also expected from Belleville and other places. The usual course for second-class races will be sailed, with an additional distance for first class boats. The programme of the races will be published at once. It has been decided that first class boats should start at 9:30 a. m. sharp; second class at 10, and third class at 10:30, sailing to be finished by seven o'clock or no prize given. Entries can be made with the Secretary, Mr. Joseph Swift, until nine o'clock of the evening of Wednesday, the 30th inst.

APPLETON'S JOURNAL.—Appleton's Journal for July gives the second and final part of Chubb's brilliant novelette, "Herr Drommel's Inconsistencies," and the conclusion of Appleton Morgan's "Shakespearean Mystery," in which there is an examination of the several theories current as to the authorship of the Shakespearean plays, and some eminently graphic pictures of the period and the life thereon. Nothing more readable has recently appeared in literature, and it is impossible not to be greatly interested in Mr. Morgan's arguments, and in the facts which he brings forward as inconsistent with the commonly accepted belief that the remarkable plays which bear Shakespeare's name were really written by him. A notable paper is an extract from advance sheets of Kossuth's "Memories of my Exile," now on the eve of publication, relating to an interview between the Hungarian patriot and Louis Napoleon. There is a reply by Mr. C. H. Rockwell to Judge Morgan's recent assault on the *Suez Canal Company*, an article by Dean Stanley on "The Variations of the Roman Church," a paper by James Jackson Jarves on "Modern Italian Picturesque Sculpture," and a plea in behalf of women by Mrs. Oliphant. A paper called "An Adventure of the Eighteenth Century" is full of strange facts and remarkable adventures. Then there are a partially humorous "Plea for Musicians," an essay on "The Dramatic Personae of Spanish Comedy," reviews of the "Changing Centennial Literature" and Professor Wischall's "Feminism," and finally the "Editor's Table." The contents of the number are varied and valuable. Appleton's Journal is published monthly, at 25 cents per number, or \$3.00 per annum. D. Appleton & Co., Publishers, 1, 2, & 3 Bond Street, New York.

MORNING DESPATCHES.

AMERICAN.

LANSING, Mich., June 18.—Seymour Shaler, aged 10, was shot last night by Henry Raymond, aged 16, probably fatally during a quarrel.

WASHINGTON, June 18.—The famous Ambler Whistle patent case was determined in the District Equity Court by a decree for the payment of \$177,000 by defendants R. M. Whipple and T. S. Dickinson to Ambler, with 1,475 shares in the National Gas & Oil Co., with all profits &c. The suit was brought to recover half the profits of the process invented by Ambler for producing gas from superheated and petroleum vapor.

LOUISVILLE, Ky., June 18.—Mrs. Florence S. Martin and Senator Vance, of North Carolina, were married in Orlam Co., Ky., last evening. The bride is the widow of John Martin, poor merchant.

NEW YORK, June 18.—Miss Louisa Bracco, aged 38, while attempting to light the gas in her bath room late last night, set fire to her night dress and was fatally burned.

NEW YORK, June 17.—The *Herald's* Pittsburgh says that an important conference of the leading Illinois Democrats at Springfield last night much was manifested over the rumour that Tillman favors Payne for second choice. The Pennsylvania leaders decided to favor Randall at all withdrawal.

CINCINNATI, Ohio: The Times says that he has never been held in this country a political conviction of such magnitude in reference to which there was so much uncertainty.

The Tribune says there are no external signs whatever of the Tilden canvass. The friends of Field are openly at work. August Belmont has hired at a fabulous price a house opposite the Grand Hotel to be fitted up as Bayard's headquarters.

The World says it is claimed that Field will start off with 120 to 140 votes. The Baymen are also confident. Bayard's friends claim 100 votes at the start. The feeling is that if the nomination was offered to Seymour it would not be rejected. If this should become the opinion of the Convention, Seymour is likely to be the nominee. All the other candidates are afraid of him.

NEW YORK, June 18.—Miss McCreigh, of Ramo, a passenger on a steamer from Long Branch yesterday, complained that she was sea sick and suddenly expired. She was an invalid.

Ashley & Bailey, silk manufacturers of Paterson, whose mill was severely damaged by Sunday's storm, have failed. Liabilities \$120,000; assets \$3,000.

AFTERNOON DESPATCHES.

NEW YORK, June 18.—Geo. W. Mason, a prominent citizen of Leesburg, N. J., who disappeared recently, and who it was feared had been murdered, it is now discovered eloped with his wife's sister.

Arrived, the Baltic, from Queenstown; the Maine, from Bremen; the State of Florida, from Glasgow; the Somerset, from Bristol.

PARIS, June 18.—Humbert, the pardoned Communist, has confirmed with most important details the fact that successive ministers of justice indignantly denied, that the most heinous tortures had been long and habitually inflicted on convicts in New Caledonia.

ATHENS, June 18.—The leading inhabitants of Janina and surrounding districts have sent to the foreign ambassadors at Constantinople a protest accusing the Porte of sending to Janina brigand chiefs, who, joined by Turkish officers, assemble in the mosques trying to induce the native Ottomans with sentiments favorable to the Porte.

They also constantly collect in Janina irregular Alban forces under the command of local chiefs, dispersing them throughout the province ostensibly to crush the brigandage, but really to occupy important positions in Epirus, thus raising obstacles to the execution of the decisions of the Berlin Conference. The petition earnestly entreats the speedy solution of the Greek question to avert bloodshed, as the conduct of the Porte renders a collision inevitable.

MONTVIDEO, June 18.—In consequence of closing the port of Buenos Ayres, steamers are unloading here all cargoes intended for the Argentine Republic.

ALEXANDRIA, June 18.—The Khedive and the Government are deeply hurt at Italy giving protection to Chahin Pasha.

LONDON, June 18.—The eldest son of the Prince of Wales, in his 17th year, is to enter the Royal Military Academy and will receive when qualified, active commission in the army.

A motion will be introduced in the Commons shortly, that the erection of the Napoleon memorial in Westminster Abbey would be inconsistent with the national character of the edifice, apposed to the sentiments of the English people and calculated to impair the friendly relations with France.

WEATHER REPORTS.

TORONTO, June 18.—Probabilities for the next twenty-four hours: For the lower lakes, St. Lawrence Gulf and Maritime provinces: light to moderate winds, and continued fine warm weather.

WASHINGTON, June 18.—Indications: lower lakes, clear or partly cloudy, stationary or higher temperature, to-morrow the same.

A LOVING JOKE.—A prominent physician of Pittsburgh said jokingly to a lady patient who was complaining of her continued ill health, and of her inability to cure her, "My dear Madam, the lady took it in earnest and used the Bitters, from which she obtained permanent health. She now laughs at the doctor for his joke, but he is not so well pleased with it, as it cost him a good patient."

"TENDERLY," the newest wonder for whitening the teeth, delightfully refreshing to the mouth, "to try it is to become a friend to the pleasant, irresistible, popular Dentifrice of the day."

A CARD.

To all who are suffering from the stress and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a copy of my new book, "The Young Men's Guide." This great remedy will cure you, or I will refund your money. It is a complete and reliable remedy in South America. Sent at self-addressed envelope to the Rev. Joseph E. Moran, 370 Broadway, New York City.

Buckley's Arnica Salve. The Brains &c. in the world for Cuts, Bruises, Sprains, Pains, Rheumatism, Chapped Hands, Chilblains, Corns, and all kinds of Skin Eruptions. This salve is guaranteed to give perfect satisfaction in every case, or money refunded. Price 25 cents per box. For sale by Jas. Clarke & Co.

Tenders closed on the 18th inst., for the supercargo of the *Welland Canal* bridge. The contract is said to have been given to the *Welland Canal* bridge.

One Way to Economy.

Many a poor man, if required to account for the manner in which he has expended his income, would find that his family physician is the result of some chronic disease. Thus, fever, variously result from a diseased condition of the blood and liver, and are cured by alterative, or blood purifying, and cathartic remedies which have avoided the prostrating illness that often leaves the system irreparably injured. Dr. Pierce's Golden Medical Discovery and Pleasant Laxative Pills are the best alterative and cathartic medicines yet compounded. Full directions are given for administering them, together with an accurate description of the symptoms demanding their use. They will cure all human ills (as soon as the disease is advertised to do), but they will cure the disease for which they are compounded and recommended.

A Wonderful Discovery.

For the speedy cure of consumption and all diseases that lead to it, such as stubborn Cough, neglected Croup, Whooping Cough, Asthma, Pain in the side and chest, dry hacking cough, tickling in the throat, Hoarseness, Sore Throat, and all chronic or lingering diseases of the throat and lungs, Dr. Kasse's New Discovery has no equal and has established for itself a world wide reputation. Many leading physicians recommend and use it in their practice. The formula from which it is prepared is highly recommended by all medical journals. The story and the press have complimented it in the most glowing terms. Do it by your druggist and get a trial bottle free of cost or a regular size for \$1.00. Sold by JAS. CLARKE & Co.

DIED.

In Belleville, on the 13th inst., James Campbell, aged 40 years.

MANHOOD.

HOW LOST, HOW RESTORED.

We have recently published a new edition of Dr. Culverwell's Celebrated Essay on the medical and personal care of the afflicted with Nervous Debility, Mental and Physical Infirmities, Impediments to Marriage, etc., resulting from excess.

Price, in a small envelope, only 6 cents, or two postage stamps.

The celebrated author, from thirty years' successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

Address THE CULVERWELL MEDICAL CO., 41 Ann St., New York, Post Office Box 4586.

1880. 1880.

SUMMER SERVICE.

ALLAN LINE.

STEAM TO LIVERPOOL.

London and Glasgow.

HE first-class Clyde built steamships of the Allan Line, carrying the Canadian and United States Mail, will be despatched from Quebec for Liverpool and London every Saturday, as follows:

SAILINGS FROM QUEBEC.

POLYNESIAN, 14th May.

MORAVIAN, 22nd "

SARANTIAN, 29th "

SARDINIAN, 5th June.

PERUVIAN, 12th "

MORAVIAN, 19th "

SARANTIAN, 26th "

SARDINIAN, 3rd July.

PERUVIAN, 10th "

RATES OF PASSAGE.

From Belleville to Liverpool or London

First-class, \$100, and \$100, according to

position of steamer.

Intermediate, with first-class Railway \$47.

Stowage, do, from \$32.25 to \$34.

Children, 1 to 14 years, half price, under

five years, one-third.

Return Tickets at reduced rates.

Stowage tickets are issued without extra

charge, except from London, Liverpool, and

Quebec, Glasgow, Belfast, London, Bristol

and Cardiff.

Hamilton 1st May, 1880.

FEELING that the many advantages of this popular
Company I shall take an early opportunity of
seeing as many as possible of the old members
and others desirous of becoming members of a
company which has for so many years main-
tained a high reputation for promptness and
fair dealing.

JAMES A. CHISHOLM,
Agent Victoria Mutual Fire Ins. Co. Y.

Wallbridge May 1st, 1880.

WATCH YOUR WORDS.

Keep a watch on your words, my darlings.
For words are wonderful things:
They are sweet like the bee's fresh honey;
Like the dew, they have their fragrance;
They can bless like the warm, glad sunshine,
And brighten a lonely life;
They can cut, in the heart, as deep as a sword,
Like an open, two-edged knife.

Let them pass through your lips unchallenged,
If their errand is true and kind;
If they can help to soothe the weary,
To comfort and to gladden;
If a bitter, revengeful spirit,
From this time of yours, be banished;
If they flash through a brain like lightning,
Or fall on a heart like lead.

Keep them back if they are cold and cruel,
Under bar and lock, and seal;
Under bar and lock, and seal;
Are always slow to speak,
May peace guard your lives, and ever,
From this time of yours, be banished;
May the words that you daily utter
Be the beautiful words of truth.

BEHAVIOR, SATURDAY, JUNE 19.

Self-Contradictory.

The Ottawa Free Press organ of the Grit party at the capital, affords to its readers a fair sample of the absurdities perpetrated by its party in their ridiculous and unprincipled opposition to the National Policy. In the same column of the same paper, appear two paragraphs, one of which depicts the evils of a high tariff in the United States, by the statement that the sugar refiners in that country are about forming a pool to limit production and divide the profits. The second paragraph bewails the alleged failure of the protective tariff in Canada to increase wages, and records the departure of a number of weavers and cotton spinners for Providence, enticed by the fact that they have advanced in that city. According to the Free Press protection is bad, and yet it is the hateful thing which increases wages, a contradiction for which the Opposition print in question sighs. The only deduction which can be logically drawn from the Free Press' growl is that the Canadian tariff ought to be further raised, in order to increase wages. Perhaps it can reconcile its opposition to protection with these facts, if we can, and leave the task to its ingenuity.

The Proposed Zollverein.

The Hamilton Times does a sensible thing in rebuking the advocates of a Zollverein or Customs union between the United States and Canada, which some unscrupulous politicians in Montreal, backed by Mr. Blake's London organ, the Advertiser, are seriously recommending as a panacea for all the ills under which our country labors or is supposed to labor. The Times sharply deals with these doctrinaires:—

"The head of the agitation is not a producer in any sense of that economic term. So far as the effect on the Canadian people is concerned he has not enhanced it by one copper. Nay, if he carried himself off with his heavy viscous and impracticable theories he would not detract from the wealth by one dollar made by his own labor or encouragement of that of others. To such as he, who for some private reason appear to be envious of the success of the British Empire, it seems to be quite distasteful to the popular mind at a time when property is not far off and when the bootless agitation of a Zollverein is sure to be harmful. But, happily, to such as he succeeds does not often come. The cry for a customs union which in effect makes Canada a part of the United States, one country, is but the another name of the annexationist. If the step were taken, we should invite the apathy if not hostility of England, and the indifference of the United States. The latter, if the venture proved a success, which is impossible, we would drift into the arms of the republic because self-interest would dictate that we should. As it would be sure to do, we would be compelled to join to because having once joined in the power the continent would not let go; some cause would be trumped up for compelling us to remain, which we would be powerless to prevent. A customs union, in fact, is a step towards the annexation. They see that it would lead to annexation, and that the time would be shaken into their lap, without costing them a cent or a drop of blood, and that a practical annexation would be accomplished. It cannot be that a country which has successfully resisted conquest and invasion has sunk to the level of selling itself in the market. Yet open sale is the text from which the apostles of a Zollverein are preaching. This may be said to be an unfair representation of their case, but it is not. Every man who considers the question should ask himself, 'Am I in favor of Canada being annexed to the States, with all that the term implies?' and not 'Am I in favor of a Zollverein?' His answer to the former is his answer to the latter. It is impossible that it could be otherwise. The Conservative party has struck the proper keynote in this matter, and if an attempt be made to draw party lines upon it, the result will be that it will receive accessions of strength which will make it omnipotent. The time has not yet come for political suicide, a fact that the bulk of the people will happily appreciate if the electors be driven to pronounce upon it.

The patriotic utterances of the Times, which has hitherto been allied with Mr. Blake's wing of the Grit party, will be appreciated by all who take a patriotic interest in their country's welfare and desire to maintain connection with the British Empire. It is right in saying that the Conservative party, by determinedly opposing any such folly, "has struck the proper keynote in this matter," just as the Conservative party struck the proper keynote in refusing to submit to the commercial supremacy of the United States, which the Cartwright tariff caused, and which the eminent political economist David A. Wells, asserted would have led to the annexation of the Dominion to the United States within a short time. The Times is now a bitter opponent of protection, but if the present editor would but study the files of the journal which he controls, he would find, in the volume for 1876, arguments which might induce him to oppose free trade as heartily as he now does the proposed Zollverein.

A GREAT INCREASE.—The Grand Truck receipts for the week ending June 12th, 1880, were \$193,676, as against \$148,816 the corresponding period last year—an increase of \$44,860. The Riviere du Loup receipts are included in 1879 but not in 1880, and adding them the week's increase is \$49,000. The aggregate increase for twenty-four weeks is \$750,296.

NAVY'S IMMORTALITY.—The Ottawa Times says the Government are not paying the ocean passages of navies or other persons in this country, but the Minister of Agriculture has made an arrangement by which the fares from Quebec of a limited number of navies, required by railway contractors with this Government, should be advanced to points in the west, upon the condition that such advance could be repaid by the Railway Department by deductions.

Canada Presbyterian Church.

MONTREAL, June 17, 1880.

The report of the Church Record paper shows a large increase in its circulation, and as having made a profit of \$1,000 last year. \$1,000 of this sum was appropriated to the House Missions Fund, and steps were taken to consider the practicability of enlarging the Record.

The evening session was occupied in discussing the overture from the Synod of Hamilton and London on conferring degrees in divinity.

A vigorous discussion took place on the subject of degrees. The Synod, recommending that Knox and Montreal Colleges take action to obtain power from the Provincial Legislatures to confer such degrees. The proposition was opposed by several prominent members and supported by others. Finally a motion that the Synod of the two colleges be allowed to take such steps as were desired, was carried.

At the morning session of Friday, addressed to Her Majesty the Queen and to His Excellency the Governor General were read. The remainder of the session was occupied in discussing the report of the Judicial Committee on the divorce case of Mrs. Phillips.

Diocese of Ontario.

KINGSTON, June 17, 1880.

Dr. Henderson presented the report of the Episcopal Fund Committee, giving the statement of securities, debentures and cash belonging to the fund, as follows:

Mortgages.....\$38,652.62
Debentures.....15,878.00
Debt due by interest to principal and security.....6,301.00
Balance for investment.....1,276.28
\$60,837.90

Dr. Henderson presented a report recommending that the Incumbent and Churchwardens be allowed to sell the original site of St. John's Church, Belleville.

Dr. Henderson also reported that the Land Committee had before them a petition to sell 70 acres of land in the Township of St. Lawrence, which they wish further information and ask the petitioners to appear before the Executive Committee in September to give such information.

These reports were adopted. A motion to mortgage the site of the new church at Mill Point was carried.

A large number of reports were adopted, and the Synod was prorogued.

News Condensed.

—Sir Charles Tupper will go to Manitoba next week.

—The use of the electric light is being extended in Montreal.

—Mr. Courtney, Deputy Minister of Finance, has left for England.

—Every man who considers the question should ask himself, 'Am I in favor of Canada being annexed to the States, with all that the term implies?' and not 'Am I in favor of a Zollverein?' His answer to the former is his answer to the latter. It is impossible that it could be otherwise.

—The Conservative party has struck the proper keynote in this matter, and if an attempt be made to draw party lines upon it, the result will be that it will receive accessions of strength which will make it omnipotent.

—The time has not yet come for political suicide, a fact that the bulk of the people will happily appreciate if the electors be driven to pronounce upon it.

The patriotic utterances of the Times, which has hitherto been allied with Mr. Blake's wing of the Grit party, will be appreciated by all who take a patriotic interest in their country's welfare and desire to maintain connection with the British Empire.

It is right in saying that the Conservative party, by determinedly opposing any such folly, "has struck the proper keynote in this matter," just as the Conservative party struck the proper keynote in refusing to submit to the commercial supremacy of the United States, which the Cartwright tariff caused, and which the eminent political economist David A. Wells, asserted would have led to the annexation of the Dominion to the United States within a short time.

The Times is now a bitter opponent of protection, but if the present editor would but study the files of the journal which he controls, he would find, in the volume for 1876, arguments which might induce him to oppose free trade as heartily as he now does the proposed Zollverein.

A GREAT INCREASE.—The Grand Truck receipts for the week ending June 12th, 1880, were \$193,676, as against \$148,816 the corresponding period last year—an increase of \$44,860.

The Riviere du Loup receipts are included in 1879 but not in 1880, and adding them the week's increase is \$49,000.

The aggregate increase for twenty-four weeks is \$750,296.

NAVY'S IMMORTALITY.—The Ottawa Times says the Government are not paying the ocean passages of navies or other persons in this country, but the Minister of Agriculture has made an arrangement by which the fares from Quebec of a limited number of navies, required by railway contractors with this Government, should be advanced to points in the west, upon the condition that such advance could be repaid by the Railway Department by deductions.

MORNING DESPATCHES.

EUROPEAN.

QUEBEC, June 19.—Arrived, the Albatross, June 19.—A Pera correspondent telegraphs that the Albanian delegates have forwarded a petition to the powers protesting against the loss of the Janina Arts and saying the Albanian people are resolved to rise as one man against the alienation of a portion of their native soil, and they protest against the overbearing pretensions of Greece.

June 19.—The news comes from Rio that a secret treaty offensive and defensive, has been concluded between Costa Rica and Peru, the provisions of which refer to the transportation of Peruvian munitions of war across the isthmus of Panama.

AMERICAN.

PROVIDENCE, June 19.—Hansen fears his disability may make the race with Trickett impossible. He asserts that the recent case of Hansen vs. Trickett, which attributes his condition to over work. He was very anxious yesterday to reach Toronto to consult his physician. Hansen appeared rather despondent.

CINCINNATI, New Mex., June 19.—On Sunday, about five o'clock, a party of about a dozen men, who had acted disorderly, a fight ensued, and Wm. Briggs, one of the posse, was shot dead by a herder. The posse's party then killed all the herders. The sheriff and others of his party were wounded.

NEW YORK, June 19.—1,000,000 bushels of grain were shipped from this port yesterday; probably the largest shipment during one day on record.

The ship Liverpool, from London, arrived last night with the captain and crew of the bark Birdwing, of Windsor, B. C., which only left the ship at night. Tilden will state that he was abandoned in a sinking condition.

CINCINNATI special:—NEW YORK, June 19.—The Tribune says that Tilden is about to withdraw as a candidate. A letter from him to that effect is to be read at the meeting in the New York delegation to-night. Tilden will state that he withdraws on account of ill health. His purpose has been confined to a few intimate friends, and is subject to change. Henry B. Payne is his candidate for President, and will be supported by most of his supporters.

The Times says it is believed the convention will not last longer than three days. It is understood the New York and Massachusetts delegates have been practically abandoned. The only serious contest likely to be had touching representation in the Convention is probably to be made by gentlemen who will rebel against the rules which excludes the territories and district of Columbia for a vote in the Convention. The National Committee has formally decided that Wade Hampton should be temporary chairman. The rule will be put overboard and the two third rule sustained.

The Sun says if Tammany is recognized 70 regular delegates from New York will walk out of the Convention. The World says it is estimated by their respective friends that Tilden will have 193 votes on the ball ballot. Boyard 165 and Field 150 to 210.

The Herald Tribune says Seymour says that if by any possibility he should be made a candidate, he would not be overthrown and written, he should firmly and absolutely refuse the candidacy.

The army worm is ravaging Westchester County. It is rumored the Manhattan Elevated Railway had to borrow \$100,000 in order to be able to pay the dividend and interest on bonds by July 1st. It is also said a proposition will be made by the directors to reduce dividends from 10 to 7 per cent.

Lighting's Pranks.

Extraordinary Experience of a Young Lady.

A Dutton correspondent tells of the wonderful experience of a young girl named Esther, in that township, with whom the lightning played some queer pranks.

The electric light struck her on the back, which she had in her hair at the time, portions of which it fused, and its own current passed through her hair to the scalp. The third divided on the back of her neck, a portion passing on either side and reunited in part on the chest, and then entering the steel ribs of her corset, it traversed the corset, leaving there a scorching charge with magnetism. Again the fluid passed down one limb to the foot, sending a high pitched bolt in tatters, and passed on to the other limb. When struck she fell forward on her sister's lap, who put out her flaming hair. She remained unconscious for a short time. Medical aid was immediately summoned, and she is recovering gradually. The electric light left her a red mark, blistered in some places, through its entire course. Strange to say, the dry wooden building was not set on fire, while the young lady's hair and part of her underclothing were ignited.

ANOTHER RAILWAY HORROR.

FATAL ACCIDENT ON A WEST OF ENGLAND RAILWAY.

HIREFORD, England, June 18.—Last night on the Hereford, Hay, and Brecon Railroad a luggage train was passing over a bridge spanning the River Wye when the structure gave way and the train was precipitated into the water. The engine driver was killed and the stoker fatally injured. It was providential that the accident did not occur earlier, when a heavily laden passenger train crowded with excursionists from an agricultural show at Hay passed over the bridge, in which case there would have been a repetition of the terrible Tay disaster.

BIRD AND GRUBS.—The New York Bulletin says:—The ravages of the voracious army worm on Long Island, and some parts of New Jersey recall the grasshopper plague which the wheat fields and pasture lands of the Northwest three summers since. We see it that the Long Island farmers for years past have been carrying on a war of extermination against the sparrows in order to get rid of their depredations upon garden vegetables. If this be so they are in a fair way to realize that they have made a mistake. The sparrows are said to be the enemies of all such having banished them, the latter are at liberty to do as he likes. The depredations of the former were a bagatelle compared to the damage inflicted by the latter.

TO VISIT ENGLAND.—Arrangements are being made to send the 65th Regiment, Montreal, on a visit to France and England. The Prince says: It is the intention to take over 400 men, and the expenses of each man for the round trip are placed at \$150 each, or \$500 for the corps. This is a good round sum, but Mr. Joseph Perrault, who is one of those who will have the matter in hand, thinks there will be no difficulty in raising this amount. In fact he simply asks that the regiment consent to go to Europe, and he will set out in a few days for Paris to make arrangements and will assume all the financial responsibility in the matter. The regiment will be welcomed in Paris with open arms, and it is thought that the concert to be given by the band of the corps in that city will realize handsome returns, while a Canadian volunteer corps would, it is thought, receive a most hearty welcome in England also.

THE DECOUVER CASE.—The verdict at the inquest on Robert W. DeCourcier, who poisoned himself in the Toronto jail, is as follows: That Robert W. DeCourcier, a prisoner at the jail for the city of Toronto, in the county of York, under sentence of death, came to his death on the 10th day of June, 1880, at the said jail, from the effects of a certain poison, to wit, prussic acid or hydrocyanic acid, administered by himself with the intent to commit suicide. The jury find that the said poison was clandestinely given to the said DeCourcier, and the said prisoner, with the intent that he, the said prisoner, should thereby commit suicide, but how or by what means the said bottle was so given to the prisoner, the jury are unable to say.

—New South Wales has a deficit of nearly one and a half million dollars, which it is proposed to meet by export duties on wool, horses and cattle, an increased royalty on coal, and the reimposition of stamp duties.

For TRENTON, Daily, at 3 p.m.
The stages arrive in Belleville about noon each day.

Daily Intelligencer.

BELLEVILLE, MONDAY, JUNE 21.

Local Notices.

Notice under this head 10c. a line each insertion. After the first 5c. a line.

Kid gloves cleaned for 10 cents at Smith's Renovating Establishment, Campbell St. 14.

NOTE: For the accommodation of those who intend to patronize the services of the New Canadian Society to-morrow, three street cars will leave the depot at 6:30 and Hotel Street fifteen minutes later. This will enable all who desire it to take more time to catch the boat in time.

SALE AND STRAWBERRY FESTIVAL.—A sale of fancy and useful articles and a Strawberry Festival will be held in the Lecture Room of St. Andrew's Church, on Tuesday evening the 22nd inst. Proceeds for the benefit of the Sabbath School. Admission 15c.

City and Vicinity.

POLICE.—All quiet in police circles. No arrests since Saturday night. The usual street still adorns the cells.

MILITARY.—Preparations are being proceeded with for the going into camp of the 49th Battalion. It is probable that the ranks will be well filled, although the rate of allowance is not so liberal as in previous years.

REGATTA AT GANANOQUE.—There is to be a regatta at Gananoque, on Dominion Day, when prizes will be offered for yachts under 10 tons—1st \$50; 2nd \$25; 3rd \$10. There will be several rowing races for small prizes.

THE CHAMPION CUP.—The next contest for the 49th Battalion Championship cup will take place to-morrow instead of on Friday next, an account of the fact of the battalion's going into camp on Thursday.

STORMY.—Sundays of late have been stormy—at least for three weeks past the weather has been unusually boisterous. Yesterday was no exception to this rule of recent application, and the sky was scarcely at any time during the day free from thicker clouds, though but little rain fell in the city.

GOT A BEATING.—A simpleton or semi-idiot—a boy named Albert Ross—was severely clubbed last night. He entered a private dwelling in the lower part of the city, and refusing to leave when the man of the house told him, was given a severe beating with a club.

RAILWAY NOTES.—Henry Corby, Jr., recruited four cars of wheat from Colborne on Friday, and during last week sent one car of wheat to Stirling, one car of corn to Madoc, and three cars of wheat to the Alma Mills. Eighteen head of fat cattle were sent to Mr. Reese of Kingston, by rail to-day.

THE FISH.—Messrs. Auley & Allan, of the Nanticoke Fisheries, are having rather frequent visits from Lake Erie "whales." On Wednesday of last week at one haul they secured 180 sturgeon, and on Friday of the same week 135. They were rather a weighty lot, too, one turning the scales at 190, and another at 187 pounds. A muskallunge weighed 78 pounds.

APPOINTMENT.—The Kingston News says: "The Rev. T. A. Parnell, D. C. L., Archbishop of Kingston, and late Clerical Secretary of the Synod of Ontario, has been appointed by the Bishop to the vacant Rectory of Kempsville, previously held by the late Rev. John Stannard. Dr. Parnell's successor in the Clerical Secretaryship is curate of Kempsville, a position which he will resign."

MAJORITIES.—At the regular monthly review of Prince Albert Test No. 117 of the Macabees, held on Wednesday, 16th inst., the following officers were elected:—Rev. Dr. Clark, Past or Sir Knight Commander; J. B. Patterson, ex-Sir Knight Commander; L. W. McKay, Sir Knight Commander; J. L. Newberry, Sir Knight Commander; J. Newberry, Sir Knight Commander; J. Minz, Sergeant; J. F. Sanford, Recorder; J. L. Flowers, Master-at-Arms; P. Cook, 1st Master of Guards; J. Myers, 2d Master of Guards; W. Way, Sentinel; O. H. Ham, Picket. This benevolent institution now numbers over 800 Tests. The organization now payable at death is about \$600, costing each member \$3.20 per year.

PERSONAL.—Mr. F. Clarke, formerly of the Consolidated Bank, and Mr. A. D. Peterson, of the Emerson (Manitoba) Times are in the city.

LAURENCE.—The Girls and Tories of the Belleville Lacrosse Club will cross sticks in a match on Thursday afternoon. Play will commence at 3:30.

NEW POST OFFICE.—Among the new post offices established on the first of June, was one named Warston, in Marmora Township, of which David Vannickle is postmaster.

J. H. ANDERSON.—In the case of J. H. Anderson judgment was given to-day, granting an injunction to stop the upper ferry, as an infringement on the rights of the plaintiff.

CHURCH.—An invitation for the Belleville Club to play at Fulton, N. Y., on the 6th of July was received here this morning. No action, however, has as yet been taken on the matter.

THE BAZAAR.—The ladies of Christ Church intend to continue the Bazaar this evening to close out the remainder of the articles. There will be music in attendance and refreshments served.

FOREPAUGH'S SHOW.—Forepaugh's great show passed over the Grand Trunk eastward yesterday. Three trains were required to transport it. A horse belonging to the concern died shortly before reaching Belleville and was taken from the car below the eastern switch.

RUNAWAY.—A horse belonging to Mr. Daniel Foster, and drawing a buggy containing a son and daughter of that gentleman, came frightened yesterday evening when near the lower bridge. In its efforts to get away the horse upset the buggy, throwing out the occupants, both of whom received painful though not severe cuts, and some bruises. A horse owned by Mr. Hunter, liver keeper, also ran away yesterday, and damaged a buggy slightly.

ORCHARD GRASS.—Mr. Joe Nightingale, of Ameliasburg, exhibited to-day a bunch of orchard grass about six feet in length, now in bloom. The seed was purchased from the store of Messrs. J. A. Clarke & Co. The advantages of the orchard grass are that it can be cut simultaneously with the clover, will stand the drouth better than the majority of grasses, and instead of leaving a stubble like timothy after cutting, an aftermath will grow up in the fall, making excellent feed for pasture. The grass is on exhibition at Clarke & Co.'s drug store.

TAKE CARE.—Complaints have frequent. It is made at this office that subscribers did not receive their papers regularly. Every exertion has been used to the end that the readers of the INTELLIGENCER shall receive it every evening. The fault of non-delivery was, of course, attributed to the carriers, but that the blame does not always lie on them, was exemplified—on Saturday evening, when a man deliberately opened the entrance gate to a gentleman's residence on Hotel Street and picked up a paper which had been left there. The offender was detected by the carrier, and if the offence is repeated he will have cause to regret his action.

REMOVAL FROM THE DEPOT.—A car of potatoes and another of what came in this morning from the west. Twenty-one cars of cattle, drawn by a "six-wheeler" passed eastward yesterday afternoon. Robert Purdon, one of the gentlemen conductors of the Grand Trunk, forsook bachelorhood to-day and entered the matrimonial state at Colborne. A large number of passengers patronized the eastward mail train to-day. Under the exertions used by Mr. Gunn, the efficient agent at this depot, the garden on the eastern side of the depot looks exceedingly neat and attractive. It would be a benefit and not an annoyance to travellers were the vermin on the south side of the station made as large as conveniently possible at all times and a stop would be put to the grumbling that is so often indulged in by visitors there.

GLASS BALL CASES.—Mr. Clark Selling, representative of the Glass Case Company, Hamilton, has shown us samples of these superior articles. They consist of Flint Glass Balls held in claws of fine Bell Metal, Malleable Iron Nickel Plated, and Malleable Iron Tinned, manufactured in all sizes and shapes to suit the trade. They improve the appearance of furniture, and possess many advantages over the old style swivel casters. They are centre bearing, the weight coming directly over the balls, therefore more durable and not liable to get out of order or break the furniture, as is the case with the swivel action. They will not cut, soil or injure carpets, the glass balls only coming in contact with the floor, and will move in any desired direction. Nervousness, Rheumatism and Sleeplessness are said to be cured by installing Bedsteads with Glass Ball Casters being non-conductors, they prevent the electricity escaping from the body during sleep; consequently persons afflicted with disease produced from a loss of vitality, are greatly benefited and restored to health by their use. Many testimonials have been received to substantiate the above facts. For plans and organs they possess unequalled merits. They add materially to the sweetness and volume of tone of the instrument. Mr. J. W. Walker is the agent for these castors for Belleville and vicinity.

CANADIAN ATHLETES.—The following item, which is going the rounds of the press, has a substantial basis of truth:—"Canada is gaining fame as the home of athletes. In rowing she is prominent. In Canadian sports she is at the top. In lacrosse she teaches the world, and in the more sensible forms of pedestrianism she is as good as the best. This fact is being recognized, and the New York Sun generally says that Canada's best is usually the world's best in the long run." When Haulan, Warren Smith and Wallace Rose are named, it will be acknowledged that for Canada Canada is at the top of the tree. So with Hugh McKinnon as a heavy weight athlete and E. W. Johnson as an all round performer in Canadian games, and there are other first class men also worthy of mention. The runners are too many to name, and in yachting, Oulton has built the swiftest sail on the fresh water, so that the Sun's compliment is not out of place. The position which our country has assumed in these matters appears highly for the bearing qualities of its climate.

MARINO NOTES.

The Tugboat (Gardie) notes the especial condition of Wallingford Harbor and advocates the cutting of a channel through the sand beach between Lake Ontario and West Lake. "Necessarily there would have to be some dredging and cribbing done in order to make a passage way through into West Lake, and possibly the depth of water when it could scarcely be sufficient for all purposes, but this expense would not be very great, and its advantage to Wallingford it appears to us, would be incalculable."

The steamer City of Belleville is running as a ferry boat between Prescott and Ogdensburg. The steamers Alexander and Hastings brought up large quantities of freight on Saturday.

Arrived.—Schrs. Florence and Wm. Jamieson, which, as well as the Geo. Shipley are all loading lumber at the Erie mill.

IMMIGRANTS.—According to calculations made, based on the number of immigrants arrived in Canada and the United States thus far this season, Canada will receive this year in proportion to its population, about twice as many emigrants as the United States.

THE CATTLE PLAGUE.—A Winnipeg despatch says:—"Veterinary Surgeon Hinman reports to the Government on the plague among the cattle. He pronounces the disease 'anthrax,' or black quarter."

AFTERNOON DISPATCHES.

PARIS, June 21.—The municipality of Paris voted 200,000 francs for the celebration of the National Fete day the 14th of July on condition that the General Government will grant 500,000 for the same purpose.

NEW YORK, June 21.—Arrived, the Arctica from Liverpool.

LONDON, June 21.—Jean Henri Strack, the well known German architect is dead, age 74. Richmond, Va., June 21.—Last night a negro named Wm. Burke in a fit of jealousy shot Pat Harris, colored, and then locked himself in the house with his wife and around with a loaded musket. A parcel was knocked out of the door through, which Burke's wife tried to make an exit, but her husband struck her over the head with the musket, scattering her brains. The police got in and captured the murderer. An effort was made to lynch Burke.

Yesterday Raphaela Bontani, a prisoner in the city jail, hanged herself because the other prisoners treated him, struck Walter Peary-hough fatally on the head with a bullet.

CALCUTTA, June 21.—By allotment of the new 44 per cent. loan the Government make a clear gain of 10 lacs of rupees. The news was received throughout the country with the liveliest satisfaction. It is generally felt a more complete answer could not have been given to allegations that Indian finance had drifted into a hopeless state.

LONDON, June 21.—Arrived out the Herder, Caledonia, Devon, and Marengo.

HARTFORD, Ct., June 21.—John and Henry Trichman, brothers, of Cornwall, when returning home at 10 o'clock on Saturday night were fired at by unknown persons. Both were fatally wounded.

CINCINNATI, June 21.—There is an such crowd here as in Chicago, nevertheless the hotels and streets are well kept. The New York delegation, just accepted Tilden's withdrawal, by a resolution congratulating him on the fact. The sentiment of the delegates as they arrive seems to favor Bayard, but with no certainty of his nomination. The friends of Hendricks rather despair with reference to his prospects and Tilden's delegates do not altogether accept either Payne or Randall's as legitimate his claims. Hancock's friends, who are many, appear to be reserving themselves until an opportunity shall develop. Jewett has quite a following. Field's advocates are working hard, and methodically, to get a hold. Randolph and Grosbeck have many excited supporters. The general situation is so mixed that nothing could be more hazardous than any prediction as to the final result.

LONDON, June 21.—It is reported that a friend of Chalmers Russell has sent a challenge to O'Donnell to fight. O'Donnell will not accept.

ALBANY, Pa., June 21.—An ore mine near Brinsford, Pa., caved on Saturday, burying two men! Both are dead.

NEW YORK, June 21.—Mrs. Julia Weldon, aged 45 was found dead by a neighbor. Her husband is suspected of having murdered her.

WEATHER REPORTS.

TORONTO, June 21.—Probabilities, for the next twenty-four hours: for the lower lakes: fresh to brisk southerly winds, fine, and continued warm weather.

WASHINGTON, June 21.—Indications: lower lakes, partly cloudy, occasional rains.

A LOST JOKE.—A prominent physician of Pittsburgh said jokingly to a lady patient who was complaining of her continued ill health, and of her inability to cure her, "try Hog Bitters." The lady in earnest and used the Bitters. She now laughs at the doctor for his joke, but he is not so well pleased with it, as it cost him a good patient.

"TALKERS," the newest wonder for thinning the flesh, delightfully freeing the system from the plagues of indigestion, popular Dandelion of the day.

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Burns, Sore Throat, Tetter, Chapped Hands, Chills, Corns, and all kinds of Skin Eruptions. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by J. A. Clarke & Co., and J. W. Walker.

One Way to Economize.

Many a poor man, if required to account for the manner in which he has expended his money, would first tell of his family physician for "medical advice" among the leading items. In seven cases out of ten, acute diseases are the result of some chronic disease. Thus, fevers invariably result from diseased conditions of the blood, and a timely use of alterative, or blood purifying, and cathartic remedies would have averted the febrile condition. Dr. Pierce's Golden Medical Discovery and Pleasant Laxative Pills are the best alterative and cathartic given for administering them, together with an accurate description of the symptoms demanding their use. They will not cure all human ills (as some medicines are advertised to do), but they will cure the diseases for which they are compounded and recommended.

A Wonderful Discovery.

For the speedy cure of consumption and all diseases that lead to it, such as asthma, coughs, neglected colds, bronchitis, Hay Fever, Asthma, pertussis, whooping cough, Sore Throat, and all chronic or lingering diseases of the throat and lungs, Dr. King's New Discovery has no equal and has established for itself a world wide reputation. Many leading physicians recommend and use it in their practice. The formula from which it is prepared is highly recommended by all medical journals. The remedy and the price have commensurated it in the most glowing terms. Go to your druggist and get a trial bottle free of cost or a regular size for \$1.00 per bottle by mail from J. A. Clarke & Co.

MARKED.—At the residence of the bride's father on Wednesday, 10th of June, 1880, by the Rev. J. L. Shaw, B. A., Presbyterian Minister of Trenton, Ontario, the marriage of Miss Mary, daughter of George Hall, Esq., of the Township of Sidney.

Commercial.

BELLEVILLE, TUESDAY, JUNE 22.

Free Trade in the United States.

The Toronto Globe professes to believe that free trade doctrine are making rapid progress in the United States, but the facts do not warrant such a conclusion. Now that the Democrats—the free trade party—have a majority in Congress, this ought to be the time for the exhibition of that spirit of practical hostility to the stringent protective policy which has so long and with, we may add, such satisfactory results in that country under the auspices of the Republicans. Instead of any sweeping change of policy, we find the leading Democrats offering a few small and unimportant alterations in the tariff, and most of these have to be abandoned, because the rank and file of the party know that the people will not support any radical alteration in their tariff which will place the mechanics of the United States in direct competition with those of Europe, whose wages are lower and mode of life entirely different.

Boston, whose merchants are largely interested in favor of obtaining reciprocity with Canada, is yet not in favor of free trade, as is shown by the report of an interview with one of the most prominent business men of that city, as published in the Boston Globe—a Democratic journal—few days ago. The gentleman interviewed is reported to have spoken as follows:

No action ever yet taken in the great family of states whose industries were disintegrated, and the result was a trade war with one of the most prominent business men of that city, as published in the Boston Globe—a Democratic journal—few days ago. The gentleman interviewed is reported to have spoken as follows:

No action ever yet taken in the great family of states whose industries were disintegrated, and the result was a trade war with one of the most prominent business men of that city, as published in the Boston Globe—a Democratic journal—few days ago. The gentleman interviewed is reported to have spoken as follows:

The gentleman interviewed is reported to have spoken as follows:

Our Toronto contemporary has also been following itself on the assumption that, no matter whether the Republican or the Democratic candidate for President be elected, a free trader will be chosen. This idea was based on the fact that Mr. Garfield, the Republican nominee, had been created an honorary member of the Cobden Club of England—a prominent organization for furthering the principle of free trade—but the idea is quite as illusory as that other from the same source to which allusion is made above. In the United States House of Representatives the following discussion recently took place on this point:

"Don't you know that Garfield is a member of the Cobden Club?" exclaimed Mr. Cox.

"No, no," were heard from among the Republicans.

Mr. Garfield asked permission to read an extract from a speech delivered by General Garfield in 1879, and repeated by him again in 1879. In this speech Garfield says: "I am free for free trade which can only be achieved through a reasonable protection."

General Garfield explains in a letter published last December that he had supported every tariff bill proposed by the Republican party during his occupancy of a seat in Congress, which, of course, were none of them in the direction of free trade, and further stated that he was in no way responsible for the beliefs of the Cobden Club. The Toronto organ of the Opposition has therefore not been happy in its efforts to lodge public opinion in the United States, neither has it fairly or acceptably represented the position which the President himself has assumed on the trade question.

Perhaps when the Democrats have chosen their candidate, it will find that he also will repudiate free trade doctrines. If he does not, his defeat is a foregone conclusion, as our neighbors have evidently no idea of losing the advantages which their present tariff confers upon them.

News Condensed.

—Yesterday was the longest day in the year.

—Hansen arrived in Toronto on the 19th inst.

—The brokers of Montreal have struck for 22 days.

—The army of Greece is to be increased from 12,000 to 40,000.

—The army men is extending its ravages west from the Long Island coast.

—The Jesuits expelled from France have purchased a house at Prague for \$5,000.

—The Kingston Field battery went into camp on the 21st at the Artillery Park.

—The storm of rain at Montreal on the 20th inst. was the heaviest known in years.

—A boy six years old, son of Mr. Carroll, Smith's Falls, was drowned on the 20th.

—The Roman Catholics of London intend erecting a new Cathedral to cost \$100,000.

—On the 21st inst. Basil Croxall, of Ottawa, was killed by being thrown out of his wagon.

—Joachim Miller, the post of the Sierras, has been rejoining in Montreal for a few days.

—The Reformers of North Ontario have nominated Mr. Geo. Wheeler as their candidate.

—Daniel Carmichael, of Wyoming, was found dead under a tree near his house, on the 21st inst.

—The 6th Regiment has fixed the 15th of August for the time of departure on a visit to England and France.

—The Bishop of Saskatchewan has collected \$900 in London, Ont., for his Indian mission in the North-West.

—The Bradshaw case was considered in the House of Commons last night and the debate adjourned till today.

—The first instalment of iron ore arrived at Port Hope yesterday from the Snowden mine. The supply is excellent.

—Desultory fighting between the royal troops and the Barmah rebels appears to be still going on upon the British frontier.

—Messrs. Hodgins & Leary, of London township, are shipping one thousand cattle and several hundred pigs and sheep to England.

—Mr. J. W. V. Farnham, B. A. son of the Rev. Morley Farnham, arrived at Quebec yesterday by the Saratoga.

—There are 201 patients in the General Hospital, Toronto, being forty more than at the same time last year.

—The steam saw mill at Dunsmuir, N. B., with a large amount of lumber, was destroyed by fire on the 21st. Loss \$10,000.

—Mr. F. Shanley has been appointed chief engineer of the Intercolonial, and consulting engineer of the Pacific Railway vice Fleming.

—A large amount of timber and a number of dwellings and barns along St. John River New Brunswick, have been burned by forest fires.

—Britton's cooper factory and three residences adjoining, were burned in Quebec on Saturday night, 19th inst. Loss \$10,000; partially insured.

—A man named Watson, employed in a saw-mill in the township of Marlborough, was instantly killed a few days ago by the bursting of a balance wheel.

—The court-martial on Thomas Dale, alias Jones, Captain of the Canadian cricketers, has sentenced him for desertion to a term of 336 days' imprisonment.

—The Dartmouth, N. S., town council have granted a remission of taxes for fifteen years to a proposed woolen factory, to employ 60 persons and use a capital of \$50,000.

—A special excursion of French Canadian society from Illinois started last night via the Michigan Central Railway for Montreal and Quebec. The round trip cost \$17.

—On the 21st inst., two boys of Mr. Albert Gordon, of Waterbury, were thrown from a wagon. One of them was instantly killed, and the other seriously injured.

—A telegram received at Ottawa states that the 5-and 6-D division arbitrators will be detained at Halifax about ten days longer, after which Cape Breton and Quebec will be visited.

—A number of lions, tigers and leopards, together with remains of a few cowboys and a few men, have been discovered on Kettle Lake, 100 miles from the Ottawa River, by the despatches concerning the fire at Grand Manan prove true. The captain of the 5-and 6-D division, Mr. St. John, N. B., yesterday, reports that the fire seems to extend over the whole island.

—A man named Lieb was found lying in a lane, back of St. Paul street, in California, one day last week, suffering from typhoid fever. He has since died, leaving \$12,000 or \$15,000. His trial has been noticed.

—Hicksville, Rochester: "The Japanese Brush Company is pressed with business beyond its ability to supply the demand promptly."

—Another specimen of N. P. items which the Grit Press are publishing from all parts of the country.

OBITUARY.

WILLIAM CAMERON WHITE, son of Mr. Wm. and Eliza White, was born in the village of Tuxton on the 9th day of October, 1864, consequently at the time of his death he was 15 years, 8 months and 9 days old. He was a quiet, unassuming lad, and one who was generally liked by his school fellows and acquaintances.

On Friday, the 19th day of June, after school was dismissed, he went for a bath at the dam at Tuxton Mills. Those who were in his company at the time informed your correspondent that after jumping off the slide they swam some distance till they came under the fall over the dam. The deceased and a boy named McCann, son of Dr. McCann, Tuxton, strove to dive out from beneath the dam through the water fall. Deceased did not succeed, as he was round four or five times. He then floated out of the undertow and sank in about ten or twelve feet of water. James Carr, one of the boys who was in his company in the water, saved young White, but he would have shared the same fate as poor Willie White. He could not reach the deceased, although he tried every time he came up. After deceased had been in the water some time, several persons undertook to recover the body by diving, but did not succeed till F. Waller dove and found him. He took the drowned boy by the hand, but did not bring him up. Franklin Dyer then dove, and after two or three fruitless efforts succeeded in getting him up, and bringing him ashore.

Deceased was studying for a school teacher and had sent in his application to the Inspector of Schools, which, of course, were none of them in the direction of free trade, and further stated that he was in no way responsible for the beliefs of the Cobden Club. The Toronto organ of the Opposition has therefore not been happy in its efforts to lodge public opinion in the United States, neither has it fairly or acceptably represented the position which the President himself has assumed on the trade question.

Perhaps when the Democrats have chosen their candidate, it will find that he also will repudiate free trade doctrines. If he does not, his defeat is a foregone conclusion, as our neighbors have evidently no idea of losing the advantages which their present tariff confers upon them.

News Condensed.

—Yesterday was the longest day in the year.

—Hansen arrived in Toronto on the 19th inst.

—The brokers of Montreal have struck for 22 days.

—The army of Greece is to be increased from 12,000 to 40,000.

—The army men is extending its ravages west from the Long Island coast.

—The Jesuits expelled from France have purchased a house at Prague for \$5,000.

—The Kingston Field battery went into camp on the 21st at the Artillery Park.

—The storm of rain at Montreal on the 20th inst. was the heaviest known in years.

MORNING DESPATCHES.

FATAL QUARREL.

A SMALL STEAMER CROSSES THE OCEAN.

A SUCCESSFUL TEST.

A VALUABLE DONATION.

Embezzlement and Elopement.

ROBERT AND MURDER.

The Cincinnati Convention.

LEADVILLE, June 22.—Wm. Cunningham was killed and J. O'Brien severely wounded while the latter was quarrelling with Tom Hogan.

ST. JOHN, N. F., June 22nd.—The little steamer, *Andromeda*, from London, has arrived after 18 days' voyage. She is the smallest steamer that ever crossed the ocean. Total length, 84 feet. The voyage was undertaken for the purpose of testing the capabilities of the Perkins system of high pressure engines. Only 200 tons of coal were used on the trip, and 436 gallons of water.

MADISON, N. J., June 22.—The entire collection of Methodist books gathered by Rev. Dr. Orlow, of Richmond, England, has been presented to the Drew Theological Seminary, Chicago, by the generosity of Andrew Fowler, of New York. It is the finest collection of Methodist literature extant.

PHILADELPHIA, June 22.—Jas. V. Rich, Superintendent of the French New York Erie Bakery, has disappeared with \$4,000 of the company

TRAVELLERS' GUIDE.

No. 2, Night Express, 11:40 p.m.
No. 3, Mixed, 1:05 p.m.
No. 4, Mixed, 11:00 a.m.

GRAND JUNCTION RAILWAY.

On and after Tuesday, June 1st, trains will run as follows:

Leave Hastings, 7:30 a.m.
Arrive in Belleville, 10:30 a.m.
Leave Belleville, 1:30 p.m.
Arrive in Hastings, 4:15 p.m.

Trains are run by Belleville time.

BELLEVILLE AND NORTH HASTINGS RAILWAY.

On and after Tuesday, June 1st, trains will run as follows:

Leave Hastings, 1:00 a.m.
Arrive in Belleville, 3:00 a.m.
Leave Belleville, 3:30 p.m.
Arrive in Hastings, 6:15 p.m.

Trains are run by Belleville time.

PRINCE EDWARD COUNTY RAILWAY.

On and after Monday, December 22, trains will run as follows:

Leave Trenton Junction, 7:15 a.m. and 1 p.m.
Arrive in Picton, 9:00 a.m. and 3:15 p.m.
Leave Picton, 9:00 a.m. and 4:00 p.m.
Arrive in Trenton Junction, 11:15 a.m. and 6:30 p.m.

(Trains are run by Montreal time.)

STAGE ROUTES.

Stages leave the principal hotels for the un-

dermentioned places at the hour named:

For Stratford, Daily, at 8 a.m., and 2 p.m.
For Madison, Daily, at 2 p.m.
For Biddiswade, Tuesday, Wednesday, Friday, and Saturday, at 2 p.m.
For Trenton, Daily, at 3 p.m.
For Picton, Daily, at 3 p.m.
The stages arrive at the hotels about noon each day.

Daily Intelligencer.

BELLEVILLE, TUESDAY, JUNE 22.

Local Notices.

Notice under this head that a fine each in-

ter. After six insertions 5 cts. a line.

Don't throw your old gloves away when you

can have them cleaned equal to new at Smith's

Restoring and Dye Works, Campbell

Street.

MOONLIGHT EXCURSION.—A moonlight

excursion will take place next Monday

evening, the 28th instant, per ste. *Prince**Edward* to the Camp Ground of the 49th

Batt. Boat leaves sharp at 8 o'clock and

will remain half an hour at the ground.

Old Fellows' brass and quadrille bands will

be in attendance.

SALE AND STRAWBERRY FESTIVAL.—A sale

of fancy and useful articles and a Strawberry

festival will be held in the Lecture Room of

the St. Andrew's Church, on Tuesday evening the

22nd inst. Proceeds for the benefit of the

Sabbath School. Admission 10cts.

City and Vicinity.

ROWING CLUB.—The members of the

Rowing Club are to hold a special meeting

to-morrow night.

BICKFORD & LLOYD.—The Supreme

yesterday gave judgment, dismissing

the plaintiff's appeal with costs, thus confirm-

ing the award of the arbitrators, published

nearly two years ago.

A LIVERY FINE.—The police had a

lively time this morning in arresting three

men who had broken into a house of bad

repute on the west side of the river. All

the offenders were secured.

THE BAZAAR.—The ladies of the congregation

of Christ Church last night closed their

bazaar in aid of the organ fund, which

during the past four days has been quite an

attraction, and had netted a goodly sum in

aid of the object for which it was held.

SUNDAY SCHOOL CENTENARY.—The

Kingston churches are to celebrate the

Sunday School Centenary by a united pic-

nic on Wednesday next week at Channel

Grove, at which there will probably be

over 1,000 children. In Toronto there will

be an assemblage of thousands of children,

and a public gathering will also take place

at Ottawa.

BITTEN BY A DOG.—Yesterday evening

a little girl of four years old, daughter

of Mr. Thos. Lake, was playing with a dog

in the yard at Messrs. Lake & Jenkins'

livery stables, the animal suddenly bit

the child in the face, making a serious cut

above one of the eyes. Dr. Wilson was

soon in attendance and sewed the wound,

which to-day presented favorable sym-

ptoms.

KINGSTON REGATTA.—The prizes to be

offered in the Dominion Day Regatta are

officially stated as follows:—1st Class, over

12 tons, entrance \$10; 1st prize \$100, 2nd,

\$50, 3rd Class, 12 tons and under, entrance

\$5; 1st prize \$60, 2nd \$30, 3rd \$10. 3rd

Class, 5 tons and under, entrance \$3; 1st

prize \$30, 2nd \$10, 3rd \$5. The Belleville

fleet have been invited to participate, but

owners here object to starting from anchor,

as is usually done at Kingston.

THE RIVER.—The people of Pictou are

so well satisfied with the performance at the

butts of their recently organized row team,

that they propose getting up a competition

to which all the leading organizations in the

Province will be invited to send representa-

tives to shoot in a team match. This is the

right sort of spirit, and will tend to

develop the capabilities of their local

marksmen more fully than any other course

could be pursued.

A FAREWELL TRIBUTE.—An entertain-

ment was lately held in connection with the

Congregational Church at the house of Mr.

Wm. Morton, to bid good-bye to Mr.

Christie and his family. There was a good

attendance and pleasant programme. Dur-

ing the evening an address was presented

to Mr. Christie, expressive of the gratitude,

sympathy, confidence and good will of the

Church, which he received with a pleased

and very appropriate response. Miss

Christie was then presented with a gold

finger ring as an memento of the kind

recognition services as organist and leader

of the choir. The departure of Mr. Christie

and his family is felt by the church to be a

great loss, and the kind wishes of the

friends are directed that every blessing

and success may attend them.

CHIEFS REPORT.—Shipments of cheese have

to-day amounted to 1,500 boxes.

IRON ORE.—Six car loads of iron ore

arrived this morning from the Seymour

mine for shipment by water.

FOREIGNER'S SHOW.—Mr. Foreigner's

great show is now visiting the eastern part

of the Province. It will exhibit in King-

ston on its way west along the 9th and

Belleville, it is understood, on the 12th

day.

FOR QUEBEC.—Five car loads of passen-

gers from Chicago and Detroit passed to-

day on their way to Quebec to attend

the grand celebration of St. Jean Baptiste,

which is to take place there on the anni-

versary of the Saint, namely Thursday.

ADVANTAGES OF GALT.—On the 5th inst.

Mr. Thos. Ritchie sent a cable dispatch to

Great Britain ordering certain lines of goods,

and last night received the invoice of the

goods, they having arrived at Quebec by the

Sarnation on the 19th. Pretty quick work.

CRICKET.—The first half of a match

between the married and single members

of the Belleville Cricket Club will be played

on Friday afternoon, wickets to be

pitched at 2 o'clock. The match will be

concluded on the Friday afternoon follow-

ing.

FOR THE THOUSAND ISLANDS.—The

steamer *Hastings* started shortly after 7

o'clock this morning carrying "the ex-

position" under the auspices of the Nat-

ional Canadian Society, destined for the Thou-

sand Islands. The party was fairly

numerous.

NEW POTATOES.—New potatoes made

their first appearance on the market this

morning, very small in size and big in

price. Mr. Willoughby Wilkins has given

us to-day a very fine sample for this

time of the year, new potatoes grown

by himself.

IMPROVEMENTS.—As an evidence of the

revival of trade, we notice that the office of

our Great contractor is being finished off

in a first class manner. When completed,

it will doubtless be equal to any newspaper

office in the Province. Another instance

of the beneficial effects of the N. P.

JULIUS W. ANDERSON.—In the above

it was held by the Chancellor that he

did not think the plaintiff was entitled to more

than one landing place in the township of

Ameliasburg. That the evidence showed

that passengers had been carried away by

the ferry who would otherwise have

crossed by the plaintiff's ferry, and that the

effect of an unlawful act and not the motive

it governed, and that there was not such

a real convenience in favor of the plaintiff's

ferry as would warrant them in running

without legal authority. He said as to the

contention that they were not warranted

in running from Ameliasburg, that the

words of the license were very clear, but

that on the whole he thought that it must

be intended that they should have the right

of ferrying, to and from East Point. The

decrees will be for an account from date of

service of notice and for costs of suit.

LITTLE'S LIVING AGE.—The numbers of

the Living Age for weeks ending June 12th

and 19th respectively contain the following

articles: Animal Intelligence, and The Letters

of Charles Dickens, Westminster; Memoirs

of Madame de Remusat, Quarterly; "Cymbel-

ine" in a Hindoo playhouse, Macmillan; What

Shakespeare Learnt at School, Fraser; Acent

of Britain, Temple Bar; A Persian Garden-

Party, Tinsley's Magazine; Memoirs in St. Paul's

Cathedral, Leisure Hour; Social and Literary

Digests, Saturday Review; The pluck of

Walsh, and Matthew Arnold on Poetry and

Religion, Spectator; Professional Fools, Globe;

Anchor-Loose, Nature; and in the way of Fic-

tion, "A Young Lady's Letter," and instal-

ments of "Adam and Eve," and "He That

Will Not When He May," with the usual

amount of poetry. For fifty-two numbers

of sixty-four large pages each (or more than

3,500 pages a year), the subscription price

(\$8) is low; while for \$10.50 the publishers

offer to send any one of the following: \$4

monthlies or weeklies with The Living Age

for a year, including the extra numbers of

the latter, both postpaid, Little & Co.,

Boston, are the publishers.

STOP THAT NOISE.—Something should

be done to stop the unearthly screeching

and whistling of the Grand Trunk engines,

particularly at night, and in the early

morning. It is not very pleasant when one

is just getting into a comfortable doze after

retiring for the night, or endeavoring to

go to sleep, to be wakened by the unearthly

whistling which is continually going on. If it

were necessary for engine drivers to "look

their horns" in this unearthly fashion, there

might be some excuse, but we are assured

there is really no necessity for the howling

and yelling which is practiced, and we are

certain if the engine drivers themselves

knew of the discomfort it caused, let alone

the injury it produces upon nervous tem-

peraments and persons suffering from

illness, they would stop it at once. Will

some one in authority tell the engineers to

smother their noises and draw it mild, at

least during the hours of night?

The 49th Battalion.

The following is a complete list of the

field and Company officers of the 49th

Battalion, which will go into camp on Gil-

bert's farm, front of Sidney, on Thurs-

day.

Lieut. Col.—Jas Brown, M. P., V. B.

Major.—George H. Boulter, M. P., P. P.

V. B., and Philip Hamby, M. S.

Adjutant.—(Acting) Lieut. W. L. Ham-

ilton, M. S.

Paymaster.—Major Geo. H. Gordon.

Sergeant.—Robert Tracy, M. D.

Assistant Surgeon.—John J. Farley,

M. D.

Quartermaster.—Lieut. W. L. Ham-

ilton, M. S.

Captains.—Edward Harrison, M. S.;

R. P. Fidler, V. B.; B. H. Vandervoort

(Brevet Lt. Col. M. S.); John A. G. Cro-

zier (Brevet Major) M. S.; H. E. Lennox,

V. B.; E. G. Ponton, V. B.

Lieutenants.—John W. Johnson, M. S.;

William Martin, P. John Graham, M.

Robert John Bell, P.; Ferguson Pagan, P.

W. H. Biggar, V. B.

POISON COURT.

(Before Ald. Farley and Dickson.)

TUESDAY, June 22.

BOUVERIE-BEATING.

Wm. Wade, Jas. Taugher and John

Weslake, charged with breaking into Mrs.

Weslake's house, were remanded till the

29th.

LIVERY.

Edward McMorris, found under sus-

picious circumstances, with articles presu-

medly stolen, was remanded for evidence.

COMMERCIAL NOTES.

CHIEFS.—The Montreal Gazette says that

a great many first class cheese have been

in that city for less than 10 1/2 cts. Cable to-day

55c.

PEAS.—Holders are firm in Montreal at

92 1/2 per 60 lbs.

PETROLEUM.—Refined has advanced 2 1/2

per cent. in the west prices being quoted in London

at 10 1/2 imperial, and 10 1/4 cts. (4 1/4 cts. per

cask) are quoted at 150 imperial; broken 10 1/2

and single barrels 10 1/4 cts.

QUEBEC LUMBER TRADE.—June 10.—Lum-

ber market firm. Kiosk's rate of square

white pine, \$300 per ton, half the cost of

supply not equal to demand. A contract of

92 1/2 and 17 1/2 quality good (average) Cana-

dian bright pine deals are quoted at \$104 1/2

100 to \$70

MANHOOD.

HOW LOST, HOW RESTORED.

We have recently published a new edition of Dr. Culverwell's Celebrated Essay on the radical and permanent cure (without surgery) of Nervous Debility, Mental and Physical Inequality, Impediments to Marriage, etc., resulting from excess of the sexual system.

Price, in a small envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

RELIEVILLE, WEDNESDAY, JUNE 23.

Political Notes.

REFORM ECONOMY.

The London Advertiser says: "The Winnipeg Free Press seems to have a full appreciation of the situation, which it sums up in this terse fashion: 'Ontario, after thirteen years of Confederation, has five millions of surplus in the treasury. Quebec, on the other hand, has five millions of debt. The former is the result of Reform rule; the latter of Tory misrule.'"

Alas for the Free Press' appreciation of the situation, and the Tories' endorsement thereof, the effect of "Reform rule" in Ontario has been, not to accumulate a surplus of five millions, but to dissipate the cash surplus of four millions which their predecessors of the coalition which ruled from 1867 to 1871 had by economical administration amassed. Reform rule in Ontario now threatens, as one of its beauties, a resort to direct taxation. So in the administration of Dominion affairs it saddles the country with a deficit of two millions of dollars per year. Verily Reform rule is a "blessing" to be avoided.

A PREVENTION OF FACT.

The London Times says: "Oshawa is nothing if not a manufacturing centre. The 'hums' stuck here to an appreciable extent. During the past year its population has decreased 124, and the assessment valuation has been decreased by 10 per cent. The N. P. does not seem to have had much success in fostering and encouraging home manufactures in that locality. Our contemporary knows, but does not care to tell, that the removal of an extensive manufacturing concern from Oshawa to Toronto, where the business is being more largely gone into, is the cause of Oshawa's misfortune. Facts never tally with the assertions of the Grit organs as regards the N. P."

THOSE PARLIAMENTS.

The Ottawa Citizen says: "Tell a lie and stick to it, is still a Globe proverb. Its Ottawa correspondent, in Wednesday's issue, has given a free advertisement of the United States as a field for emigration, to which he appends the statement that, 'Minneapolis, it will be remembered, was one of the States advertised in the Canadian Government immigration pamphlets as a good field for immigrants.' There is not, we venture to say, a member of the Globe staff who does not know that this is false. The pamphlets referred to were printed by the Grit Montreal Herald, and the paper has candidly admitted that the attempt to make the Immigration Department a medium for their circulation failed."

THE PRICE OF TEA.

"The shallow murmurs whilst the deeps are dumb." Thus we have the Holoceyan penny whistle asserting that tea sells for 50c per pound in England and fetches 91c per pound in Canada, whilst the chief organ of the Grit party, finding itself outdone in assertion, remains dumb. An advertisement, which appears in the Bernick (England), Advertiser—a respectable Liberal journal—is so apropos that it is given here, with:

TEA.

WE are now offering a TEA of great excellence, and which we can recommend as the best and most economical TEA we have ever sold at 50c per lb. Also a TEA of Great Strength and Quality at 25c per lb.

TEA has advanced in price on the London Market, but as we have a large stock, we are enabled to continue at the Old Price, carefully maintaining the superiority in Quality which characterizes our Tea.

RICHARDSON BROTHERS, LEAD OF HIDE HILL.

Two shillings and eight pence per pound represents 6c. in Canada, so, even were it possible that this "economical tea" was the lowest priced offered in England—while the special announcement shows it is not—the 50c. of the Holoceyan apostle of free trade would be exceeded by nearly one-third. The Canadian tea duties, we may state for the information of the backwoods philophrates, are 2c. per pound and 10 per cent. ad valorem on black, and 3c. per lb. and 10 per cent. ad valorem on green and Japan tea, whilst the duty in England is 6c. (or 72c) per pound on tea of all kinds. Thus the Canadian duty on green tea counts say 50c. per lb. would be 8c. as against the 15c. imposed by the tariff at present in

force in England. (See Tariff Handbook, page 64.) If from those facts we free trade contemporaries feel inclined to argue against the Canadian tariff on tea as compared with that of the mother country, the way is open to them.

Ameliasburg Correspondence.

Nothing much to report this week. A meeting of delegates is to be held on Wednesday evening at the court house to organize a Sabbath School Convention. Mr. Kennedy, Sabbath School Inspector, speaks very ably of the Reformation, and a number went on the excursion Saturday evening per Alexandria. I understand some parties played a game of frent.

A big time is expected at Miller's Mill Dominion Day. All kinds of games, &c. are being looked forward to. I understand the Mary Ethel stopped running on Monday afternoon. Some who have patronized the boat from the first they will go to Picton to do their trading now.

The hay crop will be a better quality this year than last. Meadows are looking in most cases very well.

The dinner advertised to come off on the 10th took place on Saturday. The day was everything that could be desired. The grove in which the dinner took place is just a few steps out of the flourishing little village and is one of the most beautiful groves for a picnic. I know of James Redner, Esq., who had it all cleaned and a splendid speaker's stand. Shortly after 10 o'clock buggies commenced to come on the grounds. At first the Committee felt that the dinner would be a total failure, but a half dozen rigs now and then gave better hopes. After the tables were all spread and arranged about 250 set down to partake of the good things provided. After justice had been done and tables cleared the Rev. J. C. Ash offered prayer. As it had been stated addresses would be delivered the Rev. W. Seales, who acted as Chairman, introduced the Rev. J. C. Ash as the first speaker. Mr. Ash after expressing the great pleasure it gave him of meeting again with so many of his old friends and acquaintances touched upon the affairs of the circuit, after which he was followed by the Rev. J. H. Locke, of Belleville, who made a neat little speech.

The Rev. R. Potter after making a mirthful little speech, was followed by the people's "pet," who the Chairman said was the most handsome minister in the district. The Rev. F. McManis, on stepping forward, said he would not say he was not the best looking as he thought the ministers were pretty well represented, and he did think he was the best looking. He said he was not very well, and as some of his friends had said to him they hoped the speakers would not forget their place and make short speeches he would not say much.

After a few other remarks he took his seat, after which a piece was sung and the benediction pronounced, the gathering then broke up. The amount taken in at the gate being between \$60 and \$60, which goes towards building a parsonage at Robin's Mills.

News Condensed.

—Bret Harte is lecturing in London, England.

—Queen Victoria is to visit Ireland this summer.

—Mackenzie is very plentiful off the Nova Scotia coast. It is said to be a candidate for Selkirk.

—It is said that D. A. Smith will not be the Liberal candidate for West Toronto.

—Sir Garnet Wolsey has been gazetted to the Grand Cross of the Order of the Bath.

—Some thieves robbed the house of the Rev. Dr. Elliott at Brockville on Saturday night last.

—There is to be a grand Masonic demonstration at Delta tomorrow, at which the Grand Master will be present.

—A burglar visited the house of C. A. Beck, Esq., Toronto, on the night of the 22nd, and succeeded in getting \$50.

—Some talk of running Sir Francis Hincks for West Toronto as an independent should that constituency be opened.

—The recently appointed Railway Commission will, it is said, travel from point to point inspecting the work done.

—The total force now employed on the Canada Pacific Railway in British Columbia is 330 white men and 101 Chinamen.

—A man named Thomas Martin, living near Wales, was found dead on the track near Antville Station, on the 22nd.

—During the past week ten first-class ocean steamers embarked 3,638 passengers for the Mirway for the United States and Canada.

—Le Canada denies that there is any truth in the reports in circulation to the effect that the Hon. Mr. Baby contemplates leaving the Ministry.

—A mill for grinding minerals, and especially phosphate, will commence operations at Ottawa immediately. This is a new industry there.

—On the 22nd inst. two young ladies, named Marion Aston and Jenny Barber were drowned at Egin, Albert County, New Brunswick, while bathing.

—Four hotels in Millbrook were set on fire by burglars on the night of the 21st. They managed to secure about \$100 in money and some silver ware.

—The lucky man at Cincinnati must score 392 votes of the 738 which form the convention, but that's nothing to what he must do in November next.

—Sir John Macdonald and Sir Leonard Tilley are to be at Father McWilliams' picnic on Tuesday, the 29th inst., at Bath. An immense gathering is expected.

The Murder of Mr. Brown.

TRIAL OF DICKSON.

The trial of Geo. Bennett, alias Dickson, for the murder of the Hon. George Brown, commenced at the Court House, Toronto, at 9:45 a. m. on the 22nd inst. before Mr. Justice Cameron and a jury. Mr. A. Irving appeared for the Crown, and Messrs. N. F. Davis and White Mortimer for the defence. When the Court opened the attendance outside of the jury panel was very small, but gradually increased. The prisoner's beard has grown out, and he presents a haggard appearance. After Mr. Irving's address to the jury, Archibald Blair, night editor of the Globe, alias St. John, forerun, and John Egan, reporter, Thompson, compositor, and Owen Partridge, printer, were examined respecting evidence already published. Other witnesses were examined, the testimony being similar to that given at the inquest.

The jury retired at a few minutes to eight, and after about two hours deliberation they returned without having agreed on a verdict, and asked to have the evidence of Dr. Aikin read to them, which was done by the reporter of the Court. Dr. Wright's evidence was also read to them briefly, and after a few explanations from the Court on some points in the evidence the jury retired to their room. At a few minutes to eleven they returned with a verdict of "Guilty."

Mr. Irving then moved for the sentence of the Court upon the prisoner. In reply to the usual question from the Court as to whether he had anything to say why sentence should not be passed upon him, the prisoner replied, "I have only to say that I have not willfully committed this crime."

His Lordship, addressing the prisoner, said he was sorry to have to perform so painful a duty, but painful as it was, it had to be performed. The jury had not taken a very favorable view of his case. Upon evidence that warranted them in coming to such a conclusion they had found him guilty of the gravest offence. It was manifest from his writings that he had contemplated doing some ill at the time, or he was in a condition that he did not know what he was doing. It was unfortunate for him, perhaps, that they had not the evidence of the late Mr. Brown to know in point of fact what did transpire between them on that unfortunate afternoon. He could say that he could hold out no hope for him. He had no discretion. The law imposed a duty upon him, and he must pass the sentence of death. If he (the prisoner) intended in point of fact to destroy Mr. Brown's life on that occasion, he intended to send him to eternity without an opportunity for preparation, but the law would be more merciful to him, in giving him time for reflection, to make his peace with the God whom he had offended. He trusted he would use that time allotted to him in an endeavor to make that peace, in order that his chance of salvation in the future might be greater than if he left this world without the benefit of the crime of which he had been guilty.

His Lordship then sentenced the prisoner to be hanged on the 23rd day of July next. At the conclusion of the dread formality the prisoner, who did not seem at all affected by his position, rubbed his hands and said to his Lordship, "I would rather you would make it a little shorter if you could; it would be more suitable to me." He was then removed to his cell, and the Court adjourned.

Sunday's Storm.

Further details of Sunday afternoon's hail storm continue to be received, and these indicate that its area was larger than was at first supposed. It seems to have extended in Tyendinaga from the eastern borders of the township to a point a short distance east of Mill Town in a westerly direction, and on the north to within about a mile of the township line. Thence it passed easterly across a part of South Marysburg, in Prince Edward.

The damage done has been very great, as it included the breakage of windows in houses, the stripping of fruit from the trees to some extent, and the destruction of crops, especially of corn and potatoes. At Melrose a thoroughly reliable informant states that much window glass was cracked, and that crops were prostrated in all directions, whilst the hail stones were not of the ordinary character, but were lumps of ice, averaging perhaps an inch in diameter. The storm was severe without precedent in the district over which it passed.

HANLAN'S CONDITION.—A despatch says Hanlan was medically examined by Dr. Thorburn of Toronto yesterday morning, who finds that the champion is not seriously injured. His illness arose from overwork, and the doctor prescribes absolute rest from rowing for several months. Hanlan, however, will be able to go to England and train for the Tricker race. The general opinion amongst boatmen is that the article in the Globe condemning Hanlan for throwing the race is alike ungenerous and unfair.

ABSCONDED.—Herbert M. Tuft, confidential clerk in the house of Holstead & Co., New York, absconded a few days ago taking with him \$6000 and a fascinating, but questionable young lady. They found their way to Montreal where they lived in high style. Detectives got on their track, and the day was expected to carry as many as 1,500 men, who have left Chicago and the State of Illinois generally for the Michigan Central for the same destination.

LARGE PASSENGER TRAFFIC.—The Grand Trunk train from the West which arrived in Toronto on the morning of the 22nd had 225 passengers on board, 175 of whom were excursionists to Montreal and Quebec to attend the St. Jean Baptiste festival, and were principally French-Canadians from Detroit. The other through train during the day was expected to carry as many as 1,500 men, who have left Chicago and the State of Illinois generally for the Michigan Central for the same destination.

Quebec Market.

June 23, 1880.

The cheese market for the past week has rapidly fallen upon the public cable today stands at 50s, a drop of 3s since yesterday. With values rapidly declining buyers fear to purchase heavily which adds to the demoralized state of the market. The shipments last week from this section amounted to about 2,500 boxes. The shipments from New York last week amounted to 10,481 boxes. The shipments from Montreal for the week ending 19th inst. were 10,550 boxes.

STRAWBERRIES. June 21.—Strawberry cheese market was held here last Thursday. Sixteen lots were represented, 2,996 boxes of cheese were offered. No sales are reported, as the cheese was not in a condition to ship. The next meeting will be held in the town hall here on Thursday, 24th inst., when a larger number of cheese will be offered than at any other time during the season.

LITTLE FALLS, N. Y., June 21.—Prices declined fully two cents. Sales 12,200 boxes of cheese at 90c to 91c, making price 91c to 92c; 71 boxes of farm dairy cheese sold at 8 to 9c; thirty packages of butter sold at 16 to 20c.

UTICA, N. Y., June 21.—Cheese lower. Sales 12,200 boxes of cheese at 90c to 91c, making price 91c to 92c; 71 boxes of farm dairy cheese sold at 8 to 9c; thirty packages of butter sold at 16 to 20c.

MORNING DESPATCHES.

AMERICAN.

MILWAUKEE, June 23.—Two men attempted to kidnap Bertie Sherman, while returning from school yesterday. A farmer came to his assistance and the two escaped. The boy's parents are wealthy. The kidnapping was for the purpose of securing a reward.

NEW YORK, June 23.—Washington special: The Herald says the refusal of the Mexican authorities to allow Hatch to go into Mexico after Victoria's Indians, caused considerable comment in the wayward department. As matters stand, the refugees are under the care of the Mexican Government. Should they return and commit depredations, Mexico will be held responsible.

NEW YORK, June 23.—Capt. Christopher Hutz was attacked by a crowd of roughs in Brooklyn on Saturday night and so terribly beaten that he will die.

Michael Bailey's house at Jamaica was burned yesterday. A child aged 15 months, left in charge of two children, was burned to death.

PHILADELPHIA, June 23.—It is announced that the coal companies yesterday agreed upon a total non-payment of wages from July 1st to 12th, and three days weekly thereafter, as at present.

NEW YORK, June 23.—The World's Cincinnati says the speech of Hoodley produced a bad effect on a vast majority of the delegates. Its tone was that of an attorney for hire. Bayard has gained additional votes and still leads. Much good was done here by a letter from Chas. O'Connor to Belmont, in which the nomination of Bayard is most carefully recommended. There will be an apparent effort to-night to work up a movement for the re-nomination of the old ticket with Tilden at the head.

SUCCESS AT LAST.—Sir Wilfred Lawson's perseverance has at last been crowned with success. Year after year he has tried to get the English House of Commons to declare in favor of local option as to the sale of liquor preparatory to the introduction of a Pernicious Bill, and year after year has been defeated. On Friday, however, his resolution was passed by a vote of 229 to 203 and with him voted Foster, Harcourt, Chamberlain, and other members of the Cabinet and Government. It is quite probable that the resolution will be immediate, if formulated into law, and that localities where a majority of the voters are opposed to the sale of liquor will soon lack saloons.

SATCHEL LOST.

LOST on the 17th of June on the gravel road between Thomaburg and Belleville a Ladies' Leather Satchel, containing a number of articles. The finder will be rewarded by leaving it at the INTELLIGENCER Office, Belleville or by addressing the undersigned.

Local Notices.

As the rush still continues at S.A. Oliver's Boot and Shoe store. Remember that business will be closed by July 1st. Call at once and secure bargains, this will be your last chance to secure a pair of shoes at the low sale prices. Big reductions made. — 338

MOONLIGHT EXCURSION.—A moonlight excursion will take place next Monday evening, the 28th instant, per str. *Prince Edward* to the Camp Ground of the 49th Bk. Boat leaves sharp at 8 o'clock and will remain half an hour at the grounds. Old Fellows brass and quadrille bands will be in attendance.

City and Vicinity.

IRON ORE.—Seven car loads of iron ore arrived this morning for shipment by water.

CARNEY.—The first part of the match marked No. Single will be played to-morrow afternoon. Wickets to be pitched at 2 o'clock p. m.

THE DRIVE.—The volume of water in the Moira is falling rapidly and the river drivers are hurrying on the saw log drive as quickly as possible. The whole cut will doubtless reach the harbor.

PERSONAL.—Mr. John Francis, County Surveyor, is recovering rapidly from the effects of the injury to his left hand recently caused by the bursting of a gun in his hands. In spite of the injury Mr. Francis did not leave his duty for a single day.

POLICE NOTES.—There were neither prisoners nor tramps in the cells last night. An undershirt and a washboard, part of the daily displays made by two establishments, were found by the police last night and await owners at the police station.

BUILDING OPERATIONS.—A considerable number of residences of a superior class are being built in the city this season, and although the number of new buildings will probably be smaller than usual, the expenditure on them will be up to the average in amount.

FOURTH OF JULY.—The steamer *Hastings* is to make a cheap excursion trip from Belleville to Oswego on the 4th July, leaving here on the night of the 4th reaching Oswego on the morning of the 5th, the day on which the anniversary of U. S. Independence is to be celebrated.

PHOTOGRAPH EXAMINATION.—The photographic examination to the fourth class will be held in the Central School building commencing to-morrow at 7 o'clock. The entrance examination to the High School will be held in the same building beginning on Friday, June 25th, at 9 a. m.

FOR THE GOLF.—The Countess of Dufferin, Major Gifford in command, will sail shortly for a cruise to the lower part of the Gulf of St. Lawrence. Major Gifford advises in Toronto papers that he is desirous of making up a party of ladies and gentlemen to accompany him on his cruise.

SOCIAL AND PHRENESTATION.—A correspondent furnishes us the following:—A very pleasant time was spent on Tuesday evening at the residence of Mr. David Reed, of Thurston, who gave a social on behalf of Rev. W. I. Barkwell, B. A., on the occasion of his removal to another field of labor. During the evening Mr. Francis Trenton, Recording Steward, read a well written and complimentary address, and presented Mr. Barkwell with a handsome purse of \$40 as a token of the high respect in which he was held by the Thurston people, and as an expression of their deep regret at his removal. Mr. Barkwell overcame by his kindness, made a very feeling reply, referring to the satisfaction it afforded him to see so many friends present and especially as it was his first year in the Ministry, and in a few well-chosen words expressed his regret at parting with so many esteemed friends, and hoped that when the labors of life were over they would all meet in the home of rest where parting scenes are never known. As the close of the entertainment Rev. J. Kilgour was pleasantly surprised with a purse of \$10 presented by Mr. Reed and happily and courteously replied to by the recipient.

POLICE COURT.—There was no business in court to-day.

HAMILTON COLLEGE.—At the graduation exercises of Wesleyan Female College, Hamilton, Miss Wilson, of Picton, received the degree of "Maestra of English Literature," and won the Governor General's medal as the prize in English Literature.

ROSES.—The queen of flowers is now out in perfection and the air is redolent with its beautiful perfume in the neighborhood of many gardens, some of which the lovers of flowers it would be worth a day's journey to see. On the front of the city there are several gardens close to the highway in which the display of roses is very fine.

AGRICULTURAL COMMISSION.—Amongst the witnesses to be examined before the Agricultural Commission on the subject of farm book-keeping is Mr. J. W. Johnson, one of the Principals of the Ontario Business College. Mr. Johnson is eminently qualified to testify on this subject, he being the author of well-known standard works on book-keeping, and will no doubt impart valuable information to the public in his evidence. The Ontario Business College is the only institution of the kind in the Province thus honored, which is a deserved recognition of its high standing.

The 49th Hastings Rifles.

DEPARTURE FOR THE CAMP.

The streets this morning were thickly dotted with men in the uniform of the 49th Battalion Hastings Rifles, who were busy preparing for going into camp for the annual training. At 10:30 a large addition was made to the number of infantry men by the arrival of the Grand Junction Railway train, which conveyed the Stirling Company, consisting of 42 men besides officers, and their band of 10 pieces. After disembarking, the ranks were formed, and the men were marched up Front Street to the music of their band, which played very nicely, and the Company presented a good appearance. They were then directed to the barracks, and were then dismissed, and added to the number of uniformed men on the streets, the arrangement being that they should parade after dinner with the City Companies, and proceed with them to camp by the steamer *Mary Ethel*, which had arrived at Campbell's wharf shortly after 11 o'clock.

Shortly before 2 o'clock, the City Companies assembled at their respective armories, and marched down street, being joined at the market by the Stirling Company. The men presented a fine appearance, the marching being in good time, and the clothes and accoutrements in an excellent condition. They embarked on the *Mary Ethel* and proceeded to camp, where they will be joined by the Sidney and Trentham companies, which go by rail to Wagon.

Trenton Notes.

(From our Special Correspondent.)

WEDNESDAY, June 23.

The village is rather dull to-day, but preparations are being made for the inauguration of Trenton as a Town, which is to take place on Dominion Day. Business premises are being furnished up, the painters finding plenty to do in this occupation, and the new town will look its very best on the inaugural day. The attractions offered are numerous, and a very large influx of visitors is anticipated, which expectation will doubtless be realized.

The standing keel yacht, which Capt. Outhbert has built for Mr. Nicol, of Toronto, was launched on Friday last and has been named the *Guinevere*. She is fully rigged out as a cutter, with reefing bow and spirit and topmast, is nicely finished, and will be a neat and comfortable little cruiser. She will probably leave for Toronto on Saturday.

The large centre board yacht *Blood-hound* (55 tons), also built by Outhbert, was taken to the water's edge to-day and will be launched on Saturday. She is of beautiful model, will be sloop rigged, and is expected to prove very speedy. In all respects the yacht is a credit to the builder.

Shipping matters are rather dull, the only vessels in port to-day being the steam barge *Indian* and one schooner at Gilmore's, and the str. *Mary Taylor* near the bridge. The latter left for Charlotte with polar boats in the evening.

The contract for the iron swing bridge has been let and work will be commenced within a short time. Mr. John Francis, County Surveyor, has given every attention to the matter.

Marine Notes.

The tug *Bonnet* took a tow of saw logs to Trenton last night.

The steam barge *Indian* (Capt Outhbert) has averaged nearly three trips a week between Trenton and Oswego. She carries about 240,000 ft. of saw logs, and is a splendid boat. Each round trip is made on a consumption of 14 cords of soft wood.

The str. *D. Freeman* has arrived with coal for Downey & Preston.

The steam barge *Saxon* has arrived from Montreal light.

Clears.—Schr. *Tranchemontagne*, Oswego, lumber; sch. *Mary Foster*, Oswego, heading.

CURIOUSITIES OF THE ATLANTIC.—The results of sounding over the bed of the Atlantic have made clear, it is believed, the existence through the middle of the ocean, extending from north to south, of a sunken ridge, often less than 1,000 fathoms from the surface, while on either side the water has a depth of from 3,000 to more than 3,450 fathoms; so that the elevation of the ocean's bottom required to make the depths of land would bring up between them a mountain range from 9,000 to 10,000 feet in height. The higher points of this sunken ridge now form the islands of the Azores.

An attempt was made early on the morning of the 26th to fire several buildings at Millbrook.

An official despatch from India states there is considerable discontent amongst the native troops. Under the existing regulations it is impossible to raise the army to its original standard.

Correspondence.

While correspondents will be accepted upon the expression of their views on topics of public interest, it must be in all cases understood that the editor is not bound to accept the views of the correspondents themselves.

To the Editor of the *Intelligencer*,
Dunagannon and Farrady.

Sir,—As the back numbers are attracting much attention at the present moment, I send you a few statistical items relative to Dunagannon and Farrady, which I have been able to collect from other sources, hoping they will be of interest to your numerous readers. Settlement here was at first slow, but within the last four years has increased in an extraordinary manner. I find there are 100 families here, and 200 families in the neighborhood. On the roll, there are 45,000 acres taken up, of which are cleared the number of settlers have settled within the last 4 years, and we have now a total population of 904. New roads are constantly being laid out, and made, all over the place. We have now no less than four bridges spanning the York Branch river. We have five post offices, and are well supplied with places of worship, schools, mills, stores, and other conveniences, and a stage runs through here every other day between Malboro and Malboro.

Several remarkably rich veins of iron have been found since spring, gold bearing veins, lead and plumbago have also been discovered, and with a railway extended back here, this section of the country will become one of the most flourishing districts in the Dominion.

Hoping that you will find a place for this in your widely circulated journal.

I remain yours, &c.,
SYLVANUS.

Parade, June 21st, 1880.

QUICK WORK.—On the 22nd inst. the gauge of the New York, Pennsylvania and Ohio railroad was changed from broad to the standard. Two thousand five hundred men were placed along the line from Dayton to Leavittsburg, 235 miles. Work began at 3 a. m. and ended at 9:30 a. m., the shortest piece of work of the kind on record.

—Buena Ayers telegrams say there has been fighting during three consecutive days. The national army is unable to force its way into the city. A financial crisis has occurred.

THE CINCINNATI CONVENTION.

TILDEN'S WITHDRAWAL.

NOMINATION OF HANCOCK.

CINCINNATI, June 24.—The Convention was called to order at 10:40 a. m. The hall was crammed and the weather very hot. The New York delegation has received a letter from Tilden renouncing the candidacy for President. The second ballot was then taken and resulted as follows:—Hancock 316; Bayard 113; Field 65; Hendricks 31; Thurman 50; Tilden 64; Randall 129; Jewett 1; Parker 2; English 19. Several States then changed votes for Hancock. The roll of the States ordered to be re-called resulted as follows:—Hancock 706; Hendricks 30; Bayard 2; Tilden 64. A motion that the nomination be made unanimous was carried with not a dissenting vote. Kelly mounted the platform and said that the nomination of Hancock united the Democrats of New York and asked that all past differences be forgotten. Fellows of New York, after shaking hands with Kelly, said the action of to-day not only united the democracy of New York, but it united the democracy of the whole country. The cheering, the band striking up "Auld lang syne," in which the audience joined in singing.

Susan B. Anthony took the platform, and her petition was read asking for women's political rights. The committee on resolutions then reported.

AFTERNOON DISPATCHES.

NEW YORK, June 24.—Arrived, the State of Georgia from Glasgow, \$5.30.

The earnings of the Lake Shore for the second week in June show an increase of \$108,000. Earnings of the Wabash for the same time show an increase of \$148,000. Kansas and Texas an increase of \$18,000.

BALTIMORE, June 24.—Five deaths by drowning in the basin and in the river were reported yesterday. The parties, who were all males of from 9 to 60 years, were bathing.

NEW YORK, June 24.—The city directory, just issued contains 273,716 names, an increase of 7,434 over last year's directory. The proportion of changes in residence, &c., is 60 per cent., a good share of which is supposed to be due to the elevated railway and rapid development of the upper portion of the city.

ADAMS, Mass., June 24.—The central shaft of Hovoss tunnel collapsed, but no one was injured as reported. The sleeping car is delayed at North Adams as two days will be required to clear the wreck. There is much excitement.

WEATHER REPORTS.

TORONTO, June 24.—Probabilities for the next twenty-four hours: for the lower lakes: fine hot weather with local thunder storms.

WASHINGTON, June 24.—Indications: lower lakes, partly cloudy, possibly followed by rain.

Poverty and Distress.

That poverty which produces the greatest distress is not of the pure but of the blood. Deprived of the richness, it becomes weak and watery, a condition termed *anemia* in medical writings. Given this condition, and scrofulous swellings and sores, general and nervous debility, loss of flesh and appetite, weak lungs, throat diseases and consumption, are among the common results. Therefore, if you are a sufferer from this poor blood, do not hesitate, but employ Golden Medical Discovery, which enriches the blood and radically cures these troubles by striking at the root of the evil and removing the cause.

For all bronchial, throat, and lung affections, long lingering coughs, weak lungs, consumption in its early stages, asthma, and kindred affections, Dr. Pierce's Golden Medical Discovery is the sovereign remedy, and has outstripped every other remedy in the world, in any condition of the system, yet powerful to cure. Druggists sell it.

A LOVING JOKE.

A prominent physician of Pittsburgh said jokingly to a lady patient who was complaining of her continued ill health, and the inability to cure her, "try Hop Bitters." The lady took it in earnest and used the Bitters, from which she obtained perfect restoration. She now laughs at the doctor for his joke, but he is not so well pleased with it, as it cost him a good patient.

Buckley's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Burns, Ulcers, Sores, Itching, Chapped Hands, Chills, Croup, and all kinds of Skin Affections. This salve is a cure for all the above mentioned ailments in every case or money refunded. Price 25 cts. per box. For sale by Jas. Clarke & Co.

A Wonderful Discovery.

For the speedy cure of consumption and all diseases that lead to it, such as asthma, cough, phlegm, colds, bronchitis, Hay Fever, Asthma, pain in the side and chest, short breathing, coughing in the throat, hoarseness, Sore Throat, and all chronic or lingering diseases of the throat and lungs. Dr. KID'S New Tonic is a world wide reputation. Many leading physicians recommend and use it in their practice. The formula from which this preparation is highly recommended by all medical journals. The clergy and the press have complimented it in the most glowing terms. Go to your druggist and get a trial bottle free of cost or a regular size for \$1.00. For sale by JAS. CLARKE & CO.

"TRABERRY," the newest wonder for whitening the teeth, is actually refreshing to the mouth. To try it is to become a friend to the pleasant, irresistible, popular Dandruff of the day. Beware!

A CARD.

To all who are suffering from the errors and indiscretions of the nervous system, weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Boston, U. S. New York City. Sincerely,

Cheese Market.

BELLEVILLE, June 24.
A private cable despatch to-day quotes new cheese at 52c, and advices from Montreal state that buyers are purchasing at 51c to 50c per lb.

Commercial.

The Daily Intelligencer.

TRAIN SERVICE.

Subscribers in the villages along the line of the railway will hereafter receive their Daily Papers at the following places, instead of at the Post Office:

STIRLING.—At the drug store of Dr. G. B. Boulter, M. P. P.

CAMPBELLFORD.—At the office of Mr. Thomas Oliver, who will also act as our agent for the Weekly Intelligencer.

HARRISON.—Of Mr. David Morrison, at the Post Office.

MADOC.—At the store of Mr. C. G. Wilson.

Extra copies of each day's issue can be obtained at the above places.

Daily Intelligencer.

Copies of the Evening INTELLIGENCER can be procured at the stores of Messrs. A. Robinson, J. G. O'Neill and M. O. Dempsey.

Weekly Intelligencer.

Copies of the WEEKLY INTELLIGENCER in wrappers ready for mailing can be had at the business office, corner of Front and Market Streets, every Thursday. Price 5 cents.

J. H. BATES, NEWSPAPER ADVERTISING AGENT, 41 PARK ROW, (Times Building), NEW YORK.

I am authorized to contract for advertisements in the DAILY and WEEKLY INTELLIGENCER at our best rates.

Daily Intelligencer.

RELEVEVILLE, FRIDAY, JUNE 25.

The Opposition and the Tariff.

The Ottawa Free Press is very much offended because the INTELLIGENCER has characterized many of its statements and that of the Opposition press generally as being in their nature ridiculous and unscrupulous. Milder language, we may say, would not truthfully describe the nature of the assertions made, and in fact a harsher and a briefer term would not be inappropriate. The same issue of the journal which thus censures us, contains statements which fully bear out what we have previously said, and call for a similar condemnation. They are these:

"Increased wages and abundant employment were solemnly reiterated from every platform in the country previous to the general elections among the leading fanatics that would accuse to the country from the National Policy. What are the facts? Decrease of wages, as shown at the Hudson mills; a vast exodus of workmen from the United States; and there is no work for them in Canada. At the same time prices of the necessities of life have risen from twenty-five to fifty per cent. These are the facts known to every man in the country, no matter what his political feelings may be."

Many other assertions are of a piece with the above which have emanated from similarly prejudiced sources, and we echo the query "What are the facts?" The alleged decrease of wages at the Hudson cotton mills, which, if we recollect aright, was simply a requirement that the female employees should work more regularly and receive the ordinary rate of pay for such work, because their of holy days—is paraded as proof that the N. P. has failed to raise the rate of wages. No doubt other instances would be given were the Free Press able to do so, but it evidently is not. Suppose, then, that the alleged decrease at the cotton mills named is true (which, however, we dispute) there are as a set-off the increase given to millers at Hamilton and other places; to miners at Spring Hill coal mines, Nova Scotia, and in various trades in Ontario, but this fair comparison and honorable journal—we shall see how contented and how honorable shortly—totally ignores those facts and relies on one single rash assertion to prove its case. The alleged exodus of workmen "because there is no work for them in Canada," refers probably to the Ottawa carpenters and the Valleyfield weavers, but does the Free Press dare to assert that the number of workmen—of skilled mechanics in particular—now employed in Canada is fewer than previous to the increase in the tariff? If so, it might state in what lines of business this falling off has taken place. We know that in this city, which has prospered comparatively little from the National Policy, as it is not a great manufacturing centre, the number of mechanics has been increased by about 100 within the past fifteen months. Hamilton, Toronto, Montreal, London, St. Catharines, Guelph, Berlin, Cobourg, Gananoque, Brantford, Almonte, Bowmanville—In fact nearly every manufacturing centre—has a similar report to make. More than that, men are now working on full time—many of them indeed making over time—whereas under the pro-Yankee "revenue tariff" system many were employed on short time. Thus if this alleged exodus has a basis of truth at all, it is in the migration of a few to the United States, where the tariff is much higher than that of the Dominion, and of many to the chief centres of business activity in Canada. If the free-traders' contention were true, those men who left Canada because of the high tariff would be jumping from the frying pan into the fire.

"Prices of the necessities of life have risen from twenty-five to fifty per cent," says this calm and dispassionate—Grit. This is of a piece with the other assertions. Tea, coffee, sugar, bread, beef, clothing and a few other articles go to make up the "necessaries." Of which of these is the price risen twenty-five per cent, and of which fifty per cent? And how has the rise been caused? The N. P. cannot surely be charged with an increase so vast in extent, for the rise certainly does not average more than five per cent. on such articles as are specified, and even the Free Press will not allege that all the duty is paid by the consumer. Whilst our contemporary is puzzling over this problem, it may also take up the subject of the woes of the farmers, whose sad

condition is bawled by many of its contemporaries and pressed by itself at times. For if bread, flour, oatmeal, beef, butter and other articles prepared from farm produce or produced on farms have risen from 25 to 50 per cent. in price, how is it that the globe asserts that prices of farmers' products have not been advanced? Falling to answer those queries satisfactorily, which it will find a difficult one, the Free Press will see that our remarks as to its position have not been a whit too harsh.

A word in conclusion with our critic as to journalistic courtesy. The article from which the above quotation is made concludes as follows:

"The National Policy was a cry with which a defeated and disgraced giant went to the country. Neither Sir John Macdonald, nor any of his followers, nor indeed, the great mass of the people who were beguiled by it, knew what it meant. The country was suffering from unrelieved depression, and a set of politicians offered a national policy, which they claimed to be a plan to place and power. That object secured, that did they do? They drove themselves into the arms of a few capitalists. No doubt they had taken in hand, that they confided the formation of the tariff to the very persons whom all Governments have had continually to restrain. Secure in the possession of a parliamentary majority, they have endeavored to conceal their incompetence, and abuse when they cannot argue. But neither a parliamentary majority nor a successful record, by vote or by in-joke, reverse or obscure the issue of the content in which we are engaged."

The words which are above placed in italics by us may be the very pink of "Reform" courtesy in the Free Press' idea of what emanating from its own "in-joke," but others, who are not so prejudiced, will regard them as abusive and impertinent. A subsidized press may have existed at the capital during the Macdonald regime, and our contemporary may have heard of it, but the epithet does not apply to the INTELLIGENCER. Our contemporary should certainly study Chesterfield before giving another lecture on politeness.

The Lieutenant Governor.

As was anticipated, the Hon. J. B. Robinson, Member for West Toronto, has been appointed to the Lieutenant-Governorship of Ontario in the room of Hon. D. A. Macdonald, whose term of office has expired. Mr. Robinson entered the old Legislative Assembly in 1867, and was a member of a short time, during which he held for a short time a position in the Carter-Macdonald Administration. In 1872 he was returned for Algoma, but retired at the dissolution in 1874. In November, 1875, however, on the elevation of Mr. (now Chief Justice) Moss to the Bench, he contested West Toronto successfully, and was re-elected by a very large majority at the general election in September, 1878.

The Mail says: Besides its political functions, the Lieutenant-Governorship entails certain social duties of no small importance; and these will devolve upon a lady admirably fitted in every respect to discharge them as they ought to be discharged.

The 24th in Quebec.

The Festival of St. Jean Baptiste was celebrated this year in Quebec with more than usual eclat. In addition to thousands from Montreal, Trois Rivières and other Canadian towns, large delegations were sent from Chicago, Iowa, Minnesota, Massachusetts, and other places in the United States. The hotel accommodation was altogether unequal to the occasion. The streets were lined with maple boughs profuse in bunting, while a little tri-color flag floated from every house in the suburbs of St. Roch and St. Sauveur. The few light showers that fell in early morning were not sufficient to spoil this, one of the grandest pageants ever held in Quebec. On the historic Plains of Abraham, the spot selected for the marshalling of the various divisions, a mass was celebrated by Archbishop Taschereau in the presence of thousands of devout worshippers, assisted by a choir of several thousand voices and instrumental music. The scene presented on the Plains was picturesque. In an assemblage of 20,000 spectators mixed in confusion were gorged with allegorical cars, municipal and benevolent societies in gay uniforms, knights clothed in the liveries of the time of Louis the Fourteenth, sailors, firemen, fierce-looking Indian warriors, zouaves, admirals and soldiers. The procession which formed at 4 o'clock was one of unparalleled attractiveness, combining religious, literary and social elements. The gorgeous banners and the decorations displayed in the triumphal car led the parade along the line of march from thousands of spectators, who lined the streets and covered the tops of the houses and the ramparts. A feature of the procession was two allegorical cars, upon which stood personifications of the provinces of Quebec and Ontario, personages, represented famous historical personages. Frontenac sat side by side with De Salaberry, La Rivière, D'Arbigny, Bienville, Ouellet, La Cour, D'Amboise and Donaghy appeared once more in mortal form. The Huron Indians, headed by a grand old chief, marched by in stately pomp and splendor, and were followed by evidences of civilization in the shape of agricultural implements. The Pontifical Zouaves with their Carillon flag were given a demonstration, while the Court of Francois the first, in which His Majesty sat surrounded by brilliant courtiers, made a deep impression, as did also that of a beautiful car representing St. John the Baptist.

The colossal figure of Col. De Salaberry mounted on a cannon was surrounded by warriors of 1812. The drummers carried off the palm as regards trade societies. They showed a mammoth shot nineteen feet high, fifteen feet wide and thirty feet long. Lieut. Governor Robitaille, the Judges, the Hon. J. A. Chapleau and the Cabinet Ministers and Members of both Houses of Parliament took part in the procession.

In the evening there was a National banquet and a grand display of fireworks.

CARE FOR THE CANADIAN PACIFIC.—The manner in which the Government is aiding in the encouragement of home industries is thus shown by the Cobourg Sentinel:—"A large three-masted vessel left this port, during the week, for Fort William, with fifteen cars from Crossen's Car Works for the Canada Pacific Railway."

News Condensed.

—The fruit crop of Quebec will this year be very light.

—The Canada Grand Black Chapter meets at Kingston on Dominion Day.

—Mr. W. H. Gibbs is again the Ministerial candidate for North Ontario.

—The Hon. John Morris of Ontario, N. B., was drowned on the 24th while bathing.

—The 45th Battalion went into camp at Bowmanville on the 23rd inst.

—5,000 people left Montreal to take part in the celebration at Quebec on the 24th.

—Mr. English, of Indiana, has been nominated by the Democrats for Vice-President.

—The number of men to be enrolled for the completion of the Russian army this year is 235,000.

—It is said the Quebec Government have ordered an exploration of the Ottawa County phosphate lands.

—A little girl, daughter of Mr. O'Hare, of Orillia, was knocked down by a runaway horse on the 24th inst. and severely injured.

—It has finally been decided that the Canada Pacific Railway is to cross the Little Saskatchewan at Odanah.

—About six hundred farmers from the counties of Ontario and Quebec, visited the Model Farm at Guelph yesterday.

—The Taromans are reported to have gained a victory over the Russians in a battle in which both sides lost heavily.

—Mr. Bailey, Civil Engineer, is making a thorough inspection of the line of the Toronto and Ottawa Railway east from Peterborough.

—The receipts of the Rideau canal for May amounted to \$6,000, which is about double those of last year. This speaks well for improving business.

—A large fire occurred at Philadelphia, on the 24th. The buildings burned were on Christian, Third and Fourth Streets. Four persons were killed.

—Messrs Harrison and Clarke made a haul of white fish at a shoal about 15 miles southwest of the main docks in Lake Ontario, taking over 100 fish weighing 500 lbs.

—The Kingston Whig of the 24th inst. says: "This morning Mr. D. Nichols's horse was killed by a passing train. The owner and two ladies, who were in the vehicle, had a miraculous escape."

—Rev. G. T. Smith of St. Andrew's Church, Kingston, has received the degree of D. D. from the Western University of Ohio, and the Lake Shore University of Illinois. In the former University Mr. Smith studied theology.

—Dr. Kirkpatrick of Chippawa, Ont., has just received the Order of the Medjidie of the fourth class from the Sultan of Turkey, for services rendered to the sick and wounded of the Ottoman army during the Russo-Turkish war.

—A Thunder Bay paper says that Mr. Wm. Bernard Sullivan, of Thunder Bay, of 500,000 bushels capacity, besides piers, wharves, and warehouses and a large carrying on of an immense forwarding business. The works are to be completed in about two years time.

—On the 24th inst., at Fort Hope, a little daughter of O'Brien's, died at a peculiarly distressing matter. The child had attempted to follow her mother upstairs, and by some means had fallen into a well of water, where she was found dead by the mother on her return.

Marmora Correspondence.

Mr. John Kelly, ex., has been offered \$15,000 for his place by Mr. J. Stanlick on behalf of Major Ross, who represents an American mining company.

Crops look all that could be desired. Weather has been very warm lately with cool nights.

The funeral of Mrs. A. Rusk took place on the 20th inst. The Rev. G. M. Harris officiated and preached an appropriate sermon on the occasion.

The Rev. G. M. Harris has been to Kingston to the Synod to receive the ordination of a Presbyterian Minister.

Mr. D. Shannon is building an elegant and substantial house, which is to be a balloon frame veneered with brick.

Division Court was held in Marmora village on the 16th inst. Several cases were tried, some of which caused considerable interest.

The most important event of the week—to those parties concerned—happened at the house of Mr. D. Hamilton on the 17th inst., when Mr. S. Chambers, Jr., of Madoc, led to the hymenal altar a blooming and beautiful bride, namely Miss S. J. Hamilton, the eldest daughter of the former gentleman. No cards. We wish them a joyous honeymoon, and also many long and happy years of conjugal bliss.

Teachers are now ardently preparing their pupils for the midsummer examination and for promotion to higher classes.

Mr. Macdonald during the last session officially visited the school of Mr. R. Broadworth and was well pleased with the progress which had been made since his last visit, also the same with regard to Miss Ault of No. 1, Lake.

Mr. G. W. Bleeker is putting up a building which he intends to fit up for a store.

As John Weese and another man with a boy and a dog were sitting in the house of the former during the heavy rain accompanied by terrific peals of thunder and vivid flashes of lightning on Sunday, the 13th inst., the electric current descended the chimney and immediately prostrated the whole group and scorched one of Mrs. Weese's feet; all were rendered for some minutes insensible. Mr. Weese was the first one who returned to consciousness, when he found that the dog was the only one that was killed by the shock, and the other persons soon afterward recovered.

Rev. S. Macaulay has returned from the Conference. He intends staying here another year.

The Rev. J. H. Rutten made a flying visit to Beaver Creek on the 18th ult. He is stationed this year at Wooler.

Loyal Orange District No. 1, North Hastings, intend to celebrate the anniversary of the battle of the Boyne in St. John's on July 12th. No. 3 intends, doing the same. A brass band will be in attendance from Belknap, and a good many lodges will most likely be present.

The Stewart crusher still keeps at work with favorable results.

Road work is now in progress. The pathmasters are Messrs. A. Johns, W. Crawford, M. Lough, E. Nichol, J. Wells.

An extensive drive of logs and cedar belonging to Messrs. Rathbun and Gilmore is now passing the village.

In Cook's cheese factory there are about 371 lbs. of cheese now manufactured, and 325 lbs. in the Marbled factory per day.

Bradlaugh Released.

(BY CABLE TO "THE MAIL.")

LONDON, June 24.

In the House of Commons this afternoon, Mr. Bradlaugh was released from custody, and as he moved for Bradlaugh's commitment for disobeying the orders of the House, and the authority of the House of Commons, having been vindicated, he would, therefore, now move for Mr. Bradlaugh's discharge from custody.

The House after a short debate, agreed to Mr. Bradlaugh's release. Mr. Bradlaugh was then released from the Clock Tower, where he had been confined.

After the House of Commons had signified its determination to release Mr. Bradlaugh, Mr. Labouchere visited the latter to inform him of what had occurred. Mr. Bradlaugh's impulse was to rush back to the House again and brand the Speaker. Some cooler friends, however, intervened and advised him to postpone his move until another time. The faithful members of the House received this news with feeling akin to gratitude. When Mr. Bradlaugh entered the House, some angry cry arose from him. No demonstration welcomed his return. Before leaving, he said that he will again present himself to-morrow and claim his seat. Another struggle may, therefore, be expected.

A monster meeting was held at Northampton yesterday to protest against Mr. Bradlaugh's exclusion from the House of Commons.

MORNING DESPATCHES.

EUROPEAN.

ATLANTA, Ga., June 25.—The revenue police in making a raid on moonshiners ten miles from here yesterday, were fired upon and returning the fire killed James Jones, a moonshiner.

PARIS, June 25.—A young woman while waiting at the river with her lover for a boat fell into the water yesterday, and when rescued was found with her head under the water, and stabbed herself fatally.

AMERICAN.

WASHINGTON, June 25.—The report of the West Point examinations recommends the discharge of Whittaker for deficiency in his studies. If the Secretary of War concurs, Whittaker must go.

NEW YORK, June 25.—The Herald's Richmond despatch says that Senators Blaine, Cameron, and Booth are at White Sulphur Springs, seeking repose. Speaking of the Cincinnati nominees, Blaine said curtly, it is a strong ticket. Cameron said—it is a very strong ticket, and hard to beat. Booth said it is a strong ticket, and English secures Indiana.

The Herald's Washington special says that General Sherman, when asked by a reporter what he thought of the nomination, replied that he did not have anything to do with politics, "but if you will sit down" he added, "and write the best thing that can be put in language about Hancock as an officer and a gentleman, I will sign it without hesitation."

NEW YORK, June 24.—Wm. Gilman's report Paris green yesterday and will probably die. The cause was grief over the death of his son who was killed by a railway train on Monday.

K. S. Mendels, banker and broker, shot himself dead yesterday; cause, illness.

Michael O'Neil, a longshoreman, quarrelled with his family last night, and drove his daughter from his roof. They left one infant behind. He seized it and threw it from the roof to the ground, 50 feet, causing its speedy death. O'Neil was arrested, and barely escaped lynching.

The Tribune gives Arthur's positive denial of the rumor that he intended to withdraw from the Republican ticket.

The Tribune's Cincinnati says the nomination of English is regarded as adding a great deal of strength to the ticket, not only because English comes from a doubtful State but because it is said he can furnish the "hail," which nobody expects Hancock possesses.

WAGES ON THE RISE.—The Globe evidently does not believe with the Ottawa organ of the Opposition that wages are not on the increase in Canada. In a recent issue the leading Reform paper says:—"In Ontario the rate of wages is plainly on the rise. Many of the Nova Scotians who have gone to the United States will gradually return to their own country." This looks like a fulfilment of one of the predictions uttered by the Conservatives in behalf of the N. P., and yet the new tariff has only been fifteen months in operation.

HEATING CITIES BY STEAM.—A company has been formed in Montreal for the purpose of heating that city by steam. The system which was in successful operation in several large cities in the United States last year, is to generate steam in a central boiler house, according to the quantity required, and then convey it through pipes under the streets into any house that may want to use it. It will be tested in Montreal this winter.

Messrs. A. McCaig & Co., Lucknow, shipped this week on the St. Clair branch railway, about 60,000 feet of square oak and hickory to McCarthy Bros., Toronto. This is the only firm of that section that succeeded in getting their timber out of the woods last winter. Messrs. McCarthy Bros. shipped this lot to Liverpool and Glasgow 500,000 feet.

A NOTHER LOT of Ladies' Kid Buttoned Boots in sizes or half sizes, with or without the Heel-plate, at Haines & Lockett's "City Boot Store."

PUBLIC NOTICE.

THE subscriber begs to apologize for any inconvenience he may have caused by not having his bread delivered as usual. He is sorry to have been so long in getting his bread delivered as usual. He is sorry to have been so long in getting his bread delivered as usual.

As it takes a long time to make entries of small sales, and is in many respects very unsatisfactory, the driver has been instructed to make no such entries, but to give his Bread account with place all at shop for TICKETS, as the driver is not permitted to dispose of any except for CASH.

P. H. HAMBLBY.

IN CHANCERY.

MUCKLESTON VS. DAVIS.

PURSUANT to the decree and final order for sale made in this cause, and dated respectively the Twenty-second day of September, A.D. 1879, and the twenty-fifth day of May, A.D. 1880, there will be sold with the approval of James Alexander Henderson, Esquire, Master of this Court at Kingston, by Ralph Purdy, Auctioneer, at his auction room on Bridge Street, in the City of Belleville, at the hour of noon of

SATURDAY, THE 10TH DAY OF JULY next, the following lands and premises, in one parcel, namely, lot number seven on the east side of Cedar Street on the plan of Glass' Block, laid out on part of lot three in the first concession of Thurston, now in the City of Belleville.

The said lot is centrally situated and has a frontage of forty-eight feet ten and a half inches on Cedar Street by a depth of one hundred and twenty-five feet eleven inches.

The lot is fenced and on it is a frame building used as a carpenter shop.

There will be one reserved bidding as fixed by said Master.

Terms: ten per cent. cash, balance in one month.

In all other respects the terms and conditions of sale will be the standing conditions of the Court of Chancery.

Further particulars can be had from Messrs. Kirkpatrick and Rogers, Solicitors, Kingston, and Ralph Purdy, Auctioneer, Belleville.

Dated Master's Office, Kingston, on 7th June, A.D. 1880.

(Signed) JAS. A. HENDERSON, Master.

KIRKPATRICK & ROGERS, Vendor's Solicitors.

On a week in your own town. Terms and \$300 \$300 extra free. Address H. HALLT & Co., Portland, Maine.

NO. 48.

MANHOOD:

HOW LOST, HOW RESTORED.

We have recently published a new edition of Dr. Oliver's "Colic-Breast" Essay on the natural and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage, etc., resulting from excessive sexual indulgence.

Price, in a small envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practice, that alarming consequences may be radically cured without the application of the knife, pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

Address: THE CULVERWELL MEDICAL CO., 41 Ann St., New York, 5019.

1880. 1880.

"BEAR YE ONE ANOTHER'S BURDENS."

BY MISS EMILY THORNTON.

Every day we meet some neighbor Who has heavy grief to bear, Great with a word of kindness. It may save him from despair; Never let a heart grow weary, lacking sympathy and care.

Many groan in weakness, Sick in body and in mind, While no one thinks of labor, That no time for rest they find; Sympathy with their troubles, no harm comes from being kind.

Some with victory stand, More on a lonely way, Never heeding whom they trample, Stubborn old and young they say, Seeming to forget that others have some rights as well as they.

Oh, could such but change one moment Places with the weak and poor, They would learn more than they do of this, That a kind act can secure; And would find that pity often nerve the hand to cure.

Age found me need assistance, Which should never be delayed; Your strong arm would prove a blessing, And I should not be afraid; You may live to be as feeble, and may need as sure a aid.

If a neighbor ask a favor, Grant it in a cheerful way, While you lie in the arms of sorrow, Spoil it with a few smiles; Prove like "bread cast on the waters," some time to return some day.

Opportunities for good deeds All our lives, God placed them there; While he gave us this commandment, "Blessed for each other bear." Make every life a blessing, Scatter kind acts everywhere.

SOMETIMES, Sometimes—not often—when the days are long, And golden lie the evening fields of corn, Like cadence of some half-forgotten song, There awakens a memory across my brain. I live which is too little studied, and therefore commonly misunderstood.

Sometimes, Sometimes, when the days are long, And golden lie the evening fields of corn, Like cadence of some half-forgotten song, There awakens a memory across my brain. I live which is too little studied, and therefore commonly misunderstood.

BALLEVILLE, SATURDAY, JUNE 26.

Local Notices.

Notice under this head that a fine rock is now being quarried at the foot of the hill, near the corner of the lot, and is of a fine quality, and is being sold at a low price. The rock is of a fine quality, and is being sold at a low price. The rock is of a fine quality, and is being sold at a low price.

MOONLIGHT EXCURSION.—A moonlight excursion will take place next Monday evening, the 28th inst., per steamer "Prince Edward" to the Camp Ground of the 4th Batt. Boat leaves at 8 o'clock and will remain half an hour at the ground. Odd fellows brass and quadrille bands will be in attendance.

City and Vicinity.

POLICE.—There was one prisoner in the cells last night.

CITY COUNCIL.—A regular meeting of Council will be held on Monday night.

FOR THE WEST.—Four cars of emigrants destined for different points in western Ontario passed yesterday afternoon on the Grand Trunk.

BUSINESS AGENT.—Mr. Fred. Lawrence, the Business Agent of Forepaugh's Show, was in the city today arranging for the show, which takes place here on the 12th July.

REGATTA.—A regatta for second class yachts will be given at Massena Point on Dominion Day. Money prizes and a silver cup will be given, and three if not four of the local fleet will take part.

THE "ANNIE GILBERT."—The services of an engineer having been temporarily secured, this steamer made her trip this afternoon. Mr. Neay has gone to Kingston with the object of engaging an engineer.

RAILWAY MEETINGS.—The stockholders of the Grand Junction and Belleville and North Hastings Railway Companies are to meet on Tuesday afternoon, for the purpose of completing the amalgamation of those roads.

CRICKET.—The first innings of the match between the married and single members of the local Club was played yesterday afternoon. Neither side was fully represented. The Benedicts scored a majority of about 50.

FOR THE CAMP.—The steamer "Prince Edward" will make an excursion to the camp ground of the 49th Battalion on Monday night, and a stay of half an hour will be made at the camp. The Oddfellows' brass and quadrille bands will be in attendance.

RUNAWAY.—A butcher's horse started on his own account this forenoon to have a race, and running through a wilderness of teams without doing any harm, turned up Front Street at a galloping rate, but was suddenly brought to a stand still by colliding with a double team which a boy was driving into the American hotel yard. Beyond the upsetting of the wagon and frightening the onlookers, who were fearful of serious results, no damage was done.

PROMPT SETTLEMENT.—A card of thanks from Mrs. J. H. Hamby, acknowledging the promptness with which the London and Lancashire Life Assurance Company have, through their general agent, Mr. J. H. Robinson, admitted and arranged for the payment of her claim for \$3,000 on their policy on the life of her late husband, will be found in another column. This is commendably prompt, as Mr. Hamby died on Thursday, the 17th inst., so that the claim has been arranged within eight days.

THE POLICE MAGISTRATE.—The Ontario Government have appointed Mr. Thomas Holden to the position of Police Magistrate for this city, which was some time ago vacated by Mr. A. Diamond. Mr. Holden has served his party faithfully and ably, and deserved well of them. He also stands well in his profession and has for a considerable number of years been a prominent member of the City Council. The appointment is a good one, and we congratulate the new Police Magistrate upon his advent to office. A new election for a seat in the Council for Ketcheson Ward will now be necessary.

ARRIVED.—The advertising car of Forepaugh's circus arrived this morning from the east, and brought with it the advertising brigade of the organization. The car is handsomely ornamented, the interior is fitted up for the accommodation of the men and for the storing of the necessary paper for the ornamentation of bill boards and dead walls, and in addition contains a press which is used for doing "dating" work. As a whole the affair is unique, and is a good exhibit of the push and enterprise of its owner. The agents are billing the city to-day for this great show, which exhibits in Belleville on Monday, the 12th July.

THE WHEAT PROSPECT.—The wheat crop throughout this section, which looked so promising a short time since, now gives evidence of becoming almost an entire failure. The fall wheat that survived the winter is looking well, yet only a small proportion of what was sown but was killed out of which was sown, look more promising than in the early part of the year, but from every section we hear of fields turning yellow, the general impression being that it has rusted, which has been caused probably by the hot sun after the heavy showers earlier in the season.

RAILWAY FREIGHT.—Five cars of iron ore and three cars of lumber arrived from Madoc this morning.

THUNDER STORM.—A thunder storm swept over the city from the west between 6 and 7 o'clock last night, bringing with it a highly welcome rain. Two yachts got caught in the squall, but escaped damage.

SERIOUS ACCIDENT.—This morning Mrs. Cronk, wife of Stephen Cronk, who resides in Fox's terrace, near the Octavia Street school house, fell down stairs, breaking her collar bone, cutting her head and otherwise bruising herself badly. Being a lady well advanced in years, she feels the effects of her injuries very severely. Dr. Wilson is in attendance.

SUNDAY SCHOOL CENTENARY.—Wednesday, the 30th inst., having been found an inconvenient day for holding the Union Sunday School celebration in connection with the first centenary of Sunday Schools, it has been decided to hold the picnic on Friday, the 9th July. The various schools will assemble at 8:30 at their several schools, march to the Hospital Lot, form in procession there, and be accompanied by music, march to the wharf, and will be taken by the "Prince Edward" and "Mary Ethel" to Massena Point.

VANDALISM IN SHOWS.—The "Stirling News-Argosy" says: "Some vicious person or persons one night last week entered the premises of John Hanna, Sidney, and brutally cut several valuable cattle, one of which had to be killed. There seems to be a ruffianly element in the neighborhood of Sager's corner which has caused a great deal of worry to the neighbors, who will, we fear, be compelled to form a vigilance committee and deal themselves of the obnoxious parties by means of law and feathers, which is quite too good for such brutalized humanity. Some time since two dogs were stolen from Mr. J. T. Hart, and other depredations have been complained of. Chief Mr. Kinross, of Belleville, has been employed in the mutilating case referred to, and it is earnestly to be hoped he will succeed in ferreting out the guilty ones and bringing them to justice."

SERIOUS ACCIDENT.—Mr. E. W. Perry left his home, West Bridge St., on Monday afternoon, shortly before 6 o'clock, to go to the Post Office. Just as he was crossing Coleman St., before reaching the bridge, a steel wheel which had escaped from the slaughter house, rushed madly past him from behind, pushed against him, and the rope catching round his legs, threw him with great violence to the ground, striking on his head. Major Gillum was passing, and picked him up in an insensible condition—applied restoratives, and as soon as he recovered consciousness, brought him home. Dr. Hope was immediately sent for, and was very prompt in attendance. His leg was very badly bruised, also his hip and shoulder. His head received such a blow that fears were entertained for some days of congestion of the brain, and his sufferings were very great. At the present time his head is comparatively speaking, almost free from pain, but he is very sore. But he suffers very much with his leg, which will be painful for some time to come.

The Garden Party.

The Garden Party in aid of the Home for the Friendless, held in the grounds of W. H. Ponton Esq., last evening, was a very pleasant affair, and considering the unfavorable state of the weather, fairly successful. The heavy rain storm, which occurred about six o'clock, put a damper on the prospects, and indeed a large portion of the people supposed that the entertainment would have been postponed in consequence. But shortly after the hour appointed a few began to gather, and the stirring music of the Odd Fellows' Band as they paraded through the streets and over the hill, brought out others, and the attendance by nine o'clock was very fair, but had the evening been pleasant there would probably have been three times the number present. To most of those who did attend the appearance and attractiveness of the grounds was a great surprise. Few were prepared to find such an extent of grounds, and the beautiful and artistic manner in which they are laid out, was the admiration of all. Mr. Ponton had gone to considerable trouble and expense in preparing the grounds. Chinese lanterns in great profusion decorated the trees and shrubs, while torches scattered liberally in every part of ground and two locomotive head lights, made a fine illumination, rendering the place nearly as light as day. A small boat building in the west of the garden, which by the way is to be used by Mr. Ponton in camping at the Sand Banks, was occupied by the ladies for the sale of useful and fancy articles, and we understand most of the goods were disposed of at good prices. In the eastern section a table was laid with cake and strawberries, and ice cream, and the ladies were kept busy during part of the evening serving them out to the company.

With the beautiful and variegated lights, the most and tastefully decorated grounds, the fitting to and fro of fairy forms over the green sward, and the stirring music of the band, it was a perfect fairy scene, such as has been seldom witnessed in more pretentious places, and it is to be regretted that a larger number were not there to enjoy it. The Committee of ladies were indefatigable in their exertions to make everything pleasant, and Mr. and Mrs. Ponton were apparently here, there and everywhere, ministering to the wants of their guests. It was a most delightful occasion, and the results financially, though not so profitable as they would have been if the weather had been more favorable, will add a nice sum to the building fund of the Home for the Friendless.

CHEESE FAILURES.—A New York despatch says: "Some excitement has been caused to-day on the Butter and Cheese Exchange by reports that several large houses have lost heavily through the great fall in the price of cheese and a corresponding effect on butter. In the past two weeks the wholesale price has fallen steadily. The falling off in the export demand has done much to bring about this state of affairs, and this, together with the heavy receipts, tends to keep the market down."

Marine Notes.

The ship, "Van Amburgh" arrived yesterday afternoon, and is loading lumber at the Eagle Mill.

Seasonable Topics.

The little peach catches the early market. The early cucumber catches the best crump. The best strawberries and the best men are generally found at the top. When a man is climbing the ladder of fame he likes rounds of applause. A strawberry field in winter is a dozen strawberries get into a half-cup of this milk and appear to have a jolly time. Don't invite a "self-educated" man to address a school. He will be sure to tell the pupils that he never went to school and yet knows as much as anybody.

We meet a great many warm friends during the hottest term. These are the days when a fellow feels like doing nothing and keeping at it. The market was crowded inside and out to-day, and gardeners and farmers' early produce brought good prices.

Advertisements in the INTELLIGENCER, as it has the largest circulation of any paper in the Bay of Quinte District. Strawberries were again in plentiful supply to-day, selling at 8 to 12 per box. There was a good supply of new potatoes on the market to-day, which readily sold at 4 to 6 per peck.

If you want a servant, or a situation, or board, or a house to rent advertise in the INTELLIGENCER. It will only cost you 25c for the first publication, and you will get the entire population of the city cannot stop it. All kinds of plain and fancy printing can be obtained at the INTELLIGENCER office as cheap as at any other establishment in the Bay of Quinte District.

HARPER'S MAGAZINE.—Harper's Monthly for July contains the first part of "Van Amburgh," a new story by Henry James, Jr., "Queen Victoria," by Mrs. Oliphant—portraits of the lady taken during childhood and maidenhood, also of the Prince Consort and other members of the Royal family. The opening paper is on the late Mrs. Morris Hunt, by Maria B. Oakley, with engravings from several of his paintings. Midsummer reading will find in "Hypatia in the Mountains," the first of a series by Rebecca Harding Davis illustrated; and "Summer Clubs on Great Salt Lake," a humorous description of life on Long Island shore, by Thos. W. Knox. Other illustrated papers are "Santa Fe Trail," by A. A. Hayes, Jr., and "Peasants and Colonists in 1849," with interesting portraits. Dr. J. W. Draper contributes a paper entitled "Franklin's Place in the Science of the Last Century." Richard T. Ely discusses the difference between "American College and German Universities," and there is besides a large variety of illustrated poems, fiction and miscellaneous readings.

COMMERCIAL NOTES.

CATTLE SHIPMENTS.—Cattle shipments from Montreal for the week ending June 25th amounted to 3,114 head of cattle and 1,450 sheep. Messrs. Craig & Kennedy shipped 55 head that averaged nearly 1,700 lbs. each. The Consular Report.—The shareholders of the Unconsolidated Bank have appointed a committee to consider the advisability of instituting proceedings against the ex-directors for the recovery of the amount paid in dividends after the capital became impaired, to which action the Montreal Gazette takes exception on the ground that "the directors have lost their money equally with the body of shareholders; may, more than any of them are the heaviest sufferers by the failure." It is very proper that the shareholders of banking the utmost confidence must be placed in the General Manager and in the statements submitted by him to the Board. A personal inspection of the accounts and the conduct of the head office and branches by the directors is an utter impossibility, and unless they are prepared to trust the directors, who they employ to conduct the affairs of the Bank, they may as well wind up its affairs at once."

AFTERNOON DISPATCHES.

CONSTANTINOPLE, June 25.—The Commission composed of four Bulgarians, three Turks and three foreigners have investigated the recent atrocities upon Musulmans committed by East Roumelian militia at Kiridjoli, on the East Roumelian frontier. The Commission say that 16 Musulmans were killed, 12 without colorable pretext. They also reported the occurrence of sixty cases of rape, and much robbery. Captain Vassiloff, a Prussian commander of militia and four other officers and thirty-one privates have been arrested, but as the officers are mostly Russian subjects it will be difficult to bring them to justice.

LONDON, June 25.—Berlin despatches say the line of frontier adopted by the supplementary conference is as follows: On the east it follows the northern valley crest of the Silesia to a considerable distance from the river up to and northwards around Metzvo, slopes away a little more than one-third of the Greek speaking Province of Thracia, then strikes across the country to and includes Janina and joins the Colosse, considerably above the middle point of its course, and following the bed of the stream falls into the straits of Corfu with the northern arm of the river.

NEW YORK, June 25.—Arrived, the "Hart" from Barrow and the "European" from Liverpool.

HULL, June 25.—Arrived, the "Orlando." **RIO JANEIRO, June 25.**—Intelligence from Buenos Ayres announces that an armistice for one day has been concluded between the National and Provincial forces. Peace negotiations have been opened.

LONDON, June 25.—A Home despatch says the municipal elections caused the Pope to decide to consent to the participation of Catholics in political elections.

NEW YORK, June 25.—Arrived, the "Hart" from Barrow and the "European" from Liverpool.

WEATHER REPORTS.—Toronto, June 25.—Probabilities for the next twenty-four hours: for the lower lakes: Moderate winds and fine continued warm weather.

WASHINGTON, June 25.—Indications: lower lake, partly cloudy, occasional rain, stationary temperature.

A LONELY JOKE.

A prominent physician of Pittsburgh said jokingly to a lady patient who was complaining of her continued ill health, and of her inability to cure her "Hysteria." "The lady took it in earnest and used this Bitter, from which she obtained permanent health. She now laughs at the doctor who told her she was not so well pleased with her joke, as it cost him a good patient."

Bucklen's Arnica Salve.—The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Tetter, Chapped Hands, Itch, and all the eruptions of the Skin. It is guaranteed to give perfect satisfaction in every case, and is sold by all druggists. Price 25c per box. For sale by Jas. Clark & Co.

Poverty and Distress.

That poverty which produces the greatest distress is not of the pure but of the mixed. Deprived of its food, it becomes weak and misery, a condition termed anemic in medical writings. Given this condition, and anemic swellings and sores, general and nervous diseases, and all chronic or lingering diseases, such as consumption, weak lungs, but employ Golden Medical Discovery, which enriches the blood and radically cures these affections, striking at the root of the evil and removing the cause.

For all bronchitis, throat, and lung affections, severe lingering coughs, weak lungs, consumption in its early stages, asthma and kindred affections, Dr. Pierce's Golden Medical Discovery is the sovereign remedy, and has been tried and proved by all who have used it. It is a powerful blood purifier, and has been tried and proved by all who have used it. It is a powerful blood purifier, and has been tried and proved by all who have used it.

A Wonderful Discovery.—For the speedy cure of consumption and all diseases that lead to it, such as asthma, coughs, neglected colds, rheumatism, Hay Fever, Asthma, pain in the side and chest, and all chronic or lingering diseases, Dr. Pierce's Golden Medical Discovery is the sovereign remedy, and has been tried and proved by all who have used it.

Commercial.—The grain market during the past week has been dull. Wheat was offered, brought out quotations.

RELEVILLE MARKETS.

Wheat.—The grain market during the past week has been dull. Wheat was offered, brought out quotations.

Wool.—Wool is coming in slowly; the market to-day is dull at 27c.

New potatoes.—New potatoes are becoming more plentiful, selling at 40c per peck.

Strawberries.—Strawberries were scarce to-day in proportion to the demand. Considerable quantities were sold on the market this morning in small lots at 12 to 15c per box. The ruling price was about 10c.

Messrs. Downey & Preston were shipping a car of clover seed to-day to the west.

Wheat.—\$1.15 to \$1.20. **Barley.**—\$1.00 to \$1.10. **Oats.**—\$0.75 to \$0.85. **Hay.**—\$1.00 to \$1.10. **Butter.**—\$1.00 to \$1.10. **Eggs.**—\$0.10 to \$0.15. **Chickens.**—\$0.50 to \$0.60. **Ducks.**—\$0.50 to \$0.60. **Turkeys.**—\$0.50 to \$0.60.

TORONTO MARKET.

TORONTO, June 25.—Fall wheat, No. 1 \$1.07 to \$1.08; No. 2, \$1.05 to \$1.06; No. 3, \$1.01 to \$1.02. Spring No. 1, \$1.10 to \$1.12; No. 2, \$1.05 to \$1.06; No. 3, \$1.01 to \$1.02. Barley—No. 1, \$1.00; No. 2, \$0.95; No. 3, \$0.90. Oats—No. 1, \$0.75; No. 2, \$0.70; No. 3, \$0.65. Hay—\$1.00 to \$1.10. Butter—\$1.00 to \$1.10. Eggs—\$0.10 to \$0.15. Chickens—\$0.50 to \$0.60. Ducks—\$0.50 to \$0.60. Turkeys—\$0.50 to \$0.60.

MONTREAL MARKET.

MONTREAL, June 25.—Flour, receipts 2,500 bbls; sales 200 barrels. Market quiet and weak; prices nominally unchanged. Quotations: Superior \$5.25 to \$5.35; extra \$5.15 to \$5.25; fancy \$5.05 to \$5.15; spring extra \$5.15 to \$5.25; superfine \$4.90 to \$5.00; fine \$4.80 to \$4.90; strong bakers \$4.80 to \$4.90; city \$4.80 to \$4.90. Oats—100 superior extra \$5.35; 100 strong bakers \$5.00. Grain—wheat nominal, T. O. spring about \$1.25 to \$1.25; Corn 40c in bond. Barley 5 to 60c. Rye about 50c. Meal—\$2.00 to \$2.10; \$4.30 to \$4.50; Cornmeal, \$2.00 to \$2.10. Provisions—Butter, western 14c to 15c; Broekville and Morrisburg and Eastern, Townships 15 to 19c; Cheese 8 to 9c; Pork, mess, \$15.00 to \$16.00; Lard 10c to 11c; Bacon 9 to 10c; Hams 10 to 11c. Ashes—potato quick, casier; fire \$4.50 to \$4.60. Pearls nominal.

NEW YORK PRODUCE MARKET.

NEW YORK, June 25. Cotton dull, unchanged. Flour dull, receipts 150,000 bbls; sales 9,000 bbls; \$3 to \$3.85 sup. state and w'n; \$3.65 to \$4.00 com to extras ex w'n. Rye flour weak, \$4.50 to \$4.60. Wheat spring dull, nominal; winter white strally; red cash and June weak, others shade firmer; receipts 391,000 bush; sales 254,000 bush. September, 1c Year. Rye heavy, 94 to 95. Corn easier; receipts 444,000; sales 80,000; at 48 to 50c. Barley nominal. Oats dull; receipts 26,000 bush; sales 30,000 bush, 34 to 35 for mixed western and 34 to 42 for white do. Pork lower, \$12.25. Lard quiet, lower, \$7.17c. Cheese 54 to 55.

CHICAGO MARKETS.

CHICAGO, June 25.—Wheat, closing 89 June, 85 July, 41 Aug. 43 September, 1c Year. Corn 24 1/2 June, 24 1/2 July, 22 1/2 Aug. Pork 81 1/2 June, 81 1/2 July, 81 1/2 August, 81 1/2. Lard, 56 1/2 June, 56 1/2 July, 56 1/2 August, 56 1/2. Heavy 54 1/2 to 55 1/2.

LIVERPOOL, June 25.—Cotton easier; up 1/8; Orleans 1; Chesnut 10. **LONDON, June 25.**—Consols, 98-9/16-5/4. 10 1/2.

MORTGAGE SALE.

VALUABLE FARM PROPERTY.

UNDER and by virtue of the power of sale contained in a certain Mortgage which was produced at the time of the sale, there will be offered for sale by Public Auction, on Friday, the 9th day of July next, at 12 o'clock, noon, by Charles Wilkins, Auctioneer, at the Dominion Hotel in the Village of Marmora, the following valuable freehold property:

Being the east half of lot number 16 in the 1st Concession of the Township of Marmora in the County of Hastings, containing 100 acres of land, more or less. And the east half of lot number 17 in the 1st Concession of the said Township of Marmora, containing 100 acres of land, more or less.

The above property is situated 5 miles back of the Village of Marmora. About 100 acres of the above premises are cleared.

The soil is of a sandy loam. Terms and conditions made known at time of sale, or in the meantime on application to Messrs. BELL & PONTON, Vendor's Solicitors, Belleville, June 1, 1880. (Signed) JAS. CLARK & CO.

THE BAY ROUTE.

The Steamer "Annie Gilbert" will leave on Tuesday, Thursday and Saturday, leave Campbell's dock at 3 a.m. for the Island, calling at Massena Point and the High Shore, and returning here at 3 a.m. in time for the market. The boat will leave the City at 3 p.m., and will call at the Point in passing. The return will be made at 7 p.m. For particular advice to Capt. Gilbert, or to Messrs. G. G. Shaw on board, or at W. H. Campbell's wharf.

VOL. 14.

MANHOOD:

HOW LOST, HOW RESTORED.

We have recently published a new edition of Dr. Culverwell's "Cure for Manhood," which is a complete and reliable remedy for all cases of Nervous Debility, Mental and Physical Incapacity, Impotency to Marry, etc., resulting from over-exhaustion of the system.

It is a small, elegant, and portable volume, containing all the latest and most reliable information on this subject, and is a valuable addition to the library of every man.

The celebrated author of this valuable work, Dr. Culverwell, has been a resident of Belleville, Ontario, for many years, and his extensive experience in the treatment of these cases has enabled him to prepare a remedy of such a reliable and successful nature.

Ladies of Loretto.

EXAMINATION AND DISTRIBUTION OF PRIZES.

At the invitation of the Ladies of Loretto of this city, a large number of the parents and friends of their pupils assembled on Friday, to witness the half yearly examination.

Besides the Very Rev. pastor there were present Rev. Fathers Luocho, Casey and D. Farrelly, Messrs. A. Robertson, M. P. P., Dickson, Sheppard and others.

On entering the Convent, the visitors were conducted to the parlor to inspect a tastefully arranged collection of the work of the young ladies. The fancy work was the admiration of the lady visitors. The crayon drawing of the Misses Costello and Ivers exhibited great taste and skill, and were deservedly much praised.

At the appointed hour, the exercises commenced, and during the three hours which they lasted, the progress manifested by the pupils was gratifying to their parents. Their knowledge of English history was accurate, and as thoroughly taught as in any of our academies. In arithmetic, mental and written, they were quick. Their manner of analyzing questions showed a perfect training. The Misses Fahy, McJormac, Mackenzie and Linn rendered a few selections in instrumental music with good taste and execution. Their reading of French was fluent and their pronunciation good. Indeed, the pupils were thoroughly drilled in every branch of education necessary to instill into the minds of young ladies knowledge, taste and refinement. After the examination of each class, the public were invited to question and test the knowledge of the pupils. This invitation was accepted by Father Casey and Mr. O'Hagan of the Separate School. Their answers to these gentlemen were given readily and accurately. A pleasing incident of the afternoon's programme was the recitation of "Annie and Willie's Prayer," by the younger pupils. May Kenny, a little Miss of scarce five years, recited Willie's part with infantine grace and childlike earnestness. Then came the part most pleasing to the pupils, and in this instance—judging from their smiling approval—not less pleasing to the parents present. The reading of the names of those who were to receive the reward of their diligence and labor was followed by the distribution of crowns and prizes.

The Rev. Father Farrelly made a brief address and said that, being to a certain extent an interested party, he would not say what he thought of the education given there. He would leave it to the parents and gentlemen present to pronounce judgment, and called on Mr. Dickson.

Mr. Geo. D. Dickson said that it was a pleasure for him to be present. Since his young daughter has been attending this school he has remarked a great improvement. He expressed himself well satisfied with the education given.

Mr. A. Robertson, M. P. P., confirmed what Mr. Dickson had said, and encouraged the young ladies in their work.

Mr. W. A. Sheppard, Chairman of the Board of Education, said in complimentary terms of the results of the examination, most thorough training and discipline, and close attention and study.

The following is the list of prizes:

Crown and prize to general good conduct and fidelity to school rules in "Cormick," by Miss Mary Ellen, and Miss O'Brien, and obtained by Miss O'Brien, and obtained by Miss O'Brien.

Crown for inability to vote of her companions in boarding school, Miss Costello, and in day school, equally merited by Miss Minnie O'Brien and Maggie O'Brien, and obtained by Miss O'Brien, and obtained by Miss O'Brien.

Price for lady-like deportment in boarding school, equally merited by Misses Costello and Nellie Forde, and obtained by Miss O'Brien, and obtained by Miss O'Brien.

Price for regular attendance in day school, equalled by Miss Mary Ellen, Blanch McEwen, Maggie O'Brien and Miss O'Brien, and obtained by Miss O'Brien, and obtained by Miss O'Brien.

Price for regular attendance in day school, equalled by Miss Mary Ellen, Blanch McEwen, Maggie O'Brien and Miss O'Brien, and obtained by Miss O'Brien, and obtained by Miss O'Brien.

Price for regular attendance in day school, equalled by Miss Mary Ellen, Blanch McEwen, Maggie O'Brien and Miss O'Brien, and obtained by Miss O'Brien, and obtained by Miss O'Brien.

Price for regular attendance in day school, equalled by Miss Mary Ellen, Blanch McEwen, Maggie O'Brien and Miss O'Brien, and obtained by Miss O'Brien, and obtained by Miss O'Brien.

Price for regular attendance in day school, equalled by Miss Mary Ellen, Blanch McEwen, Maggie O'Brien and Miss O'Brien, and obtained by Miss O'Brien, and obtained by Miss O'Brien.

The Daily Intelligencer.

TRAIN SERVICE.

Subscribers in the village along the line of the railway will receive their copies of the Daily Intelligencer at the following places, instead of at the Post Office:

STURGEON.—At the drug store of Dr. G. H. Sturgeon, M. P. P.

CAMPBELL.—At the office of Mr. Thomas Oliver, who will also act as agent for the Weekly Intelligencer.

HASTINGS.—Of Mr. David Morrison, at the Post Office.

MACDON.—At the store of Mr. O. G. Williams.

Extra copies of each day's issue can be obtained at the above places.

Daily Intelligencer.

Copies of the Evening Intelligencer can be procured at the stores of Messrs. A. Robinson, J. C. O'Connell and M. O'Connell.

Weekly Intelligencer.

Copies of the WEEKLY INTELLIGENCER are ready for mailing can be had at the business office, corner of Front and Market Streets, every Thursday. Price 5 cents.

J. M. HATES, NEWSPAPER ADVERTISING AGENT, 101 PARK ROW, (Times Building), NEW YORK.

Is authorized to contract for advertisements in the DAILY and WEEKLY INTELLIGENCER at our best rates.

Daily Intelligencer.

BELLEVILLE, MONDAY, JUNE 28.

Smelting Works at Belleville.

All the efforts of the local press, aided by the forcible letters from the Hon. Bills first published in these columns, and all the discussion in public and in private on the subject of the establishment of iron smelting works in this city, have hitherto amounted to nothing. True, a few letters to the people passed a sum of \$75,000 to Mr. Partridge, the great iron master of Hazelton, Pennsylvania, for the erection of smelting works, but the depression in the iron trade which set in shortly afterwards, caused the failure of that project, and to-day it seems no nearer realization than it was before the bonus referred to was voted. There is no other place in Ontario so favorably situated as Belleville with regard to the iron smelting business. Connected by railway with the finest iron mines on the continent, with limestone for fluxing at the very door of a furnace, wherever located within the city, having water communication with all ports on both sides of the lake, there is no condition wanting to the manufacture of iron here on the cheapest possible terms. But unfortunately the spirit of enterprise seems lacking in our midst, and we fear that the golden opportunity will be allowed to pass, namely that of making our city the site of the first iron smelting furnace in Ontario. It is to be hoped that the capitalists of the city to whom they are told that Toronto is moving in the matter, and unless timely action be taken will forestall Belleville in entering into the business of iron smelting. As other kindred industries will be beyond doubt clustered around the smelting works, and as the first in the field will reap the greatest advantage in that respect, the importance of the statement will at once be seen.

Our information on this point is derived from the Mail of Saturday, which reports the proceedings of a meeting held in that city on the previous evening, to consider the project of constructing locomotive works in that city. Mr. Robert Bradford, the report informs us, "stated that Mr. Worts had told him that he would extend the Nipissing railway to the Snowden iron mines in order that the ore might be brought the more readily to the smelting works at Toronto." Should this project be carried out with the energy which usually characterizes the business men of Toronto, a serious blow will have been struck at the prosperity of Belleville, and it will be good-bye to the prosperity of the city in that direction. Toronto is not favorably situated as a location for the smelting business, as the limestone which is used for flux must be conveyed a considerable distance to the smelting works, either by canal or by railway, necessarily incurring large expenses, while it can be had in Belleville in the most accessible and attainable quantities. It is possible to get little more than the expense of quarrying.

Nature has given every possible advantage to our city, and if Toronto or any other place be allowed to take the lead in the matter, it is the fault of our own people. It is exceedingly desirable that, if any action is to be taken, it should be taken at an early day.

PROBABLE MURDER.—News has reached Ottawa of a probable murder at Buckingham. From what can be ascertained it appears a man named William Honey committed a breach of the peace there. When Constable Morrison undertook to arrest him, Honey resisted, and firing the officer was too much for him drew a revolver and shot him. He then escaped and has not since been captured. The wound, it is thought, will prove fatal.

RAILWAY INQUIRY.—A despatch from Montreal, June 28th, says:—"The Evening Christian Beacon, of the firm of G. M. Weber & Co., piano makers in this city, was drowned at Kingston while trying to cross his little son. It appears Mr. Weber's son was on bathing, a life being put out of the boat for him to get hold of. He lost his hold and was in danger of drowning when the father jumped out of the boat to rescue him, causing it to capsize. They both struggled in the water trying to make for the shore, but the small weight of the boy was too much, and he sank first."

RAILWAY INQUIRY.—A despatch from Montreal, June 28th, says:—"Mr. Bailey, Chief Engineer of the Toronto & Ottawa Railway, has arrived here en route for Ottawa. He is expected to be thoroughly overhauling the old line and making changes where they are desirable."

NOTES BY THE WAY.

TRIP TO HASTINGS.

When the thermometer is in the nineties it is a relief to get away from the heat and noxious miasms and stifling dust of the city, and breathe the pure, invigorating atmosphere which is to be found out in the broad fields, on the hillsides and in the valleys. Whether you walk through the meadow or ride over the highway or thunder along the iron track, the change from the close air of the city to the pure air of the country is most welcome, and can only be appreciated by those who enjoy it. Saturday afternoon in company with Mr. Brennan, the Superintendent of our local Railroads, the writer took a trip to Hastings over the Grand Junction Railway. Others besides were glad to get away a brief hour from the dust and heat and business cares and worry, to catch a sniff of the fresh air, and spend the quiet rest of the Sabbath day amidst a cool and shady retreat. Once out from the smoke of the city, and the pestilential vapors which rise from a hundred dirty cesspools, the air is fresh, and cool, and redolent with the sweet perfume which comes from flower and field and forest, and the eye feasts upon the smiling fields of waving grain and the beautiful panorama which Nature in her loveliest garb spreads out before you. It is a welcome change, and how the little ones laugh and crow and jump as they watch the ever-changing scenery—the green fields, the tall trees, the frightened by the shrill scream of the locomotive, galloping across the fields, the cattle quietly feeding in the valley, the sheep and lambs scattered over the hill-side—as we rush with lightning speed over the iron highway—past farm houses and school and church—now plunging into the thick of the forest, thundering over railroad bridge, winding along the hills, and the ever-changing scenery of the valley, and emerging out into a level plain, where are broad fields of meadow, of barley and oats and wheat, and rye and peas, in most luxuriant growth—past orchards heavily laden with fruit which will soon be yellow and russet and golden—past hamlet and village, until near the station, when the little ones discover the coast railway alongside the river, and recognize the waters at the door and on the steps waving their handkerchiefs, which form a responsive welcome from the windows of the cars. Then there is clapping of hands and ringing laughter, and faces wreathed with smiles, as they anticipate the realization of their dreams. Happy dreams! Little nippers! Let them crowd as much of mirth, of jollity, of pleasure, of happiness into the few brief hours which are theirs—let them kick and jump and romp and play to their heart's content, for the days will come soon enough when they will have to battle with the stern realities of life—when their laughter will have turned into sorrow, and the romp and play will become the dreary duty of an unending toil. Let them be merry and happy when they can, and may, and who amongst us who have crept up into the thirties, and forties and fifties, but would be glad to take their places and live our young days again? We have no doubt that the happy group at Campbellford and steam up grade to Hastings, which is reached about seven o'clock.

Since the Grand Junction Railway was taken hold of by the contractors a great improvement has been made in the condition of the track. The Superintendent, Mr. Brennan, who appears to know what he is doing, made a thorough inspection of the road early in the month, and finding out the defects at once doubled the section gangs and commenced making repairs where most needed. In low places the road bed has been raised, the kinks taken out of the rails, new ties laid down, ditches made, culverts repaired, and the work of putting the road in first class order gone on with. Already a very great difference has been made in the condition of the road, and when the work is completed, which will be in about ten weeks, the road will be in capital order. No less than forty-five men are now engaged on the different sections making these repairs. Several additional freight cars have been added during the week, so that now the road will be able to furnish sufficient accommodation to carry the freight, which seeks an outlet by this route. Four greenies are now upon the road, two having been lately purchased from the Grand Trunk Railway Company, and negotiations are now in progress for two more, which will make six in all; there are now three passenger cars, and arrangements are being made for the purchase of several more, so that the demand for excursion parties may be supplied. There are ten new box cars, ten new ore cars, and ten new flat cars, the latter having arrived to-day from the London (Ont.) Car Works.

The extension of the railway to Peterboro' is progressing rapidly, and there is little doubt but that the road will be completed and open to Peterboro' by the first of October. The contractors have abandoned the idea of going over the Oubourg road, and are going into Peterboro' by an independent line. This will necessitate the building of a bridge over the Oubourg above the locks, which will be nearly three hundred feet in length. It will be seen by advertisement that tenders are asked for the building of this bridge.

The Bridge across the Trent at Hastings is rapidly assuming shape. It is about three-quarters of a mile above the station at Hastings and is 400 feet in length. There are seven piers and two abutments all of which are complete—there is one span of 500 ft on each shore, two spans of 100 feet, and in the centre is a swing bridge, with two clear openings of 60 ft each. The third span is now being raised, the superstructure has been framed, and it is expected the bridge will be ready for the iron by the 15th of July.

Mr. Dinwiddie, the contractor, has the contract for two other bridges on the Road—one, a pile bridge over the river Ouse, about 320 feet long, and the other over the Indian River, which will be a Queen Truss 144 feet in length.

The distance from Hastings to Peterboro' is about 22 miles; of this 14 miles are already graded, 4 are under way, and with the staff of men now employed, numbering about 350 men, it is confidently anticipated that the road will be completed and in operation by the first of October. So much so.

Tweed Notes.

Some of our Tweed folks were rather surprised on Thursday last by the appearance of two red coats in the village, non-commissioned officers in search of rifles, &c., &c., belonging to Her Majesty. I have no recollection of its capturing six rifles, which were fraudulently carried away by some unscrupulous persons, as they should know better, as any man acquainted with the regulations, or should be better informed, the law is very pointed on the subject.

We had a grand shower in the vicinity of Tweed this evening (Friday), everything in the farming line looks excellent.

A friendly game of quoits was played in the village this evening by 8 teams, and T. McCaig, McCaig's side, won by one point, when the others paid for the ice cream for the whole.

New Regulations.
The Canada Gazette of Saturday contains the following:
His Excellency the Governor-General has been pleased to declare by authority of the 6th section of 40th Vic, chap. 10, that the duty to be levied on tomatoes in cans and canned meats shall be at the rate of two cents per pound, which rate shall include the duty in cans and the weight on which duty is payable shall include the weight of the cans. He has also been pleased to declare under the authority of the 6th section of chap. 10, 40th Vic, that the rates of duty to be exacted on car wheels and axles of steel, or of iron and steel, shall be 25 per cent, ad valorem, on roll bars, channels and angle and I steel, or iron and steel, 10 per cent, ad valorem.

News Condensed.

—Casoots is rapidly filling up with visitors.
—Dundas is still plying horses to Winnipeg.
—Robert Fulton, Falkland, suicided by shooting.

—Sir Hugh Allan has sailed for England by the Moravia.
—The City of Toronto, is now plying on Kingston route.
—The Civil Service Commission met yesterday with closed doors.
—Lanark extended the time of its bonus to the T. & O. Railway.
—Hamilton has received plans for a new hospital to cost \$25,000.
—The army-march is marching through New Hampshire.

—Robert Hill, of Jarvis, Ont., died in New York on the 26th from stroke.
—A forthcoming union is that of Lord Duff, plan with Miss Vanderbilt.
—A man named Dabbie, was killed by lightning on the 26th inst.
—Sir Charles Tupper will probably sail for England next week on public business.
—A young couple were killed by lightning near Ottawa on the 26th inst.
—The steamer Francis was burned seven miles below Carleton on the Ottawa on the 26th.

—Robert Fulton, 7th son, of Pakenham, committed suicide on the 26th by shooting himself.
—The death of Mr. James E. Smith, Manager of the Bank of Commerce, Stratford, is announced.
—The millers' strike in Detroit has been closed. The masters gave in to the demand of the men.
—The city of Montreal has effected a loan of \$200,000 on the Bank of British North America, for 5 per cent.

—Sir Alexander Campbell will act as Postmaster-General during the Hon. John O'Connor's absence in Manitoba.
—Andrew Kippie, host at the Ball Inn, London, Ont., was attacked by a vicious cow on Friday and had an eye torn out.
—His Excellency the Governor-General, accompanied by his brother, Lord Campbell, has left Quebec to join H. R. H. Princess Louise at the salmon fisheries.

—The postmaster of Liverpool, N.S., is said to be in financial difficulties, his accounts with the Dominion Government being about \$3,000 short.
—The continued drought and heat cause great alarm on Long Island. The crops harvested yielded one quarter what they should have done, but there is little pasture for cattle.
—The other day Messrs. Macdonald, Macpherson & Co., of Stratford, received an order from their agents at Winnipeg for agricultural machinery, to the amount of nearly \$7,000. It is the sum.

—The ex-directors of the Consolidated Bank are preparing to sue—Sir P. Hicks, A. J. Reekie, John Rankin, Hugh McKay, W. W. Ogilvie, and John Grant. The Toronto ex-directors are not to be prosecuted.
—The Governor of Buenos Ayres has declared the secession of that Province from the confederation of the Argentine Republic. At last reports the city of Buenos Ayres was besieged by the national troops and fighting was going on.
—Statistics show that more shipwrecks and collisions occur on the coast of England than anywhere else, as the shipping and commerce of the world centre in the neighborhood; but they are less times lost frequent than twenty years ago.

—The river at Burlington, Ia., seven miles wide, yesterday rose eight inches. The extent of damage by the flood cannot be over-estimated. The whole country and neighborhood are under water. The crops are completely washed out.

MORNING DESPATCHES. EUROPEAN.

London, June 28.—The Standard says it understands that after a somewhat excited meeting of the Cabinet a resolution was adopted to support Mr. Labouchere's motion to amend the vote of the House regarding Bradlaugh. The motion will not formally be made a question of confidence, but many Liberals who voted in the majority on the last occasion will abstain from voting on it. Bradlaugh addressed 10,000 persons at Northampton on Saturday, and after his speech a unanimous vote of confidence was passed. He also addressed a large meeting in London on Sunday. Various other meetings have been held in London and elsewhere in his favor.

AMERICAN.

BUCEN VISTA, Cal., June 28.—Last night an incendiary attempted to burn the Lake House, but was caught in the act, and was charged by a mob who fired several shots, fatally injuring an unknown man and severely wounding Gladys Moon and James Matthews. The crowd also attacked Judge Casey, but he escaped. The intention was to murder him. St. Paul, Minn., June 28.—During a fight in the beer garden at Fisher's Creek on Sunday, Ed. Brennan attempted to separate the combatants, and was struck with a loaded cane and killed.

RITON, Wis., June 28.—G. W. Dellinger's extensive flouring mills were burned last night, loss \$46,000.
New York, June 28.—Some of the largest sugar refiners in this city, Boston, Philadelphia and Baltimore, have proposed a combination to keep up prices.
Adolph Cook, of Morrisania, while lighting a bakery furnace with kerosene, was fatally burned by the explosion of the oil.

The army women seem to have mostly run their course, and among them, and have also nearly disappeared in Suffolk Co. Where from 300 to 400 tons of hay are or are likely to be every year, from present appearances not more than 25 tons will be gathered this season. All the crops are suffering from drought, but especially oats and grass. Wells and cisterns are running dry.

John Jacob Astor Bristol, eldest son of Chas. Astor Bristol, the famous Londoner, was sunstroke on 6th Avenue yesterday and died, aged 32.

Miss Ada Mark, an actress connected during the past season with Fanny Davenport's company, joined the Rev. Mr. Collyer's Unitarian church in this city, Boston, Philadelphia and Baltimore, have proposed a combination to keep up prices.

The heat yesterday drove people from the city in crowds to the adjacent watering places. 224 deaths were reported yesterday, the highest number for any day this year; 14 deaths were from sunstroke.

Jumped the Rail.

A SHOCKING SCENE ON A KANSAS RAILWAY.
SARGENT, Kansas, June 27.—Yesterday morning on the T. & S. F. R.R., three miles west of here, a train was running at the rate of twenty miles an hour when the smoking car jumped the track and the last two cars went over a five foot embankment. The engine and baggage express escaped. The scene in the cars was beyond description, women and children crying and screaming for help, men bleeding from wounds and crawling out of windows. One lady was caught between the broken seats and her husband lay unconscious a short distance away, while their child lay between them, killed. J. J. Jenkins, of Dubuque, Iowa, was killed. Mr. Keenan, of Arkansas, suffered a contusion of the brain. His wife was killed in the groin, back, and thigh, and both will probably die. Frank Whelan, of Campbellville, Canada, was injured in the back, and several others were badly hurt. Two physicians on the train rendered prompt assistance. It is supposed that the engine broke a rail while passing over it.

A LOVING JOKE.
A prominent physician of Pittsburgh said jokingly to a lady patient who was complaining of her continued ill health, and of his inability to cure her, "Try Hop Bitters." The lady took it in earnest and used the Bitters, from which she obtained permanent health. She now laughs at the doctor for his joke, but he is not so well pleased with it, as it cost him a good patient.

For Sale or to Let.
Twenty-five words under this head 25 cents first insertion. Each additional insertion 10 cts.

TO LET.—A house to let on Fern Street. A. L. BOUTART.

Solicitor for Mrs. J. H. Robinson. Dated June 25, 1880. dtw

PUBLIC NOTICE.

THE subscriber begs to apologize for any inconvenience his customers may have been exposed to this last day or two, from not having their bread delivered as usual. Mr. Legale was suddenly taken ill, and everything was for a moment in the greatest confusion. It will be some time before the new driver can get acquainted with the run of custom, but he will do his utmost to pick it up as rapidly as possible. Meaning if there be a chance will kindly leave word at the shop, they will be attended to immediately. As it takes a long time to make entries of small sales, and is in other respects very unsatisfactory, the driver has been instructed to make no such entries, but to give his bread for CASH ONLY. Paris having an open account with please call at shop for TICKETS, as the driver is not permitted to dispose of any except for CASH.

P. H. HAMBLAY.

The 49th in Camp.

From our own Correspondent.

Saturday was another day of hard work. As anticipated in my last, Companies 1 and 2 went to the battle and put in their full practice, under the supervision of Major Butler and then they were sent to the front. The rounds from the shoulder at 200 yards, and five rounds each at 400 and 500 yards were shot by each man. On the whole very fair shooting was done; the best, of course, being done by the rifle team of No. 1 Company.

In camp the usual parades of the remaining companies took place. The change in the law regarding canteens is not working well. If liquor could be obtained occasionally, but remain sober. As it is now there is no canteen permitted, and just as unnecessary interference with men's liberty always produces rebellion more or less marked as the men defy the authorities of the law and smuggle bottles of whisky into camp, and the usual consequence is seen. The Legislature is responsible for any wrongdoing that has taken place. It refuses to make prohibition general because it does not believe in it. It is a pity that the military authorities should have to serve the country in a military capacity if it denies them a right which as a civilian it would deem unjust to deprive him of. This is an anomaly and an injustice and should be corrected. It is in the wrong direction the officers of the 49th are fully convinced by practical experience. Col. Brown opposed it in the House, knowing from his long experience that the result would be as it is.

WHEAT.—The Kingston *Whig* says,—"These interested in mining will be pleased to learn that the prospects of the Mississippi mine are being realized. The more extended the operations become the purer and better the quality of the ore appears. The owners have evidently struck a 'bonanza'."

THE CATTLE TRADE.—Mr. F. R. Lingham left this morning for the east to make arrangements for the employment of a number of men who will take charge of the shipment of cattle for the first of the season to the country, from New Zealand to London. The cattle will be shipped on the *Recher*, a new, large and very fast steamer, which is to make the passage between Auckland and London in forty days.

THE STEELING ELEVATORS.—The elevator of Messrs. J. Haggerty & Co. at the Railway Station, Stirling, is almost finished, the roof being on, the siding done, and only a small portion of the inside to be completed. It is a most substantial building. The other building, which stands only a short distance from Haggerty's, is nearly ready for the roof. Both will be ready for the fall trade.

JONES V. GRANT, Toronto.—In the Court of Queen's Bench, Toronto, on the 26th. The plaintiff, while standing at the station at Belleville had his eye injured by the explosion of a fog signal placed upon the track. A non-suit was entered at the trial. A rule nisi for a new trial was obtained in term. The Court held that there was no evidence of any negligence on the part of the defendants, and that the placing of the fog signal was not traced to any of their employees. Rule discharged.

SERIOUS ACCIDENT.—At about 9:20 last night, Harvey Brown, a brakeman on the Grand Trunk Railway, missed his footing when on the top of a car, and fell to the ground. He was picked up at once, and a summons was despatched for Dr. Williams, who on examining the patient, found that he had dislocated one of his ankles, besides breaking a small bone of the same, and also hurt his spine seriously. He is suffering severely, and it is feared that the effect of his injuries will be to permanently incapacitate him for work. Mr. Brown, who has for a number of years been a resident of the city, has been particularly unfortunate, having been seriously injured about a year ago.

ADAM FORBES' GREATEST OF ALL GREAT SHOWS.—THIS FAMOUS COMBINATION of Menagerie, Circus, Trained Animals, etc., is to exhibit here July 12th. The present is the sixteenth annual tour of the establishment. A sensational feature of the show is a troupe of fifteen performing elephants; they all appear in the arena at the same time and execute an elephantine dance, form pyramids, play upon musical instruments, and engage in a series of military evolutions. Among the myriad of attractions in the circus is that of firing a man from a cannon, which is loaded with powder, and discharged in full view of the audience. All the riding is upon barebacked horses, and the veteran manager claims that he has the largest tented exhibition ever seen in the United States.

POLICE COURT.—(Before A. Diamond, P. M.)

SATURDAY, JUNE 26. LARCENY.

John Armstrong was charged with stealing a linen lap robe, the property of Mrs. McManis. Prisoner elected to be tried summarily. He was acquitted.

HOUSE-BREAKING.

Maleo, Taugher and Wade, who had previously been before the Court on two occasions, were again brought up. Further evidence was heard, which resulted in the acquittal of the parties.

John Ryan, who was found under suspicion of the robbery of the house of Mr. Gunn, G. T. R. Station Agent, was remanded until Wednesday.

MONDAY, JUNE 28. DRUNK AND DISORDERLY.

Joseph Labrache was discharged.

MARINE NOTES.

The steamer *Alexandra* did not arrive yesterday morning, having been delayed by taking an excursion party to Montreal to Quebec on the 23rd.

The new schooner *Flora* arrived yesterday with coal for Messrs. Rathbun. Surveys are being made at Oswego for the improvement of the harbor. By judicious blasting and dredging, it is thought that vessels drawing fourteen and fifteen feet may be able to navigate at low water with safety. It is in view of the fact that such vessels are expected through the canal next year that these alterations are being made.

The Detroit *Free Press* says that, in round numbers, 3,000,000 bushels of grain were shipped to the East by canal during last week, while the amount afloat on the canal is not far from 5,000,000 bushels. These figures indicate the magnitude of the grain movement this season.

A new schooner, built at Picton during the past winter, was launched on Thursday afternoon. The schooner is named *Enterprise* and has been lying at Picton since last fall, it being fitted out for service.

The schooner *Provincetown* has arrived from Oswego, light and is taking on lumber at the Eagle mill.

The steam barge *Saxon* left on Saturday night for Sudbury with iron ore.

"TRADER," the newest wonder for whitening the teeth, delightfully refreshing the mouth, and trying to be a friend to the patient, irascible, popular Dentist of the day.

BOOKS' ARMS SALVE.

A Wonderful Discovery.

For the speedy cure of consumption and all diseases that tend to exhaust the system, such as Asthma, Bronchitis, Hay Fever, Asthma, pain in the side and chest, dry Cough, Sore Throat, and all chronic or lingering diseases of the throat and lungs, Dr. Kier's New Dispensary is the only one established for itself a world wide reputation. Many leading physicians recommend and use it in their practice. The formula from which it is prepared is highly recommended by all medical journals. The clergy and the press have complimented it in the most glowing terms. Go to your druggist and get a trial bottle free of cost or a regular size for \$1.00. For sale by J. W. Clarke & Co.

The Purified Seed Washes you Made.
A combination of Hope, Buchu, Marsh-mallows and Dandelion, with all the best and most powerful purgative herbs. It is the most perfect and the greatest Blood Purifier, Liver Regulator and Skin Beautifier. It is made on a scientific basis.

They get new life and vigor to the aged and infirm. In all those who are employed in the rapid irregularity of the modern world, the mind and body are worn out. An Appetizer, Tonic, and mild Stimulant, like Hildegarde's, are necessary to restore the system to its normal condition.

No matter what your age, whether you are a young man or a young woman, or an old man or an old woman, don't wait until you are fully fed or miserable. If you are young, you will find \$500 will be paid for a cure for your ailment. If you are old, you will find \$500 will be paid for a cure for your ailment. If you are young, you will find \$500 will be paid for a cure for your ailment. If you are old, you will find \$500 will be paid for a cure for your ailment.

Remember, Hildegarde's is not a medicine, it is a food, and it is not a tonic, it is a food. It is not a medicine, it is a food, and it is not a tonic, it is a food. It is not a medicine, it is a food, and it is not a tonic, it is a food. It is not a medicine, it is a food, and it is not a tonic, it is a food.

P. I. C. is a standard and irrefutable cure for all ailments, and it is a food, and it is not a tonic, it is a food. It is not a medicine, it is a food, and it is not a tonic, it is a food. It is not a medicine, it is a food, and it is not a tonic, it is a food. It is not a medicine, it is a food, and it is not a tonic, it is a food.

For Trenton.....	Daily, at 8 a. m., and 2 p. m.
For Belleville.....	Daily, at 3 p. m.
For Trenton.....	Daily, at 3 p. m.

Daily Intelligencer.

BELLEVILLE, WEDNESDAY, JUNE 30.

City and Vicinity.

No PAPER.—As to-morrow will be a statutory holiday, the Daily Intelligencer will not be issued.

FIRST PAGE.—Some correspondence and other matter which has been deferred will be found on the first page of to-day's issue.

EXCURSIONS.—Attention is again directed to the advertisement of the Ogdowill's excursion to Massena Point and Trenton to-morrow.

HARVESTING.—Numbers of poor people have of late been securing their annual harvest of firewood, which they obtain by stripping the saw-logs of their bark. Very large quantities of fuel are thus obtained.

THE DRIVE.—The drive down the Moira of saw logs and other products of the forest is very nearly completed. The tail of the drive yesterday passed Stinson's dam, about two miles up the river, and by the early part of next week all the logs, &c., will be in the boom at the mouth of the harbor.

CRICKET.—The Belleville Cricket Club will meet their old-time opponents of the Port Hope Club in a match game here to-morrow. So far this season the Port Hope players have not done so well as usual, but they will to-morrow present a strong eleven, and the game is sure to be an interesting one. The local club will be represented by the following players: Dean, Mayne, Corby, Thomas, Jenkins, Reay, Pedin, Walbridge, Kemp, Frowell, and Clarke. This is the same eleven that defeated Oshawa on the 18th inst.

RAILWAY NOTES.—Could not the Grand Trunk authorities have the tracks on the east side of the station cleared when passenger trains are about to arrive? Such action is very desirable. The passenger traffic on the Grand Trunk yesterday evening was very heavy. The express from the east, which consisted of ten cars, was thirty-five minutes late. It was followed by a special passenger train of six cars, the train having been divided on account of the large number of passengers. Mr. T. H. Cooper, Assistant Superintendent, made a visit of inspection here yesterday.

FOREIGNER'S GREAT HERD OF ELEPHANTS.—Forsburgh's Great Combination of Menagerie, Circus, and Trained Animal Show, which is to exhibit here on the 12th July, has more performing elephants than ever have been seen on one time on this continent. Eleven elephants all appearing in one grand pyramid of 5 O'Leary Elephants in Military evolutions, two African Elephants in acts of Equitation, and one Siam Elephant, walking the tight rope. These ponderous brutes represent a cash outlay of nearly \$300,000.

SCHOOL EXAMINATION.—The semi-annual examination in connection with school No. 3, Tyendinaga, was held in the school room on the forenoon of Friday, the 26th inst., and was conducted by the teacher, Mr. Garrett. In the afternoon the pupils of the schools of Miss Downs (who certainly seems a very lively and energetic teacher, and to whom the success of the picnic is principally due) and Mr. Garrett, accompanied by Mr. Rayburn's Groom, near the Bay of Quinte, where a bounteous repast was served by the most prominent ladies of the two sections, Mesdames J. C. Maracle, D. Claus, D. Maracle, T. T. Claus, Brant, M. Claus, the Misses Hill and Porter. Among those who attended we noticed the Rev. Mr. Baker, Messrs. M. Hill, A. Oulberson, J. J. Maracle, Brant, Roberts and Porter, and friends from the cities of New York, Toronto, Ottawa and Kingston. After all had regaled themselves heartily, they spent the remainder of the afternoon very pleasantly in croquet-playing, swinging, dancing, boating, and in the way which Mr. Hill, to whom all present felt greatly indebted, kindly furnished his beautiful yacht, and on the occasion, and in various other amusements till the indication of a severe storm at 5:30 p. m., when all having had a general good sociable time, concluded that it would be advisable to immediately depart to their respective homes.—Cont.

SUCKER.—The proceeds of the garden party held at Mr. Dunion's on Friday night last, amounted to \$75.

THE IRON TRAIL.—Property seems to be about to return to the iron trade, as it is stated that three of the mines which were recently closed will be put in operation again at an early day.

BARBAR.—The barabar held by the ladies of St. Thomas' Church yesterday proved to be highly successful. There was a large attendance during the day and evening, and the receipts will show a goodly total.

FIRE TANK.—The new fire tank, erected by the Corporation at the corner of William and Hotel Streets, was being filled to-day. No. 2 engine was doing the work, the water being forced up hill through 2,750 feet of hose.

ONE HUNDRED PERFORMERS.—The Buffalo Amateur Performing Company's great show, says that no troupe ever came to this city and introduced one hundred performers into the arena, previous to the advent of Forepaugh's great show. It will exhibit here, July 12th.

THE TRENTON CELEBRATION.—The steamer *Armenia* will make several trips between Belleville and Trenton to-morrow, stopping at the camp ground each trip. She will leave Belleville at 10 a. m. and 2:30 p. m., and Trenton at 11 a. m. and 4 p. m.

GOOD TIME.—Mr. Stephens' new steam yacht is seemingly likely to prove fast, as she made the run from Kingston to Clayton—a distance of 25 miles—on her way to Belleville, in 2 hours and 10 minutes, or at the rate of a little more than 11 miles per hour. This is very good time for a small craft, with new boiler and machinery.

W. T. A.—The following were the officers elected for the ensuing year for the Workingmen's Temperance Association: President, Brother W. J. Diamond; 1st Vice-President, James Cunningham; 2nd Vice-President, Hugh Walker; Recording Secretary, A. D. Walker; Finance Secretary, Geo. Maiden; Treasurer, A. McKeown; Conductor, Z. Soles; Assistant Conductor, Osborne; Warden, Nulty.

PERSONAL.—Mr. George F. Austin, C. E., passed the morning inspecting the work to be done in the harbor, in company with Ald. D. B. Robertson, Chairman of the Harbor and City Property Committee. Mr. Austin, who has just made a complete examination of the route for the Murray Canal, reports that he found no rock, up to a depth of 22 ft., although it was previously stated that the rock existed at a depth of 5 feet from the surface. This is most encouraging news, and will further tend to ensure the construction of this important work.

MINISTERS AT BATH.—On June 29th, Sir John A. Macdonald, accompanied by Sir Leonard Tilley, visited the scene of his childhood at Bath, having been invited to attend a picnic given by Father McWilliams, the Roman Catholic priest of Bath, and his congregation. There was a very large attendance, including Messrs. Kirkpatrick, McQuig and McKory M. P. Sir John was presented with a highly complimentary address. Sir Leonard, in the course of a very able speech, pointed out that the N. P. had worked well, and pointed out that wages in several lines of business are being increased. The revenue for the year, he stated, would be \$14,800,000, instead of \$12,000,000 as formerly, or \$300,000 more than he had estimated. Sir John also expressed much satisfaction with the working of the tariff, and stated his confident belief that the Pacific Railway would not be in the end cost Canada a single farthing. At this moment, he said, there are a number of capitalists offering to build the road, desirous of taking it off the hands of the Government. These offers are under consideration. The picnic was a great success.

Cobourg.....Tuesday.....2nd November.

Belleville.....Monday.....8th November.

Cheese Market.

A downward tendency has characterized the cheese market during the past week, until buyers ask themselves when will it reach bottom. Buyers laid heavily on their purchases during the early part of the season, and some failures are reported in consequence, which adds to the demoralized state of the market.

It would seem that the large shipments have been the principal cause of the depression of the market, which could only be remedied by a curtailment of production; but, as we have seen remarked, with the remembrance of the sudden and unexpected loss of last fall, there is small chance of a curtailment of the production this season. Yet we would say that any one building hopes upon a sudden rise in price again, is building on the sand, with every chance of disappointment.

The total shipment from this section during the past week was about 4,000 boxes, one quarter of which went forward in consignment.

No cheese was shipped during the week that cost over 70¢ per lb., and to-day the choicest make will only command 70¢.

The cable to-day stands at 45¢, against 55¢, last week, a fall of 10¢ during the week.

There was no cheese market held here to-day, as the last meeting of the Board is expected to be held on Saturday next.

The next cheese market will be held on Saturday, July 3rd.

TAKING FOREIGN CAPITAL.—The New York State Bill to tax the capital of foreign banks doing business in this State one-half per cent on the average of all sums used has been signed by the Governor.

The probable effect of this legislation will be the withdrawal of millions of foreign capital from the New York money market, and not improbably a very cheapening of money in Canada, as a good deal of Canadian capital is invested in New York, and English capitalists may also transfer a part of their money to the Dominion for investment.

The Bearbrook Murder.

Five Persons Arrested as Accessories—A Description of the Fugitive.

OTTAWA, June 29.—In connection with the Bearbrook tragedy it is understood that the intention of the Russell Council to give a reward to the parties arresting Henry. Dill, a great search has been made in the woods surrounding Bearbrook. Constable Carruthers has arrested four of the Harrison family, also Mrs. Wm. Henry, as being accessories. He was in the city last night in search of her. The following is a description of the escaped man:—About six feet high; dark complexion; wears a moustache; a high forehead, with a deep frown across his brow; heavy eyebrows, and very rough skin; has a front upper tooth out; a little stooped.

The Rifle.

THE IRISH AND AMERICAN MATCH.

DOLLYMOUNT, June 29th.—The weather to-day was cloudy, but not threatening. The wind was straight on the target, which was unfavorable for high scoring; the air was tolerably clear and soft; 200 members of the Royal Irish Constabulary arrived to preserve order. At the 500 yards range the American team scored 436 out of a possible 450 and the Irish 436; at the 600 yards range the Americans scored 437 and the Irish 428; at the 1,000 yards range the Americans scored 420 and the Irish 416. The correct grand totals are:—Americans, 1,299; Irish, 1,280.

Correspondence.

Whit correspondents will be accorded space for the expression of their ideas on topics of public interest, if it is in a line understood that the views so expressed are simply those of the correspondents themselves.

To the Editor of the Intelligencer.

Dear Sir:—The correspondent who sent you a notice of the concert given in Marmora, on the 10th of June, in aid of the English Church gave the names of the ladies, who kindly assisted that evening, with the exception of one—I refer to Miss Helen Parker of Stirling, who played very beautifully the accompaniments for many of the other singers, (she and Miss Pools of Malco, were the only ones who did play) and she sang as well—some excellent songs—one of them especially, called "The Fire," a very difficult piece was most effectively rendered, and gave great pleasure to the audience.

I cannot think your correspondent intentionally committed the error, but it seems strange that the name of the lady who did so towards the entertainment, should be omitted, when the names of the other ladies, who took part that evening, were given.

Mr. Gilbert Parker, of Frankford, gave recitations and also a song that was received with great applause.

JUSTICE.

Marmora June 28, 1880.

AFTERNOON DISPATCHES.

SAN FRANCISCO, June 30.—Closing score at 11 p. m. Scott 503; Reid 500; Eaton 471; Callahan 460; Edwards 451; Guerrier 446; Danier 434; Sheridan 404. This closed the original match, but the management arranged with the leading pedestrians to continue 5 days longer. Those remaining on the track to compete with fresh contestants each day for a hundred miles.

MIDDLTON, N. Y., June 30.—A fire at Liberty this morning destroyed the dry goods store of Seales & Purvis, and the hardware store of John Wales. Loss \$22,000; incendiary.

NEW YORK, June 30.—Arrived the *State of Nevada* from Glasgow, Australia from London. Arrived Oshawa.

PANAMA, June 30.—The Jesuit chapel were thronged on Tuesday in the Province. At 11:00 a. m. 500 persons, headed by the Chairman of the committee of commerce and waited on the terrace to express sympathy. The last of a series of meetings held in Paris in the Cirque de Hiver to protest against the Jesuit decree, a considerable crowd assembled outside the building, and blows were exchanged between the mob outside and those issuing from the building. In the Deputies yesterday, Paulin Passet made an ineffectual attempt to make political capital out of the foregoing affair.

QUINCY, June 30.—Arrived *Helvetia*.

LONDON, June 30.—A telegram has been received confirming the despatch that peace was concluded.

Buenos Ayres, June 30.—A telegram reports a defection among the provincial troops. This probably signifies that the inhabitants of the city were brought to their senses by the firm but moderate course President Avellaneda has exercised pressure on the Governor of the Province.

PARIS, June 30.—An immense crowd evaded, still composed of the upper classes were flocking all day yesterday to the principal Jesuit establishments. Thousands signed the visiting book, and carried off flowers as mementoes.

WEATHER REPORTS.

TORONTO, June 30.—Probabilities for the next twenty-four hours: for the lower half, moderate to fresh wind, mostly southerly to westerly, line hot weather.

WASHINGTON, June 30.—Indications: lower lakes, particularly, occasional rains.

A LOVING JOKE.

A prominent physician of Pittsburgh said jokingly to a lady patient who was complaining of her continued ill health, and of her inability to cure her, "I hope Bitters!" The lady smiled and said, "I have tried Bitters, from which she obtained permanent health. She now laughs at the doctor for his joke, but is not so well pleased with it, as it cost her a good price."

False Impression.

It is generally supposed by physicians and the public generally that dyspepsia cannot be cured, but we are pleased to say that GREEN'S AUGUST FLOWERS has never, to our knowledge, failed to cure dyspepsia as our Liver Complaint in all its forms, such as Sour Stomach, Costiveness, Sick Headache, Palpitation of the Heart, Indigestion, bad taste in the mouth, etc. Out of the 50,000 on commission, this last year, not a single failure was reported, but thousands of complimentary letters received from Druggists and Physicians. These three will relieve any case of dyspepsia. Sample bottles 10¢; regular size 50¢. For sale by J. Clarke & Co. and L. W. Yeoc.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by Dr. J. C. Williams, of Lowell, Mass., and is sold by all druggists and chemists. Send for it to the Rev. J. C. Williams, Lowell, Mass., or to J. C. Williams, 21, Ave. New York City.

A Wonderful Discovery.

For the speedy cure of consumption and all diseases that lead to it, such as stubborn Coughs, neglected Croup, Whooping Cough, Asthma, pain in the side and chest, dry hacking cough, tickling in the throat, Hoarseness, Sore Throat, and all chronic or lingering diseases of the throat and lungs, the *Keweenaw* New Discovery has no equal and has established for itself a world wide reputation. Many leading physicians recommend and use it in their practice. The formula from which it is prepared is highly recommended by all medical journals. The clergy and the press have complimented it in the most glowing terms. Go to your druggist and get a trial bottle free of cost or a regular size for \$1.00. For sale by JAS. CLARKE & CO.

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Swelled Feet, Chapped Hands, Chilblains, Corns, and all kinds of Skin Eruptions. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by JAS. CLARKE & CO.

Commercial.

BELLEVILLE MARKETS.

INTELLIGENCER OFFICE, Belleville, June 30, 1880.

The grain market during the last week has been dull as usual at this time of the year. Wheat has a downward tendency, \$1.10 is about the highest price paid for the best samples.

Flour is lower, at \$5.25 to \$5.50 wholesale and \$5.75 retail.

Other grains nominal in the absence of receipts.

Butter and eggs are scarce and in better demand. For good well butter 15¢ is paid. Eggs common as high as 15¢ per dozen. Dealers paying 12¢.

There is no change to note in hides and sheepskins. Dealers are worth from 60¢ to 65¢ each. Call skins 10¢ per lb.

Wool has not changed during the week, being quiet at 27¢ per lb.

WHEAT—\$1.05 to \$1.10.

BARLEY—50¢.

RYE—55¢ to 70¢.

OATS—35¢ to 37¢.

PEAS—60¢.

BUCKWHEAT—45¢ to 50¢.

METZEL—5¢ to 10¢ per pound.

HAMS—8¢ to 12¢.

BUTTER—12¢ to 15¢.

EGGS—12¢ to 15¢ per dozen.

HIDES—\$5.00; \$8.00, for inspected.

SHEEPSKINS—Sheepskins—25¢.

FEATHERS—60¢ to 65¢.

CALF SKINS—15¢ per lb.

LAMB SKINS—45¢.

WOOL—27¢ per lb.

LARD—8¢ to 10¢.

TALLOW—Rough, 24¢.

FEATHERS—60¢ to 65¢.

CARRIAGE—40¢ per doz.

POTATOES—75¢ to \$1.00 per bag.

EGGS—Wholesale, \$5.25 to \$5.50 per bbl.

FEATHERS—60¢ to 65¢.

HAY—\$8.00 to \$10.00 per pair.

CHICKENS—30¢ to 40¢ per pair.

DUCKS—30¢ to 40¢ per pair.

GESE—35¢ to 50¢.

TURKEYS—50¢ to \$1.25.

TORONTO MARKET.

TORONTO, June 29.—Fall wheat, No. 1 \$1.05 to \$1.07; No. 2, \$1.03 to \$1.05; No. 3, \$1.01 to \$1.03; No. 4, \$1.00 to \$1.02; No. 5, \$1.00 to \$1.02; No. 6, \$1.00 to \$1.02; No. 7, \$1.00 to \$1.02; No. 8, \$1.00 to \$1.02; No. 9, \$1.00 to \$1.02; No. 10, \$1.00 to \$1.02; No. 11, \$1.00 to \$1.02; No. 12, \$1.00 to \$1.02; No. 13, \$1.00 to \$1.02; No. 14, \$1.00 to \$1.02; No. 15, \$1.00 to \$1.02; No. 16, \$1.00 to \$1.02; No. 17, \$1.00 to \$1.02; No. 18, \$1.00 to \$1.02; No. 19, \$1.00 to \$1.02; No. 20, \$1.00 to \$1.02; No. 21, \$1.00 to \$1.02; No. 22, \$1.00 to \$1.02; No. 23, \$1.00 to \$1.02; No. 24, \$1.00 to \$1.02; No. 25, \$1.00 to \$1.02; No. 26, \$1.00 to \$1.02; No. 27, \$1.00 to \$1.02; No. 28, \$1.00 to \$1.02; No. 29, \$1.00 to \$1.02; No. 30, \$1.00 to \$1.02; No. 31, \$1.00 to \$1.02; No. 32, \$1.00 to \$1.02; No. 33, \$1.00 to \$1.02; No. 34, \$1.00 to \$1.02; No. 35, \$1.00 to \$1.02; No. 36, \$1.00 to \$1.02; No. 37, \$1.00 to \$1.02; No. 38, \$1.00 to \$1.02; No. 39, \$1.00 to \$1.02; No. 40, \$1.00 to \$1.02; No. 41, \$1.00 to \$1.02; No. 42, \$1.00 to \$1.02; No. 43, \$1.00 to \$1.02; No. 44, \$1.00 to \$1.02; No. 45, \$1.00 to \$1.02; No. 46, \$1.00 to \$1.02; No. 47, \$1.00 to \$1.02; No. 48, \$1.00 to \$1.02; No. 49, \$1.00 to \$1.02; No. 50, \$1.00 to \$1.02; No. 51, \$1.00 to \$1.02; No. 52, \$1.00 to \$1.02; No. 53, \$1.00 to \$1.02; No. 54, \$1.00 to \$1.02; No. 55, \$1.00 to \$1.02; No. 56, \$1.00 to \$1.02; No. 57, \$1.00 to \$1.02; No. 58, \$1.00 to \$1.02; No. 59, \$1.00 to \$1.02; No. 60, \$1.00 to \$1.02; No. 61, \$1.00 to \$1.02; No. 62, \$1.00 to \$1.02; No. 63, \$1.00 to \$1.02; No. 64, \$1.00 to \$1.02; No. 65, \$1.00 to \$1.02; No. 66, \$1.00 to \$1.02; No. 67, \$1.00 to \$1.02; No. 68, \$1.00 to \$1.02; No. 69, \$1.00 to \$1.02; No. 70, \$1.00 to \$1.02; No. 71, \$1.00 to \$1.02; No. 72, \$1.00 to \$1.02; No. 73, \$1.00 to \$1.02; No. 74, \$1.00 to \$1.02; No. 75, \$1.00 to \$1.02; No. 76, \$1.00 to \$1.02; No. 77, \$1.00 to \$1.02; No. 78, \$1.00 to \$1.02; No. 79, \$1.00 to \$1.02; No. 80, \$1.00 to \$1.02; No. 81, \$1.00 to \$1.02; No. 82, \$1.00 to \$1.02; No. 83, \$1.00 to \$1.02; No. 84, \$1.00 to \$1.02; No. 85, \$1.00 to \$1.02; No. 86, \$
